Petition to Save New Hampshire Landscapes. Deny Northern Pass Application.

Please sign this petition to urge the New Hampshire Site Evaluation Committee to protect the environment, scenic value and communities of New Hampshire by denying Northern Pass the permission to **ruin our landscapes and scenic roads**.

Northern Pass is a high voltage transmission line to conduct electricity from Quebec to southern New England. Northern Pass will cut a swath through New Hampshire's pristine forested mountains, wetlands, and streams and rivers. Wildlife habitats will be damaged due to clearing and construction of the 15 story high transmission lines.

Tourism is central to the economies of many of the communities along the proposed route. People are drawn to our forests and mountains to enjoy the views, hike, and visit iconic New England small towns. **Northern Pass will drastically change the landscape and have far-reaching impacts on our tourism-based economy. This project will dramatically alter precious landscapes, jeopardize recreational tourism, and disrupt waterways.** The Northern Pass does not belong either above ground or on our scenic New Hampshire roads and forests.

It will also upturn small scenic byways, Main streets, and cultural sites. Small roads will be destroyed to bury the transmission line, and in small communities this may affect the response times of emergency vehicles. Property values will decline, and foundations and wells may be affected by the blasting necessary to bury the transmission line.

If the project is ever to be built in New Hampshire, it should be buried on interstates, like I-93, where it won't impact local property values, endanger our wells and waterways, or threaten the scenic vistas that are quintessentially New Hampshire! Eversource says I-93 is not an option, so we ask you to sign this petition to **STOP NORTHERN PASS**!

This is a grass-roots petition initiated by NH citizens opposed to Northern Pass.

Northern Pass Power Line Opponents

Recipient: New Hampshire Site Evaluation Committee

Letter: Greetings,

I have signed the petition to deny the Northern Pass application. Please preserve the scenic value of New Hampshire and deny Northern Pass.

Aaron Cockrell	Easton, NH	2016-10-05	I care about the scenery and repercussions this project will have in my community and surrounding communities.
Patricia O'Brien	Easton, NH	2016-10-06	There has been no proof this power is needed. It will only being harm to our precious White Mountain State. These hydro dams have destroyed thousands of acres of pristine wilderness and valuable habitat. They will only provide temporary low level local employment. There is nothing good about this for New Hampshire.
Sarah Brubaker	Keene, NH	2016-10-06	I care deeply about the overwhelmingly negative environmental & aesthetic impact of the proposed line
Woody Miller	Franconia, NH	2016-10-06	Hydro-electric power is not green and we need to develop green local energy sources that do not require long ugly means of transportation.
Irene Lambert	Littleton, NH	2016-10-06	NoNorthern Pass - please protect the environment, scenic value and communites of NH by denying Northern Pass permission to ruin our landscapes, mts., wetlands, and streames and rivers. Our wells if undergroung. NO NO NO
Carole Fultz	Franconia, NH	2016-10-06	I urge the Evaluation Committee to protect the environment, scenic value and communities of New Hampshire by denying Northern Pass the permission to ruin our landscapes and scenic roads.
Tom Braun	Boston, MA	2016-10-06	I do not want our beautiful lands to be destroyed by these wires even if they go underground. Nor do I want to live near these high powered wires.
Susan Freeland	Philadelphia, PA	2016-10-06	I am signing because it is of utmost importance that this project does NOT ruin our landscapes and scenic roads. THIS is what makes our NH so special!!!
Joan McGowan	Franconia, NH	2016-10-06	I am in strong opposition to the Northern Pass and the impact it would have on our landscapes and scenic roads.
Lydia Cumbee	Franconia, NH	2016-10-06	Northern Pass has to be STOPPED!
Carl Lakes	Easton, NH	2016-10-06	I Love NH. It is a place of immense beauty. We must protect its vistas and protect the people from intrusive private corporations that value money over the environment. Don't forget Northern Pass is party to massive environmental destruction in Quebec. NH cannot be a facilitator to this travesty.
Fredericka Lisa Elander	Squamish, BC, Canada	2016-10-06	I lived in this area for many years and it is utterly worth preserving as it is. Please deny Northern Pass permission to ruin this beautiful part of the world.
bridget henry	Franconia, NH	2016-10-06	there is no need for this - and it is a shame to ruin our environment and views for the sake of earning some people and companies lots of money.
Dennis Ford	Franconia, NH	2016-10-06	I know the terrain along route 116 in Easton NH. There is no way that a power line, buried under the pavement, can be installed without closing the road for extended (read days, weeks or longer) periods of time. State of New Hampshire regulations say that the reasonable flow of traffic, especially in an emergency, shall not be interfered with.
Thomas Allen	Franconia, NH	2016-10-06	Northern Pass is planning on burying power lines using unsafe methods in residential locations where it would not be safe to bury power lines. .
Robert Chase	Franconia, NH	2016-10-06	Franconia, NH. Small town. N.Pass to go in my front yard. They are trampling small towns, which will be torn up for several years. Should be all underground on Rt 93 corridor if even approved at all.

william mellekas	Franconia, NH	2016-10-06	I'm signing this petition because I care about the future of Northern New Hampshire!
Russell Cumbee	Franconia, NH	2016-10-06	These greedy monsters need to be stopped.
Lucille Wolf	Little Compton, RI	2016-10-07	I care about the landscape and the lives that would be impacted. Bury it down the I93 corridor or don't build it.
Bryan Kelly	Franconia, NH	2016-10-07	I oppose the NP due to the drastic impact it will have on the environment and the historic residential neighborhood; negatively impacting tourism, farming, wildlife, wetlands, streams, rivers and mountains in the immediate area.
Colleen Farrell	Weymouth, MA	2016-10-07	I am an AMC member, and I enjoy the beauty of time in New Hampshire's mountains and lakes and want to preserve this unique habitat for future generations as a place of natural beauty.
Kevin O'Brien	Littleton, NH	2016-10-07	The impact on the landscape, one of the few sssets left in the North Country, will be dramatic. We don't need to be the e tension cord for southern New England or the financial savior of Eversource!
Eric Meth	Franconia, NH	2016-10-07	Northern Pass will have a drastic negative impact our New Hampshire community's economic, environmental and social life with no discernible benefit. The project's proponents have been anything but transparent in how they expect to accomplish this project.
Tricia Monaghan	Franconia, NH	2016-10-07	I wish to protect the environment
Bob Thibault	Franconia, NH	2016-10-07	Canada's Hydro-Quebec and Eversource - formerly NH Public Service - propose to run roughshod over Northern New Hampshire's defining quality of scenic beauty purely for their private profit gain of billions of dollars. Don't let it happen.
Ruthann Benson	Franconia, NH	2016-10-07	I am also concerned about the negative health effects that would result from the Northern Pass.
Toni Woodruff	Franconia, NH	2016-10-07	Northern Pass is a Canadian project that will visually, negatively, impact the north country of NH, an area that depends on tourism as a huge part of its economy. This project will not benefit NH, but send energy into the populated areas of southern new england. We do not need or want this project and have been fighting against it for over 5 years.
Kathleen Kelley	Randolph, NH	2016-10-07	I am sure these high voltage towers are not necessary. I am also concerned that the people in Coos County will pay the dues without any benefit. Our electrical power delivery system is very out of date and needs to be replaced to attract more investment in business opportunities. We need a strategic answer that enhances the tourism economy and other business opportunities in Coos.
Heather Adamson	Squamish, Canada	2016-10-08	This area is one of the most beautiful places I know. I would not want that to be compromised when there are alternatives to such an expansion of the power grid.
lorne tipoett	Salt Spring island, Canada	2016-10-08	I think it is great that Canada/ Quebec is able to generate enough power to send extra down to New Hampshire, however, not at the cost to local resident's the environment..etc. Please consider the alternatives,
Anabella Massimilla	Bristol, CT	2016-10-08	I dont want my homestate to lose its appeal just so we can provide power for other states. Sorry but we will lose money in our state if this happens. They say it will provide jobs.....OKay for how long..maybe a year or so and then once its built...no more jobs....Not worth killing land that we will never get back.
Cort Roussel	Franconia, NH	2016-10-08	Because The Northern Pass is not socially responsible energy, period., as the troubles start at the head waters, not just the US-Canadian border.
Mary Kate Rathbun	Wolfville, Canada	2016-10-08	Northern Pass should be built alongside or buried along interstates so that it will not impact the forests, lakes and small towns on its route.

