Dear ATV Club Member,

We have been asked to contact our members in regards to the Wind Towers that could be placed in the area of our trail system. Please check yes or no below stating that you are or are not in favor, and if you desire add a comment to support your decision. We ask that you respond before January 20th to Mike Gilbert, 24 Twelfth St, Berlin NH 03570. Or e-mail your response to:

bmercieratv@gmail.com

Thank you

My reply noted below

YES	NO

Signatures (optional)

COMMENT
If the wind towers obstruct the trail net work then I'm against the towers, but if the towers do not take away from the trail net work I'm okay with the towers going up.

Dick Stratford

COMMENT As this nation needs alternative energy I'm in favor of the wind towers, however I am concerned about the "save the wolf" - "tree huggers" that will be attracted to them and once here will try to close down the trail system as they are doing in the lower half of the state! I am the trail administrator for the Bound Tree ATV Club and we are constantly losing trails in the name of land conservation by tree hugger groups.

COMMENT For heaven's sake, wind towers are all important to the health of our planet. If anyone doesn't care for the way they look, they can turn their eyes in another direction — or close them altogether. Maybe, if [illegible] global warming [illegible] lives —

P.S. Happy New Year, Mike!