Kristina Beck	Nelson, Canada	2016-10-09	As a society we tend to take short cuts and destroy essential elements of our environment for the wellbeing of our long term health environmentally and for all species that enhabit the Earth. If the priority and intention was to move power from one location to another while ensuring minimal damage to the environment I believe another way would be found. This does not even touch upon the issues of 'green power' .
Robert Sherburn	Franconia, NH	2016-10-09	because it's going rate through my door yard, less than 50 feet from where I live. I also don't think we need it
Darcia Kohuska	Calgary, Canada	2016-10-09	The natural world seems to take second place to progress and development. I'm not against either of those, I am against sacrificing the natural landscape when options exist (like a buried line) or positioning the line along side an environment that is already disturbed (like a highway).
Bob Tuveson	Holderness, NH	2016-10-10	We should do this with present day technology and bury NP along Route 93.
carol currrier	Ashland, NH	2016-10-10	I am a landowner who will be directly affected by this line, having to drive under it to get to my home. Land has been in my family for 71 years. Bury it if it must happen.
Bette Abdu	New Hampton, NH	2016-10-10	Believe that protecting our scenic views and protecting our environment take precedence over commercial endeavors.
David Rivers	Campton, NH	2016-10-10	The technology exists that enables burial of these lines. All lines should be buried (safer, less ongoing maintenance costs, less negative effect on property values). Furthermore the current burial plans should be modified to avoid residential and downtown areas like Plymouth center; instead use RT 93 wherever possible. Additionally NH should collect a power corridor usage fee. This project could negatively effect every taxpayer in NH if not managed properly. If managed properly it should have a positive effect on all NH taxpayers.
Heidi Little	Sanbornton, NH	2016-10-10	I love NH
Dr Wolfgang Sterrer	Colebrook, NH	2016-10-10	The wanton, for-profit destruction of New Hampshires natural beauty, the state's most precious asset, is neither necessary nor acceptable.
Sarah O'connor-willmott	Concord, NH	2016-10-10	They need to bury the lines and save our health and our beatuiful landscape!!
Paul J Mercier Jr	Canterbury, NH	2016-10-10	Not only would this project destroy the scenic value of northern NH, it would destroy the value of our neighborhood right here in central NH. There is already an approved route from Canada to points south of NH were power is needed. Also, as Americans we should be investing in sustainable energy projects with planetary future orientation; not in short-term fixes designed to line the pockets of greedy industrialists or lobby-driven politicians. We need to do what is fair for all concerned and if we stop for a moment to consider the full and long-term cost of a project such as this, it would quickly become apparent that it is unfeasible as presently proposed by the developer.
Richard Harris	Colebrook, NH	2016-10-10	Because this project is flawed! It is environmentally unsound! It impacts the rural culture of the "Great North Woods"! Because it is a corporate boon doggle to line the pockets of its stockholders who have no conscience for the of the flaws of its outcome. It benefits no one in the area it is passing through. It has already impact the indigenous people of the Canadian north. Finally it does not meet the criteria of the example set by other such high voltage transmission lines being built or proposed!

Margaret Gale	Bethlehem, NH	2016-10-10	I strongly believe that ENERGY CONSERVATION should be the first, second, and third source of "additional" electric capacity. After that, truly renewable, truly green sources should be maximized, NOT HUGE HYDRO which will devastate forests that are the "lungs" of New England, and rivers that are the lifeblood of the Northeast. "The world has enough for everyone's need, but not enough for anyone's greed."
Gregg Marshall	Groveton, NH	2016-10-10	This is a bad plan for NH. Not needed for NH and will be bad for the tourism economy
Kris Pastoriza	Easton, NH	2016-10-10	The application is incomplete. Geotechnical and archaelogical data on the propose burial route is absent. Proposed lease terms would be a criminal expansion of existing easement conditions.
Robert Craven	Franconia, NH	2016-10-10	In NH, 100% of NP should be buried and with most of it along I-93, or the project should be cancelled. Why should NH residents suffer the visual blight of massive overhead transmission towers and lines and the reduction of their property values property values simply to financially benefit Eversource Energy and Hydro Qubec? ISO New England has not declared a need for this transmitted power to improve the reliability of the New England power grid. NP is simply a for-profit project which benefits southern New England; not New Hampshire.
Richard Johnsen	Colebrook, NH	2016-10-10	Tourism is central to the economies of many of the communities along the proposed route. People are drawn to our forests and mountains to enjoy the views, hike, and visit iconic New England small towns. Northern Pass will drastically change the landscape and have far-reaching impacts on our tourism-based economy. This project will dramatically alter precious landscapes, jeopardize recreational tourism, and disrupt waterways. The Northern Pass does not belong either above ground or on our scenic New Hampshire roads and forests. It will also upturn small scenic byways, Main streets, and cultural sites. Small roads will be destroyed to bury the transmission line, and in small communities this may affect the response times of emergency vehicles. Property values will decline, and foundations and wells may be affected by the blasting necessary to bury the transmission line.
Walter Palmer	Franconia, United Kingdom	2016-10-10	Northern Pass as proposed is an abomination and insult to the people of New Hampshire. The only reasonable decision by the NH SEC is denial of a permit for Northern Pass
Barbara Meyer	Franconia, NH	2016-10-10	If it's not on 93, it's not in NH.
Sam Conkling	New Hampton, NH	2016-10-10	I am a ROW landowner and I am opposed to this entire project.
Nina Gray	Winnetka, IL	2016-10-10	It is not a benefit to the landowners who abutt it, to the wildlife or to the tourist industry. It degrades the areas it touches and ruins views, brings-in little benefit to the state.
Dawn Steele	Franconia, NH	2016-10-10	These high voltage towers will destroy NH. Any transmission lines should be buried.
Elizabeth Stone	franconia, NH	2016-10-11	No to np!
Evelyn Ting	Franconia, NH	2016-10-11	The people of New Hampshire do not benefit but pay a hughle price in loss to the enviorment and small town culture.
Wendy Doran	Whitefield, NH	2016-10-11	My beautiful farm and state will ge severely destroyed by massive towers. Stop this now! Thousands of out of state visitors have visited North Country NH to see the foliage this year. NPT will rape our beautiful views. NH cannot be up for sale to satisfy the greed for electricity by Ma and Conn!!

Andrew Campbell	Lisbon, NH	2016-10-11	There is nothing positive about norther pass for the state of NH. Putting it through will only further prove that the profit for a few is worth more than the will of the people.
Melanie Fisk	Holderness, NH	2016-10-11	The project is completely antithetical to what we all should be working together for toward a sensible and sustainable energy future.
Donna Ryan	Plymouth, NH	2016-10-11	Preserve the beauty of nh. Go underground or around. No power to nh.
Gretchen Hesler	Franconia, NH	2016-10-11	It's wrong on every level!
Nicole Palmer	Franconia, NH	2016-10-11	I value natural beauty and think all steps should be taken to ensure my children get to appreciate pristine nature.
Laurie Boswell	Franconia, NH	2016-10-11	I do not see the need for the beauty of northern NH to be destroyed to benefit those who do not live here. There are alternatives.
Tammy Medanich	Exeter, NH	2016-10-11	It would be disastrous to allow the Northern Pass towers and transmissions lines to be built in the North Country. There's no buyers remorse option to undo the damage this project would cause. Think long and hard about that.
Eric Horan	Beaufort, SC	2016-10-11	We need to start thinking about what we're leaving our children and their children! Not this kinda short sided legislation!
Anita FarberRobertson	Thornton, NH	2016-10-11	I love the White Mountains- they were a gift to me that nes to be preserved for my grandchildren and their children and theirs beyond that.
Nadine Chounet	New Hampton, NH	2016-10-11	I will see this from my house rather than the lovely woods etc I see now. I do NOT want this decreasing my property value or spoiling my quiet.
Anne Drinon	Bow, NH	2016-10-11	I have been opposed to this project for 6 years now. This project is not needed for NH and will ruin the entire state with its above ground transition lines. Bury the entire project!!! Or do not allow it to be built.
Roberta Arbree	RAndolph, NH	2016-10-11	I do not want to see our landscape forever ruined.
Holly Hayward	Franconia, NH	2016-10-11	The Northern Pass will adversely affect the beauty of the North Country. We the people of NH do not want it.
Lynn Terres	Franconia, NH	2016-10-11	I oppose northern pass but if it must come it must be buried
Tina Murphy-Gargano	Franconia, NH	2016-10-11	I don't want Northern Pass in my town.
Cheryl Bertolini	Franconia, NH	2016-10-11	Leave the natural beauty if u want it that bad bury the lines I would rather it not be done at all!
Simon Baker	Lyman, NH	2016-10-11	I care about preserving the mountain landscapes and the tourist economy in this area
Patricia Kellogg	Littleton, NH	2016-10-11	We can do much better than the proposal we know today as Northern Pass. Big decisions shaping our energy future should make sense for New England's people, it undeniably special places, its local and regional economies, and the climate --not just big energy companies.
William & Lisy Meyers	North Haverhill, NH	2016-10-11	Northern Pass would cut down everything in its path all the way down through the state from Quebec. NH gains nothing but destruction, loss of habitat. We don't need their antiquated, gigantic electrical towers. Overwhelmingly, NH residents have opposed this for 6 years!
Paul Doolittle	Winchester, NH	2016-10-11	As proposed, northern pass will be directly behind our retirement home in Clarksville.
Jane Kellogg	Campton, NH	2016-10-11	I have been against this project since it was first proposed. I don't believe it is good for NH residents and will give us little benefit.
Christopher Goodhue	Oakham, MA	2016-10-11	I own property in the Easton Valley which would be directly impacted by Northern Pass.

KAREN PLACEY	MERRIMACK, NH	2016-10-11	As a landowner in Pittsburg and West Stewartstown (Northern Pass tried to buy our land in Stewartstown) I am totally opposed to this project. The state of NH is one of the most beautiful state and it does not need to be destroyed by a project that is only for money hungry powerful companies. NO NORTHERN PASS!
Brenda Erler	New Hampton, NH	2016-10-11	I am against Northern Pass, but if it is to be built, it needs to be buried in its entirety, and preferably underneath existing roadways. In that way, New Hampshire might actually reap some tax benefits.
Peter Grote	Franconia,, NH	2016-10-11	Northern Pass should not be allowed to take command of Franconia's Main Street and connecting scenic roads in perpetuity.
Jodi Ovens	Bethlehem, NH	2016-10-11	I live in the White Mountains and I would like to see our country and world invest in clean energy and not continue on the current trajectory of "old energy".
Steven Johnston	Boulder, CO	2016-10-11	I am from northern NH and have property within eyeshot of the proposed tower zone. This property is not to be developed and will remain wild. The Norther Pass Project is a genuine boondoggle and only serves big corporate interests and out of state energy excesses!
Alan Upham	York, ME	2016-10-11	Profits above all else for the few can no longer be tolerated or sustained.

Gidget Thomas	Duxbury, MA	2016-10-11	Keep Nh clean and un-spoiled by Human waste!!!
Keith Wright	Twin MT., NH	2016-10-11	You see how dry New Hampshire is that could start a forest fire one spark from their wires. Look at the personal houses will be damaging plus the property
Jon Wilkinson	Lancaster, NH	2016-10-11	I'm signing because the Northern Pass project is not about providing "clean" energy. It is about the "green" color of money the project would reap if it ever gets approval. And then it would only be producing "greed" energy.
Carolyn Hunt	Littleton, NH	2016-10-11	Deny this Private, For-Profit project. NH will have extremely Little Benefit and will bear the scars of this profit maker for decades! This energy is Not Needed, Not Wanted and should be DENIED!
Patrick McGuigan	Bristol, CT	2016-10-12	These power lines are disgusting looking.

Samuel Bird	Colebrook, NH	2016-10-12	I do not want NH used for MA and CT power supply.
Nick De Mayo	Sugar Hill, NH	2016-10-12	Northern Pass will ruin Northern New Hampshire's landscapes and scenic roads, and far-reaching impacts on our tourism-based economy. Northern Pass will be an economic and environmental disaster for the geography, economy, and people of Northern New Hampshire.
Kate Lombardi	Whitefield, NH	2016-10-12	This is a selfish project, which will participate in the destruction of the culture and beauty of New Hampshire.

Joanne Mogren	Sugar Hill, NH	2016-10-12	This will negatively impact the beauty of our area and hurt tourism and property values.
Kim McDade	Sugar Hill, NH	2016-10-12	This project is unnecessary and will destroy the scenic beauty of our wonderful state.
Cynthia Wheeler	Seminole, FL	2016-10-12	I own property in Boscawen NH and feel the Northern Pass will NOT benefit NH residents in the long run and there are options such as Follow Rte 93 UNDERGROUND or underground along old railroad beds are both improvements over high voltage electrical wires and towers above ground ! The receiving States should consider financing along with Public Utility Company.
David Binford	Orford, NH	2016-10-12	The Northern Pass is an obtrusive proposal that will damage the very nature of our State, it will not bring the jobs or energy to New Hampshire that have been claimed. We deserve better and we do not need to support a foreign government owned entity with our hard earned dollars.
Irene DePonte	Franconia, NH	2016-10-12	It will ruin the beauty of the area without serving the area directly, and expose NH to unnecessary electro-magnetic fields.
Jan Langer	Merrimack, NH	2016-10-12	New Hampshire does not need this project. it does great harm to the best part of our state.
Steve Segal	Exeter, NH	2016-10-12	Northern NH is dependent on beautiful scenery for their tourist industry. Take away the scenery you take away the tourists.
Anita De Ponte	Landaff, NH	2016-10-12	This is a sad destruction of one of our last vestiges of natural land.
Mike Marino	Holderness, NH	2016-10-12	Anything worth doing is worth doing right. The right way is full burial.
Lee Ann Moulder	Holderness, NH	2016-10-12	For over six years this ill-conceived project has been like a noose around the neck of New Hampshire's citizens. Either bury the the entire route of this project or better yet the Northern Pass executives and Hydro Quebec should just go away for good!
Denis Ward	Monroe, NH	2016-10-12	I'm signing because I believe we can have the power we need without ruining the landscape and the environment. It never was and never will be about providing power to New Hampshire residents.
Donna Reidy	Concord, NH	2016-10-12	Anything worth doing is worth doing right. The right way is full burial. This proposal favors another country and Eversource not NH residents. The majority of NH residents like trees and not towers!!

Donald Bilodeau	Gilford, NH	2016-10-12	The line will be above ground for 2.4 miles in Clarksville. Why can't you bury this short distance to save our beautiful viwes? Cost? Two transtion stations and extra towers at these stations ?
Deborah Warner	Littleton, NH	2016-10-12	Northern Pass is bad for the North Country landscapes, economy, property values, and tax consequences. It also is not beneficial for NH and exploits our state for foreign profit.
Leigh Starer	Franconia, NH	2016-10-13	We need to preserve our resource!!!!

Stephanie Scherr	Fitzwilliam, NH	2016-10-14	Northern Pass is not needed and is environmentally problematic. Earth just reached 400ppm CO2 and is unlikely to ever go back from that. No project that impacts climate or species in a negative manner should be considered under any circumstances. The Northern Pass would cause HydroQuebec to increase flooding of carbon-trapping forests. Not only will this reduce the ability to capture carbon, but it would release even more. The Innu Pessamit people of Quebec have been to New Hampshire and asked for our support in stopping the Northern Pass and gave us even more reasons to oppose it. The constant drastic fluctuations in water levels (40+feet) have caused the salmon to become nearly extinct. The people and their land have been negatively impacted and they've never received any kind of compensation. Further, your documents and literature suggest that they are in agreement with your proposal and they most certainly are not. New Hampshire has been saying NO to the Northern Pass for years now. Not one environmental group supports it. It does not replace any hydrocarbon/fossil fuel factory. We said no to the NED pipeline and stopped it and we're not going to support the Northern Pass. New Hampshire needs clean, green, renewable, homegrown energy and those are the only projects we'll be supporting. ECHOaction.org: #FossilFree603
Gail DuFresne	Rindge, NH	2016-10-14	There is no need for this pipeline in NH.
DAWN AQUINO	Temple, NH	2016-10-14	We need to protect our communities by denying Northern Pass the permission to ruin out landscapes.
steve tirrell	Litchfield, NH	2016-10-15	I lived for years near the hv dc line illustrated above. NH residents should not be asked to sacrifice land to build a line much larger than the one I lived near.

Susan Hunt	Bristol, NH	2016-10-16	This would be a blight on the landscape. But more important for a wildlife, and the environment, is that it would connect many previously unfragmented tracts of land.
Stephen O'connor	Norwood, MA	2016-10-18	My property abuts route 116 in franconia and this is not a suitable route for this line and significant disturbances with likely damage will occur with no benefit to local residents.

Brian Gagnon	Holderness, NH	2016-10-20	I'm signing this petition because it's clear this process is driven by private interests who stand to gain a fortune by circumnavigating and manipulating this processes, because the future of our energy infrastructure should be driven by what's best for the state and its residents, not profits, and because this project threatens the natural beauty of our state which is such a vital part of our heritage and essential to our quality of life. Sacrificing our way of life will not become a cost of doing business.
Eric Breslin	Somersworth, NH	2016-10-20	New England is sorely lacking in many progressive and current forms of renewable energy. There is simply no good, fair and honest reason why New Hampshire should sacrifice its economy and welfare for such outdated forms of energy supply. This, among the countless other reasons mentioned, is why Northern Pass must be stopped. For good. Time to move on - and forward.
Mark Templeton	New Hampton, NH	2016-10-20	I'm signing this because northern pass will not answer my questions truthfully. I have been blocked from their Facebook page after calling out their personal internet trolls from spreading propaganda lies and using scare tactics. northern pass is a company run by bullies and nothing the people of nh say will change their minds and plans to destroy nh. This project has to be stopped.

Eric Stevenson	Meredith, NH	2016-10-20	I am signing this petition because it is critical now more than ever that we protect New Hampshire's natural heritage and open spaces. No Northern Pass! Please deny their permit to move forward.
Terry McLeod	Woodsville, NH	2016-10-20	I don't want to see NH ruined with giant towers . The people that come here to see our beautiful mountains and forests will no longer want to come if our awesome scenery is gone. NH will be ruined in many ways if NP is allowed to build their towers. Once they are up they will be here forever and the most beautiful parts of NH will be marred for generations to come. Please don't let them ruin our beautiful state.
Rachel Breton	Derry, NH	2016-10-20	KEEP OUR LAND BEAUTIFUL! NORTHERN PASS CAN KISS MY ASS!
Robert Bower	Warner, NH	2016-10-20	I am opposed to Northern Pass
Carole Stankatis	Canterbury, NH	2016-10-20	I believe there is no benefit ti NH. It will destroy our natural beauty as well be a health hazard to humans and animals alike. I am also a land owner and realtor and I know it will devalue property as well the above issues. Devaluing property will affect owner, town, countys, vendors in realty trade, builders, building & landscape co. Farms raising produce and meat etc. etc. The negative affect is endless. No major increase in the employment field as they will use union labor from Canada to build and only a hanful of permanent employees to run station. To top it all off the power will not even be used in NH. Our state will be ravaged and raped to benefit a PRIVATE INDUSTRY. NO NO NO !!!
Sheila Bonfiglio	Lawrence, MA	2016-10-20	Please protect New Hampshire,No Northern Pass. Protect the tourist industry.
Jessica Yuscavitch	Dorchester, MA	2016-10-20	My parents live in NH along the route where this would be built. I believe in maintaining the forests beauty and keeping it the way Mother Nature intended to.
Lyon Jason	Holderness, NH	2016-10-20	Travel and Tourism is NH's second largest industry; it will greatly be effected in a negative way if Northern Pass is allowed to be placed above ground.
Christopher Anderson	Groveton, NH	2016-10-20	Save our region from this destructive NOrthern tresspass and the greed driving it.
Jennifer Yeaton	Plymouth, NH	2016-10-20	This will destroy our beautiful state and has no benefit for NH
Christopher Anderson	Groveton, NH	2016-10-20	NH must stand strong and not be bullied by those attempting to force this destruction on our region and our state. NH citizens, forests, and wildlife here comes first and NO is the only correct answer. NO to NOrthern tresspass!
Preston Weaver	Londonderry, NH	2016-10-20	I grew up in Plymouth, lived there till i was 24 or so, and still enjoy visiting as my parents still live there. This wont benefit us in any way, theres reason and it will destroy the north country. The jobs it would create to clear the land are only temporary it wouldn't take forever to do. There's lots to consider.
Maxwell Martin	Antrim, NH	2016-10-20	Do not allow our natural areas to be scarred by this project. We do not want this.
Debbie Wright	Franklin, NH	2016-10-20	Northern Pass will mar our natural landscape. If they would bury the whole line it would be a different story. Homes near the lines will see property values go down and never mind the health effects from these high powered lines.
Gail Scott	Chichester, NH	2016-10-20	I'm signing because I am opposed to the Northern Pass project. It does nothing for NH except rape the beautiful landscape. Please don't let this project pass.

Cynthia Martin	Lempster, NH	2016-10-20	I have significant concerns for the NH environment and its role as a habitat for wildlife.
jessica browne	Plaistow, NH	2016-10-20	I am signing this because I am against the Northern Pass.
Russell Wood	Seabrook, NH	2016-10-20	I do not think that a project like this should be allowed unless they are ready to spend the money and do what the local people want. Which is burying the line.
Eli Touma	Derry, NH	2016-10-20	Save the landscape
Michelle O'Brien	Reading, MA	2016-10-20	Protect our environment and get your dinosaur heads out of your dinosaur asses.
Patrick Lindley	Deerfield, NH	2016-10-20	No to the northern pass!!!!
Ashley Nault	Goffstown, NH	2016-10-20	My parents own a farm right in the path of northern pass
Brenda Pease	Franconia, NH	2016-10-20	It would be the worst thing to happen since the Old Man fell. I've lived in the White Mountains my whole life of 53 years.Please for the love of God, do NOT let this pass!!!!!
Merryl Goldman	Alexandria, NH	2016-10-20	Do not destroy the beauty of NH! The people have spoken louder than money!!!
Kristen Van Gelder	Plaistow, NH	2016-10-20	This has to be stopped. Stop ruining our environment.
Frank Wilich	Bethlehem, NH	2016-10-20	The only solution is complete burial of the line. Barring that, I implore you to deny.
Keryn Newman	Shepherdstown, WV	2016-10-20	As someone with NH roots that returns every year just for the scenery, the small towns, and the recreation that New Hampshire does so well, I urge you to bury this project in its entirety, or not build it at all. New Hampshire cannot afford to sacrifice its identity in order to act as a "fly over" state to ship energy to other states who don't want to junk up their own landscapes and communities with local renewables. Distributed generation, not more centralized generation!
Corry Hughes	Jefferson, NH	2016-10-20	It is bad for our planet, bad for New Hampshire, and catastrophic for the North Country! Reject Northern Pass!
Priscilla Crowley	Littleton, NH	2016-10-20	N.H. cannot be bought!
John Kollmorgen	North Hampton, NH	2016-10-20	This is insane.
Phyllis Drouin	Farmington, NH	2016-10-20	Because I don't want the landscape of our north country to change to service another state. Our property taxes are high enough to expect residences to add the cost of the construction to their budget is too great of a sacrifice to ask. No no no
Jorja Swanson	Ayrshire, IA	2016-10-20	As a person on the route of a proposed long haul power line I will say that these days are over. If companies have the cash to make such incredibly long, huge transmission lines then they have the money to bury them and save us all from the clutter!! That is if this power line is truly even needed.
Sally martin	Kittery, ME	2016-10-20	Protect our beautiful land and our water supplies. Protect our wildlife homes!
Courtney Stock	Deerfield, NH	2016-10-20	All the Northern Pass is a conduit to Massachusetts, and big money for Eversource. NH doesn't need it, or want it. And tell me why it is, with all the Transmission lines we have running through our state, WHY are we paying some of the highest rates in the country ????? Because no matter what they tell you, or how sweet the deal is, we will always pay more because they don't make any deals that they will lose any money on . And it is only temp jobs, and the Canadians will get a lot of that work. But the destruction of our beautiful country will be permanent !!!!! NO TO THE NORTHERN PASS !!!!!

Chad Pepau	Keene, NH	2016-10-20	NO to Northern Pass. Let's protect our environment!
Amanda Quinta	Keene, NH	2016-10-20	Because, I care so much for our mother earth. We need the alternative energy sources. It will bring jobs but they are only temporary and will be lost again. And we gain nothing from this

Michelle Sanborn	Alexandria, NH	2016-10-21	The New Hampshire Community Rights Network (NHCRN) was formed to support communities within New Hampshire that have enacted local rights-based laws to elevate their rights over corporate claimed “rights,” and protect themselves from harmful corporate projects. NHCRN was founded to educate communities and elected officials in New Hampshire about the right of local community self-government. NHCRN believes that sustainable environmental and economic development can be achieved only when the people affected by governing decisions are the ones who make such decisions. When for-profit corporations, such as Eversource, force projects into communities against the will of the people who are impacted, they are violating the rights of the people to collectively decide what happens, where they live. Eversource's decision to move forward with the Northern Pass project reveals the corporation's determination to exercise its "right" to profit at the cost of community rights to protect their own health, safety and welfare, economic sustainability, and natural environment. Communities impacted by the proposed Northern Pass project have overwhelmingly expressed opposition to this project through Master Plans, Resolutions, and the enactment of Rights-based Ordinances. Eversource plans to use New Hampshire communities as resource colonies for profit. NHCRN assists communities in elevating their right to protect themselves and the places they live, for the sake of the health, safety and welfare of residents, local economies, and environmental sustainability. The State is charged with protecting people’s rights – the most fundamental of all being the right of local community self-government, which is the right of people to collectively decide what happens where they live. NHCRN is opposed to the Northern Pass project: The people affected by this project must have the authority to make the final governing decision as to whether or not it moves forward. Sincerely, Michelle NHCRN Coordinator, Board of Directors www.nhcommunityrights.org

Dorothy Healey	Henniker, NH	2016-10-21	I am signing because I care about the environment and this variety of energy will soon be a thing of the past. It is unnecessary.
Katlyn Van Horn	Belmont, NH	2016-10-21	The Northern Pass would not only be detrimental to New Hampshire's natural beauty but would also reduce if not decimate our tourist industry-- taking away many of our jobs and profit from our state.
christopher sabbagh	twin mt, NH	2016-10-21	This project makes empty promises and would be devastating to our greatest natural resource
Ryan Lacasse	Nashua, NH	2016-10-21	We are at a point in hunan history where we have the technology and ability to improve our power grid without destroying our land. As the most advanced species on the planet it is our duty to protect all other natural life and the environment they and we live in. New hampshire is one of the most beautiful states in the country let's not ruin that.

Kendralee Corbett	Manchester, NH	2016-10-21	I'm signing because I don't want these huge power lines ruining our beautiful NH. They would go right in front of family owned land up north and ruin the beautiful views of NH into Canada. NO to Northern Pass!
Francine Bigney	Colebrook, NH	2016-10-21	As agricultural and manufacturing have gone by the wayside and high tech industry, ill suited for an area with less-than-reliable cell/internet service, now more than ever, we rely on tourism and the evergrowing population of second home owners and retirees who choose our northern NH location because of its beauty, pristine wilderness and open lines of sight. This project as it is proposed would simply ruin all that and more. Many have deemed it a potential blight on the landscape. It is more like a cancer that would spread creating a ripple effect of damage to our entire environment and everything that lives on it and in it. Thank you for reading this and please don't allow this project to ruin New Hampshire.

Kyle Amato	Berlin, NH	2016-10-24	We as a human race are the cause and effect of our economical problems. We must not let nature suffer for our lack of effort and failures. Born and raised in Northern NH, I can't bare the sight of this. Leave our sceneries alone. The native Americans who have passed on would truly weap at our country's methods for energy. It all breaks down to greed. Wanting more economy while thinking less of our environment. I am absolutely opposed to this on every level of conscience.
Lee Johnson	Kennebunk, ME	2016-10-25	The Northern Pass is an irresponsible and destructive action .... against our natural environment, the wildlife, humans!

Brian Frazer	Fall River, MA	2016-10-27	there is no need to build new transmission lines . Just rewire lines in use and cause no enviormential damage .
Gavin Palmer	Blacksburg, VA	2016-10-28	The White Mountain National Forest is a beautiful and unique place. It is one of the largest and least disturbed national parks on the east coast. Hydro Quebec is a massive energy company which states on its website: "Hydro-Québec takes every possible step to control the environmental impact of its major construction projects and day-to-day operations. We strive to reduce atmospheric emissions, preserve soil and water, protect biodiversity and promote sustainable consumption." Despite these claims, they have been fighting for more than a year for the approval to build towering high transmission power lines through pristine landscape and small towns in the white mountains that rely on tourism to the park. They claim that building through small farms, cutting down forested areas, or ripping up scenic county roads that twist between the mountains are the only options for their power line. However, Interstate 93 draws a very direct route through the park and would serve perfectly as a path for an underground line, ensuring easy access for installation and maintenance without causing any further damage to the natural landscape. Hydro Quebec maintains the stance that this is not a viable option, likely because it would cost them more money to build. It seems apparent that Hydro Quebec is trying to take advantage of small farms and towns to save themselves money, instead of sticking to their credo and doing the right thing for the residents of the white mountains and the environment. HQ makes more than $10 million dollars a year, they can afford to honor their commitment, but so far they have lacked the decency to put their money where their mouth is. Please support this petition to prevent the Northern Pass from becoming another permanent scar in the white mountain landscape, and encourage others to do the same.
Roland Peer	Falls Church, VA	2016-10-30	It is the role of the government to protect its people. Linda Dennis	Concord, NH	2016-11-02	I am absolutely opposed on many levels. I am even opposed to burying the lines.
Danielle Audet	Pittsfield, MA	2016-11-03	I am signing this petition because I used to camp in New Hampshire as a child with my father and would someday love to take my daughter there as well, carrying on that tradition. I would hate to see this project devastate their tourism and hurt them economically. I would also hate to see so much of their beautiful land and history destroyed. Katherine McCreary	Rockledge, FL	2016-11-03	I am a native of New Hampshire, now living in Florida. I have spent a lot of time in Maryland and Virginia, where high voltage transmission lines have ruined so many beautiful mountains, forests, fields, and rural landscapes. Please DO NOT let this happen to New Hampshire! It is really intrusive and degrades the beauty and attractiveness of the landscape as well as the rural nature of so much of the countryside.
Stephanie Parker	Plaistow, NH	2016-11-04	I care about the environment. We have many alternatives energy options besides paving a path from Canada to the US through our wooded forests and disrupting the natural habitat that we have been able to keep safe until now. In addition, we should be searching for additional ways top produce energy from within the US and create jobs by doing so here at home!
Deborah Beaton	Lancaster, NH	2016-11-04	I do not want the Northern Pass in N.H. we have so many businesses that rely on tourism we do not need big ugly towers on our landscape. We the people of N.H. should have a right to say no to this.

People come to NH to enjoy the beauty of the mountains, rivers, and forests. Not only will these towers destroy that, but wildlife will be effected as well. We've lived this long without the need of these powerlines, why now? Because some greedy company wants more money? Leave our state alone, and let us continue to enjoy all it's natural wonders.

They will get uglier over time as they rust. I do not think more jobs will be created whether or not they are buried. The energy is not going to our state. Tourism helps our NH economy. Who enjoys traveling on the New Jersey Turnpike with all the hideous power lines? The people of NH don't want it. Invest in solar. Big business always wins over the people...And all the other reasons people have already stated. NO to Northern Pass!

Ivy Garven	Johnson, VT	2016-11-10	NO
Michelle Chase	Charlestown, NH	2016-11-10	I'm completely against destroying our environment and our wildlife for this s project!
Shelba Dane	Loudon, NH	2016-11-10	To protect New Hampshire's beauty.
Corey Rowell	Ketchum, ID	2016-11-10	Originally from NH and would hate to come back to a ruined forest
Jennifer Carrier	Northfield, NH	2016-11-10	I'm a native of NH, know and love the north country and do NOT wish to see our beautiful landscape marred with destruction. Northern Pass will not be beneficial to NH.
Zach Gobeil	Salem, MA	2016-11-10	Trees Over Towers!
H. Paul	Colebrook, NH	2016-11-10	I say NO to Northern Pass.
Bousquet JoAnne	Sanbornton, NH	2016-11-10	Born and raised here, I LOVE OR BEAUTIFUL STATE. How about we try more energy reduction incentives???
NANCY LEPAGE	RUMNEY, NH	2016-11-10	We should not be destroying hundreds of miles of beautiful scenic places in our state so that a private Canadian company can sell its electricity to southern New England. The jobs will be short term but the destruction will be permanent.
MArcia Millard	W CHESTERFLD, NH	2016-11-10	New Hampshire should not be destroyed by these huge towers and the lies and greed of the backers of this project!!!!Stop it now
Richard Matias	Plaistow, NH	2016-11-10	Our landscapes and habitat will not sustain deforestation. Animals need homes and shelter. We need oxygen from the trees to survive. We need our gorgeous autumnal season to be left unscathed. I believe in nature and not money.
Katey Myers	Concord, NH	2016-11-10	No thank you! Can we PLEASE give Mother Earth a break!?! We don't *need* this. Some may want it... But, they need to be told no.
Sheryl Petra	Manchester, NH	2016-11-11	No, we have a beautiful state! Do not be greedy Governor just to line your pockets! Protect our landscape!
Paul LaRochelle	Alton Bay, NH	2016-11-11	This is bad for our state.
Lex Buzzell	Strafford, NH	2016-11-11	Bury it under the interstate. Let NH residents receive hydropower at a reduced rate, Then we can talk. Chris Sununu would be glad to sell out his state and line his own pockets.
matt dewitt	Contoocook, NH	2016-11-11	To protect the natural resources of NH.
Susan Francesco	Holderness, NH	2016-11-11	I believe the Northern Pass is bad, very Bad for NH. It will ruin our North Country, decrease our tourism and only line the pockets of the greedy. Say NO to this disaster.
Terrence McSally	Rumney, NH	2016-11-11	Terrence Mc Sally
Daniel Zajic	Whitefield, NH	2016-11-11	I'm not against the pass, but it should not become more visible than it already is. That would represent just the kind of disregard for the rural residents who we just heard from during this election. Spoiling the north country would be a kick in the teeth to an area that's already down. Don't you dare.
Maureen Westrick	Intervale, NH	2016-11-11	North of Concord, tourism is our life-blood. Northern Pass destroys our pristine views.

Timothy Osborn	Lisbon, NH	2016-11-11	This will not benefit NH and its residents in the long run. Frankly, it does nothing positive in the short run. I am for providing power from hydroelectric generation, but ruining a beautiful landscape to transport this power is an example of doi
Monica Gears	West kingston, RI	2016-11-11	I want to
David Kroskey	Hollis, NH	2016-11-11	Bury the lines or not at all.
Donna Baker-Hartwell	East Andover, NH	2016-11-11	We do not need this passing through our state. NH is turning to solar and wind one home at a time.
Amy Dauphinaus	Campton, NH	2016-11-11	I grew up here in the white mountains and now I choose to live here because of the recreational opportunities and beauty. Please don't take this away from us.
Elizabeth Tidd	Gilford, NH	2016-11-11	Bury those lines or nothing.
Denise Gonyer	Gilford, NH	2016-11-11	It would ruin the landscape of our northern county! Save the white mtns!!!
Margaret Foehl	Dover, NH	2016-11-11	I'm signing because I care about and value New Hampshire's environment and don't want it to be destroyed!
donna andruskiewicz	nashua, NH	2016-11-11	Not only the landscape the animals live there! Please have some respect for them and us...how do you sleep at nite knowing this is wrong and no one decent agrees with you. Please don't do it
Elizabeth Stevens	Ashland, NH	2016-11-11	I don't want to ruin the landscape of our beautiful state just for power lines. Bury it ...
vanessa rashid	Manchester, NH	2016-11-11	We need more beauty and less corporate American greed
Daniel Smart	Fryeburg, ME	2016-11-11	You don't need to ruin the whites for some bullshit power line.
Evan Ravenelle	Manchester NH, NH	2016-11-11	Because I don't want to see New Hampshire's landscape destroyed by more power lines.
Dan Boynton	Plymouth, NH	2016-11-11	Northern Pass is not good for NH and not good for the environment. Local energy should be our first choice.
Zach Anderson	East Kingston, NH	2016-11-11	I don't believe that the destruction of our environment is benefitial for the citizens of New Hampshire. It's not fair for all the others from neighboring states getting away from the bustle of urban areas to enjoy the serenity of nature either. New Hampshire prides itself on it's mountains and beautiful landscapes. Don't ruin it for everyone. Imagine what your younger self would think about your decision to support this.
Katherine Stroup	Lee, NH	2016-11-11	I believe that NH economy relies heavily on the tourist industry which relies on the scenic environment in the north country. AND there is no gain for NH.
Jessica Boynton	Campton, NH	2016-11-11	I don't believe that this project will provide the state with meaningful jobs and we do not benefit from from the energy. The project could however have a drastic impact on the environment and our tourism industry. The Northern Pass is NOT for NH.
Julie Mosher	Bow, NH	2016-11-11	Let's keep NH's natural beauty intact. Don't support the Northern Pass Project!
Hali Beckman	Jamestown, RI	2016-11-11	I believe in respecting and preserving a resource that can not be replaced. Some areas need to be preserved against man's development. The Notch's Beaty is a natural resource that brings tourist dollars because of it natural beauty. Keep big business out of this area.
Kimberly Stroup	Sugar, NH	2016-11-11	This Private, For Profit project is Not Needed To Keep Anyone's Lights On! It is the equivalent of putting in Walmart stores every 800' from the Canadian border down to Deerfield. Do Not Let This Happen!
Colleen Kendall Peters	Indian Orchard, MA	2016-11-11	I do not want to see destroyed what little natural beauty we have left!! Think of the loss of habitat for wildlife, please don't pass this!!

kevin fogg	poland, ME	2016-11-11	Ecological n scenic disgrace
Lisa Phelps	Barnstead, NH	2016-11-11	This will destroy far too much of the natural environment that is New Hampshire! The benefit is far outweighed by the cost.
Lisa Phelps	Barnstead, NH	2016-11-11	This will destroy far too much of the natural environment that is New Hampshire! The benefit is far outweighed by the cost.
Karen Obrien	Windham, NH	2016-11-11	I love NH
Mark Fisher	Chichester, NH	2016-11-11	I am opposed to the ruin of the landscape of NH when other options are possible (Solar, wind etc.)
Melissa Lang	Rochester, NH	2016-11-11	Our NH forests are precious and we deserve better than steel towers!
Bobbi-Jo Goulet	Weare, NH	2016-11-11	I want to protect NH's natural beauty. There must be other options.
Heather Benson	Cedar City, UT	2016-11-11	I love New Hampshire and want to see its natural beauty protected.
eclipse bloode	BELLINGHAM, MA	2016-11-11	I care about this planet, it needs to be cared for more than ever.
Kate Willard	Somerville, MA	2016-11-11	As a NH native, I want to protect the North Country. The alpine splendor needs no industrial additions.
Arthur Andres	Franconia, NH	2016-11-11	Please don't let this project sully our beautiful state. There are viable alternatives!
Lynne O Placey	Stewartstown, NH	2016-11-11	Leave our beautiful land alone. We treasure our beloved north country and no outside entity should be allowed to come in here and destroy it for greed's sake. Let us leave this beautiful land to our children and grandchildren unscathed.
Karen Currier	Holderness, NH	2016-11-11	I'm signing because the Northern Pass will not take us to the future where we need to rely on clean energy brought about by innovation. Also, the Northern Pass will sacrifice landscape & beauty & many NH towns' economies.
Darleen Placey	COLEBROOK, NH	2016-11-11	I don't believe this is fair to use our beautiful state for private gain from a foreign country!! There is absolutely no benefit to this project! It is actually dangerous! We want to protect our land and water for our children!
Jason Chevrefils	Concord, NH	2016-11-11	It does not benefit the public rather a private company
Jillian Williams	Litchfield, NH	2016-11-11	I'm signing because up north is my sanctuary. It is peace. It is where people go to breathe not to stare at towers.
diane gleason	concord, NH	2016-11-11	I don't want this in my backyard ! (literally).
Irene Oldakowski	Bethlehem, NH	2016-11-11	I want you to know that I was blocked by Northern Pass FB page because they didn't like the comments and facts about the project. They are manipulating the conversation about this project. I believe they are being dishonest about the support they have for this project.
Sean M	Somerville, MA	2016-11-11	Simply put, I love New Hampshire.
Justin Belanger	Barrington, NH	2016-11-11	I don't want power lines as a view of the NH landscape.....
Derek Stevens	Jaffrey, NH	2016-11-11	I'm signing this because I don't approve of the northern pass!!
Peter Ward	Waterville Valley, NH	2016-11-12	Put it undeground
Marissa OKeefe	Plymouth, MA	2016-11-12	Because I love the NH scenery since I was little. My daughter and I are in Northern NH multiple times a year (150+) visiting family and hiking the Whites. While I support job growth and economic expansion, I do not support destroying natural beauty to get there.

Anthony Dand	Worcester, MA	2016-11-12	Im signing because i have lived in new england my whole life. I spent most of my child hood hiking and exploring the forests of new england. And weather its hiking along the CT river or hiking mount manadnock i have nothing but good memories in the woods of new hampshire and it wouldnt be fair if my two year old daughter never got grow up and enjoy the same beautiful landscapes that i was able to
Chris Gelinas	Canterbury, NH	2016-11-12	Ruining our landscapes and scenic roads just to add more electricity to "the grid". Not even needed in NH.
Dana Noel	Epsom, NH	2016-11-12	Our forests are more important!
Jenniffer Carlisle	Londonderry, NH	2016-11-12	I believe it is time for us as a nation to chose renewable sources of energy that are sustainable.
Amanda Heald	Stewartstown, NH	2016-11-12	I Love my home's beauty. I was born and raised in northern New Hampshire and there is no good reason for my home to be destroyed. Some people think of a home as a house but my home is through the woods and all living creatures. We should be loving the earth instead of hurting it
Don Clifford	Strafford, NH	2016-11-12	I don't wish for the towers to be visible. Bury the lines all the way.
Niekie Doornbosch	Netherlands	2016-11-12	We're ending this destructive business so our youths and children can create a future of their own choosing.
Linda Donovan	Concord, NH	2016-11-12	Dangerous, eyesore, unnecessary - put it underground or don't put it anywhere!
Corey Browne	Suncook, NH	2016-11-12	No northern pass for New Hampshire it's wrong for New Hampshire
Asher Merrill	Sugar Hill, NH	2016-11-12	New Hampshire deserves clean AND unintrusive energy solutions. The Northern Pass doesn't satisfy our needs.
James Billings	South Boston, MA	2016-11-12	It is time to halt the march of unsustainable, climate destroying energy and invest in a sustainable future.
Jake Young	Weymouth, MA	2016-11-13	I'm signing because NH can not become like overcrowded MA with power lines and apartment buildings at every corner
Michelle Lambert	Manchester, NH	2016-11-13	I oppose ripping up our beautiful state to look like California.
Mark Langevin	Center Harbor, NH	2016-11-15	US energy independence. NH mountain beauty.
Troy Brouillard	Concord, NH	2016-11-15	N.P. will ruin New England wildlife habitats beyond repair. There will be so many negative impacts from the N.P., it can't be allowed to happen.
Sara Crowell	Lisbon, NH	2016-11-15	It will ruin the land.
Robert Holdsworth	North Conway, NH	2016-11-15	I'm signing because I oppose the Northern Pass. It will destroy the environment it passes over. Much of state econiomy is tourism based, so why would you do something to hurt that industry. Never mind the thousands of residents who will be impacted.
Zachary Schmidt	Savoy, IL	2016-11-16	I grew up in NH, currently live in Illinois, but will be moving back to NH in June 2017. This transmission line will leave a scar like no other to the pristine nature of the state without any financial or economical benefit to the citizens of NH.
Gale Galbreath	Newmarket, NH	2016-11-16	This project has nothing offer New Hampshire but a few short term jobs. It will cost us so much more than it is worth which is nothing.
stephanie chandler	Center Harbor, NH	2016-11-16	I disagree with the Northern Bypass completely.
Stephanie Westover	Bethlehem, NH	2016-11-16	I live very close to where towers are proposed. This is not what New Hampshire wants or needs.
Walt Rankin	Errol, NH	2016-11-16	I don't want to see the beautiful skyline broken by these UGLY high tension transmission structures. Bury the lines or find some other place to run the lines.

Name	Location	Date	Comment
Doria Bean	Bethlehem, NH	2016-11-16	I like our town the way it is..
Robin Williamson McBrearty	Concord, NH	2016-11-16	Northern Pass will not create jobs and NH already generates more electricity than it needs. MA, RI, and CT recently voted not to accept NP electricity. Hydropower is not environmentally hazard-free. Don't destroy our scenery, and our tourism industry, for a project with such dubious benefit. At least bury the lines. If they can bury under Lake Champlain, they can bury under existing right-of-way routes.
Rebecca Turlo	Alton, NH	2016-11-16	I'm signing because I want to protect NH beautiful views and wildlife!
KRISTINA ENNIS	Whitefield, NH	2016-11-16	I'm signing this because every time I look out my windows my beautiful view will be marred with tall ugly towers. I think it is wrong that most of the transmission lines will be buried except through our part of the state. Obviously they don't think we have enough money or votes to have the clout to stop this or have the lines buried. They say that putting in the lines will help bring jobs, but so will burying the lines.
Kurt DeVylder	Wolfeboro, NH	2016-11-16	I oppose this project in its entirety. It will not benefit NH residents in a material way on a long-term basis. Further, it discourages the use of energy alternatives such as solar power, which would be less environmentally damaging and more sustainable on a long-term basis.
Lynette Emerson	N. Stratford, NH	2016-11-16	I have been against NP from the beginning and an intervener since 2010
Mary Lynne Johnson	Mansfield, MA	2016-11-16	I live in the beautiful White Mountains and want them preserved for all!
Stephanie Haines	Peterborough, NH	2016-11-16	We need to preserve our greatest NH resource-the beauty of our state!
Mike Vogel	Wolfeboro, NH	2016-11-16	We are against this project unless it is installed underground in existing disturbed corridors, and does not cost NH any funding; since it appears to be of next to zero benefit to the residents of NH. A totally transparent plan and detailed approach needs to be proposed pre-acceptance of this project.
Erik Surabian	Portsmouth, NH	2016-11-16	Do not sell out OUR state due to greed--stop this atrocity! New Hampshire's landscape and nature is more important to us.
Jaime Arsenault	Wakefield, NH	2016-11-16	I don't want destruction of the land.
Stephanie Nigrelli	Plymouth, NH	2016-11-16	I do not want to see this beautiful land taken away to satiate a thirst for power
Erik Surabian	Portsmouth, NH	2016-11-16	I do not want my beautiful state's landscape to be ruined. Please don't sell out to greed, keep this atrocity out of OUR state.
Kori Dickinson	Whitefield, NH	2016-11-16	I do not believe this is the "future" for where we live. This is a project based upon money and greed and we need to protect what we have before it is too late.
Shaun Hagan	Carroll, NH	2016-11-16	This will be damaging to tourism and bring very few economic benefits to the people who live here. If it has to go through...bury it so it doesn't hurt the jobs of the people who live here.
Jim Fleming	Newmarket, NH	2016-11-16	Wind turbines. NOT transmission towers!
Paul Bernier	Stewartstown, NH	2016-11-16	Because the project would directly effect the area I reside in with unsightly towers and lots of radiation. Leave the pristine GNW as it is.
N A	Berlin, NH	2016-11-16	NH has already been littered with windmills, we don't need this in MY backyard. Nor should people loose there homes over this.
Audrey Goyette	Laconia, NH	2016-11-16	NH has no need for this power and should not suffer the destructive ramifications.
Nick Zrezartsev	Salem, NH	2016-11-16	Because we need to make our own energy not import it from shitty Canada. ENERGY DEPENDENT

Name	Location	Date	Comment
Irene Donnelly	Merrimack, NH	2016-11-16	It's dangerous & not beneficial to NH
Nicole Carchide	Manchester, NH	2016-11-16	Because N.H. is not an extension cord
Crystal Thompson	Campton, NH	2016-11-16	I'm signing because I have worked in the tourism industry for much of my adult life. This will leave a scar on our beautiful countryside that will have a huge impact on the tourism industry. Even the larger polls in the Plymouth NH area are disgusting and I have since moved out of Plymouth because they are such an eyesore.
cathy towle	Whitefield, NH	2016-11-16	This will destroy the natural beauty of our area, decrease our home values, impact tourism and related jobs in our area. Many people in area do not have pensions and the equity in their homes is what they have invested in for retirement. Please bury it all or just say NO.
Jacqueline Dubois	Derry, NH	2016-11-16	Leave mother nature alone!
john saffo	Woodsville, NH	2016-11-16	Private companies have no right to take our land ..our benefits for this are small and our impact is large
Karen Acerno	Raymond, NH	2016-11-16	Not right for NH.
Rocco Repetto	Lincoln, NH	2016-11-16	I don't want anyone or anything to destroy the state that I love the state I grew up in a state that's natural beauty needs to always be preserved
Priscilla LeBlanc	Rochester, NH	2016-11-16	There has to be a better way than this.
janis rose	conway, NH	2016-11-16	We need to preserve these National Forests! Having these gigantic towers, instead of running the lines underground like they could do, will forever change the landscape and lives of many.
Sharon Lee	Hillsboro, NH	2016-11-16	Why should some greedy profit seekers have the right to destroy the beauty of even 1 mile of our beautiful state. Go somewhere else, you are not welcone here!
Mathew Kipp	Manchester, NH	2016-11-16	We need to protect nature, which includes our views, mtns, lakes and forrest. Northern pass is an eye sore and doesn't benefit NH in the long term position.
Michele Tombarello	Derry, NH	2016-11-16	The corporate greed has to be stopped. We are killing our planet. Our state needs to stnd up and NO.
N A	New London, NH	2016-11-16	The Northern Pass project will be a blight on our landscape and impact tourism an important part of our state's economy.]
Melinda Buxton	New Ipswich, NH	2016-11-16	We need to preserve our state!
Kristen Jackson	Hampton, NH	2016-11-16	I do not agree with this project. There is no benefit to our state and we should not have to give up our land for another country's needs. The people of NH do not support this massive construction project that will scar our beautiful state. We need to protect our environment and stop destroying it.
Brian Hall	East Providence, RI	2016-11-16	I'm an avid backpacker, adventurer, and photographer. This proposal would damage the physical and economic well being of the people that treasure New Hampshire's beauty as well as ruin the ecological well being of the many flora and fauna, some of which are rare, in the area.
Tami Nason	Bethlehem, NH	2016-11-16	I am signing this petition because I love and respect the beauty of northern New Hampshire and its majestic White Mountains and want to see it preserved and protected for future generations. Please do not permit Northen Pass to scar the landscape and destroy this local and natural treasure. Thank you for your consideration.
Marty Parichand	Epsom, NH	2016-11-16	I'm signing for my kids. There is technology which exists today which doesn't infringe on the environment but can work within it. The energy isn't even for NH residents, why should our landscape be scarred.

john keane	Hudson, NH	2016-11-16	I LOVE NH. I see those hideous towers on my way to Montreal and I say NO WAY in NH!!!
Johnny Barmore	Manchester, NH	2016-11-16	Because i love Nh i grew up hiking and hunting fishing all around Nh and i want to do the same with my daughter
Laura LaValley	Boscawen, NH	2016-11-16	I'm signing because I want NH to protect and preserve the pristine beauty of this state. I have very little confidence that the NP will do any good for the environment or the residents
Deborah Rogers	Barrington, NH	2016-11-16	The power isn't even for us. They want to ruin our scenic views foe someone else's benefit. No to hydro power too!
Gail Grainger	New London, NH	2016-11-16	We need to protect our environment, and tourist industry, not destroy it!
Robin Haywood	Dover, NH	2016-11-16	I support new clean energy, energy from wind and solar. I do not support disturbing our mountains, trees and natural inhabitants.
Sonia Sheridan	Hanover, NH	2016-11-16	Yes, I am signing.
Pauline Brien	Merrimack, NH	2016-11-16	I want our natural resources left intact.
Jane Laberee	Dover, NH	2016-11-16	I value the beauty of our state and the diversity of flora and fauna for which New Hampshire is Home
Joseph Verdne	Enfield, NH	2016-11-16	This is bullshit for NH.
Searle Redfield	Sewell, NJ	2016-11-16	It will ruin property values and tourism! Bury it or forget it!
Eileen Ball	Franconia, NH	2016-11-16	We need to protect our State and especially BEAUTIFUL Northern New Hampshire.
warren horsfield	Berlin, NH	2016-11-16	I Want NP Buried from Start to Finish. All of It.
Karen Jay	Las Vegas, NV	2016-11-16	This will damage the environment beyond repair.. It is hurting the lies of people in Canada.. Raping our lands, killing our Wildlife.. destroying lives in the name of greed.. Stop the Northern Pass, This pass is a danger to all citizens of New Hampshire and surrounding states will also be affected..
David Stuart	Hooksett, NH	2016-11-16	I don't want the Northern Trespass going through New Hampshire
Gary Szelog	Manchester, NH	2016-11-16	ill tell you the story
Annette Hicks	Bath, NH	2016-11-16	No Northern Pass! The damage to NHS environment and economy is incalculable and irreversible. We should be aiming for independence and sovereign control of strategic energy resources, making our system a multiple node grid wirh redundant backups, not relying on another sovereign nation.

Name	Location	Date	Comment
Rodney Felgate	New Hampton, NH	2016-11-16	I have spoken at public hearings for Northern Pass, not opposed to energy transmission, just bury the whole line.
Aussiker Taylore	St. Johnsbury, VT	2016-11-16	I'm deeply concerned about the state of our environment.
Miiko Bradley	Concord, NH	2016-11-16	I am opposed to allowing a for profit project (northern pass) that NH Residents bear the negative impacts to private and public propety that does not service NH and that relies on a a foreign sovereignty and that is non scalable and creates a security risk the power grid.
Kathie Silva	Derry, NH	2016-11-16	I dont think it is good for N.H. or anywhwere for that matter !
jamie duggan	kingston, NH	2016-11-16	As children of the EARTH, we must protect it!
claude pigeon	berlin, NH	2016-11-16	I do not believe in sacrificing the pristene beauty of NH to pad the wallets of a titanic energy company in Canada.
Patricia Smith	Brookline, NH	2016-11-16	I own property in the north country and I don't want the landscape ruined by the towers. Also I am afraid my property assessment will go down.
Nick Rapczynski	Durham, NH	2016-11-17	I believe the Northern Pass is not the proper solution for New Hampshire or the surrounding areas. It's time for investment in clean energy to provide plenty of permanent jobs for skilled people living in poverty or being underpaid for their work.
Cheryl Wiscarva	New Bern, NC	2016-11-17	I grew up in NH and want to see its beauty kept for future generations.
Andre Bertolino	Concord, NH	2016-11-17	It will tarnish the natural beauty of New Hampshire. Thus damadging the tourist industry and the spirit of the people while harming the very soil. All of this to no benefit of the new hampshire populace.
cheryl Moulton	Campton, NH	2016-11-17	It's just lining ever sources pocket with gold and what do we get? Monster towers that no one wants to see
Melanie Carroll	Hooksett, NH	2016-11-17	Pipelines are dangerous to our children and our earth. We can solve the energy crisis with renewables, can we try that first? Please.
Mary Auger	Manchester, NH	2016-11-17	I love my state ! I love nature!
Marianne Lucy	Intervale, NH	2016-11-17	Isn't it obvious? No Northern Pass!
Kathy Dalrymple	Warner, NH	2016-11-17	It's ugly.
Ruthie Gulick	New Hampton, NH	2016-11-17	Northern Pass confers not benefit and only damage to NH as long as it is not buries.
Bonnie Boswell	Whitefield, NH	2016-11-17	Why is it that Coos county is always the lowest rung on the ladder in this state? Why is it that we don't matter? Please Concord and Washington listen, we have lost enough. Please don't take the last thing we have our mountains, waterways and lakes and forests. Our views and quiet.
Annie Schneider	Plymouth, NH	2016-11-17	NP is nothing more than an insulting exploitation of NH. Under our highways or not at all!
Krista Duval	Charlestown, NH	2016-11-17	Save nh!
Donna Baker-Hartwell	East Andover, NH	2016-11-17	As a native and liver of the White Mountains and NH's natural beauty, this project should be stopped. There are alternatives for energy that are clean, renewable and have very low impact on the environment. Say no to profits before the protection of our earth.
Dana Marion	Derry, NH	2016-11-17	I just dont agree with taking natural habitats of animals and ruining the landscape as it is. Besides, everything promised is usually a lie. What are the health risks? Who truly benefits from this? Will the work be done by local people only? My answer....NO! Nothing good comes from this as me being a taxpayer and homeowner.

Kathryn Mortimer	Thetford Center, VT	2016-11-17	I spend a lot of time in my neighboring state and love it very much. I want to protect the land and animals there.
Lieza Donnelly	Campton, NH	2016-11-17	I am signing this for several reasons: 1st because I believe we need to encourage everyone to keep it small.. If each house had a little solar or wind unit... 2nd to maintain the inherent beauty of New Hampshire's forests & skyline...
Nancy Millward	Lyndeborough, NH	2016-11-17	Keep this state beautiful, do not allow this eyesore.
Diana Anderson	Northwood, NH	2016-11-17	We se not even going to benefit from this electricity. Stop Northern Pass now.
laura sabre	Franconia, NH	2016-11-17	wrong for NH
Jeanne Goodwin	Ashland, NH	2016-11-17	I do not want northern pass in my state.
Andrea Cooper	Grantham, NH	2016-11-17	...I moved here for the NATURAL beauty...I could have moved anywhere...but I chose N.H. No Ugly Towers!
Jane Doherty	Goffstown, NH	2016-11-17	I am signing this petition because it really isn't needed, does not benefit NH, and depends on hydroelectricity that destroyed thousands of acres of boreal forest and indigenous land.
Stephen Kohler	Lisbon, NH	2016-11-17	I am signing because Clean Energy Production for America is a National Strategic Infrastructure issue and no foriegn country (Regardles of ally status) should be able to regulate and or control our energy! Also, a large percentage of the energy we are talking about in already produced in New England at dams and power plants along the Connecticutt River. Greedy Americans sold the dams and power plants to Canadian Companies for profit and abandoned their moral duty to protect America's National Strategic Infrastructure.
Andrea Tomlinson	NORTHWOOD, NH	2016-11-17	I support keeping NH'S wildlife diverse and populationsprotected and minimal impact development within our wetland systems.
Kevin Ramos-Glew	Meriden, NH	2016-11-17	I care about the environment and don't want New York energy to go through nh. Put it through ny.
Haley Dye	concord, NH	2016-11-17	I love New Hampshire, I refuse to see it get ruined with a bunch of clutter. We don't need it, the trees don't need it. The only people who WANT it are the people who want to ruin NH. do NOT put the "northern pass" up. Do something right for NH for once.
Paul Bunnell	Weare, NH	2016-11-17	stop this. you are killing our earth

Kimberly Fortin	Union, NH	2016-11-17	As a New Hampshire native and a small business owner, I have done my homework. This bring in no power and SHORT-TERM jobs that will be likely given to a vast number of folks out of the state. Further, the issues with the Hydro-Québec will not provide "GREEN" energy. High levels of Mercury absolutely The NH economy relies on tourism. Many of my out of state friends travel here annually, some owning second homes and camps. They have no interest in seeing this kind of destruction to our state. It will absolutely hurt the most thriving industry we have. It is time the voice of the people is actually heard. This project has had the majority of NH residents opposing it. However, it is still being discussed. I am absolutely against this project in ANY form. The US needs to look at producing its own green options NOT pulling in from other countries. We need to look within our own country to create sustainable living and utilize the resources we have. There is incredible technology, actually seven clean coal technologies currently deployed that we should be investing time in. This would allow us to utilize our own resources. Wind power and alternative options will bring in actual JOBS and help the US support itself while having an opportunity to monitor. If we bring in power from Canada we are relying on a failing system and not taking care of our own. We will also lose the opportunity to regulate what is important to us-clean power. This project is a NO -WIN for NH!
Katrina Lewers	Peterborough, NH	2016-11-17	Our dollars should be going into solar and wind, not power lines. And as a NH resident I care deeply about our landscape, our scenic roads, and wildlife.
Peggy Huard	Hudson, NH	2016-11-17	Everything about it is part of a deep seeded corruption!!!!
steve ross	Thornton, NH	2016-11-17	It's in my back yard! !!
Faith Kimball	Dummer, NH	2016-11-17	NH is not for sale!
Paul LeBrun	Newfields, NH	2016-11-17	I want to protect our natural landscape and hope to push us closer to using more renewable energy sources.
Susan Young	Woodstock, NH	2016-11-17	Protect our environment AND our economy. No Northern Pass.
ute carbone	nashua, NH	2016-11-17	The scenic beauty of our state is one it's prime assets. People visit here because of that. Please don't destroy the very thing that makes NH special.
Jean Holt	Hollis, NH	2016-11-17	I don't believe the power is needed. If it is needed it should be buried so as not to ruin our beautiful landscapes. I have seen giant towers all along the Sea to Sky Highway in British Columbia, Canada and they are an ugly intrusion on the beautiful scenery.
Rachel Belliveau	Derry, NH	2016-11-17	I want to preserve the beauty and health of New Hampshire's wild life.
nancy gillingwater	lebanon, NH	2016-11-17	I am signing because" it is the right thing to do" !!! Simple!!
Jennifer Westcott	Nashua, NH	2016-11-17	Corporations need to stop tearing up the Earth for profits. We've only got one planet stop messing it up.
David Neal	Franconia, NH	2016-11-17	Either bury it or scrap it. We love our woods!
Shawn Clement	Exeter, NH	2016-11-17	It will negatively effect our landscape and environment. It also creates new dependency on foreign power.
J R Gilmore	North Conway, NH	2016-11-17	Beauty over money, nature over money, recreation, ove money, peace over money! NO NORTHERN PASS!
Heather Bousquet	Londonderry, NH	2016-11-17	Please don't destroy NH for the benefit of other states when we will still be paying the most $$ in the nation!!

Elizabeth Marro	San Diego, CA	2016-11-17	I'm signing because I grew up in northern NH and my family still lives there along with the trees, the wetlands, the streams, the rivers. Mankind is smart enough to find solutions that work better for all. There are better alternatives to this and we should make every effort to explore them.
Barbara Peabody	Berlin, NH	2016-11-17	Please keep the power lines away from our beautiful lands.
Zoe Morsette	Long Island City, NY	2016-11-17	As a native New Englander, I know that the beauty of our area is what keeps visitors coming back
Arthur Bradbury	Lee, NH	2016-11-17	We need to put it underground out of the weather,, and develop alternative sources of energy.
Martha Dray	Groveland, MA	2016-11-17	Because there really is free energy, research it.....the big oil companies own the government and won't allow free energy.
Timothy Scerra	Pembroke, NH	2016-11-17	Preserve the beauty of NH ,,,, No to the Northern Pass
Katelyn Parker	Whitefield, NH	2016-11-17	These giant towers will ruin our beautiful mountain area. I moved up here for the untouched beauty. Bury all of it!!!
Sean Feenan	Nashua, NH	2016-11-17	I'm signing because... fuck destroying nature
Matt Malagodi	Hudson, NH	2016-11-17	I want to preserve NH's Forrests
Carl Crowley	berlin, NH	2016-11-17	NH is not going to benefit from this at all, and we will lose beautiful views and hunting land around each tower
Joan Espinola	Salem, NH	2016-11-17	I"m signing because I have seen what the windmills, off of rt93 have done to the landscape. They have ruined it and I don't want any more man made structures to ruin our views as we are travelling 93 or other highways.
Julie Vitko	Berlin, NH	2016-11-17	We have so much more to lose if we say yes to these towers. It's more than just about the land, people's health is affected, the quality of our food is affected. There bottom line is money! Well it starts with people and ends with people. Hope they can come to a united front. I love the people and this land!
Patrick Lindley	Deerfield, NH	2016-11-17	The northern pass is a joke. No to the pass! It will destroy habitats and ruin nh. Plus it's not that beneficial to people in nh at all!
suniti gray	Peterborough, NH	2016-11-17	We don't have much earth left, please leave what's left of.it alone, every time you disturb nature the birds suffer, the wildlife suffers, the people suffer and ultimately we are left with.nothing.leave new Hampshire alone
Susan Fitts	Franklin, NH	2016-11-17	These towers will be unsightly and cost NH their tourism revenue. They are bad for the environment and are for private business. These towers are proposed to pass very close to homes with negative impact. This should not be allowed.
Gabrielle Naylor	Manchester, NH	2016-11-17	There is no need for this. It is pointless and those are main points of beauty of NH.
Regina Canney	Loudon, NH	2016-11-17	I want to preserve NH....I also know we need to make a change or we will have blackouts within a year from an energy shortage - there has to be a better way
Stacia Martin	Andover, NH	2016-11-17	This is a destructive proposition which will ruin this great state that we live in. The landscape of New Hampshire is one of the things that I cherish about this state. The unwarranted destruction will also devastate the environment that our wildlife depends upon for survival.
Amy Delventhal	Bethlehem, NH	2016-11-17	Get us the heck out of this horrible attempt to attack our environment and tourism economy. VT had the guts to tell them to stick it in their left ear and we should, too. There is nothing, absolutely nothing in it that will offset the damage that will be done even if the entire thing is buried along existing roadways
Don Gallion	Newmarket, NH	2016-11-18	No to another country regulating our power.

Name	Location	Date	Comment
Merryl Goldman	Alexandria, NH	2016-11-18	I have been signing petition, making phone calls and writing letters to try to stop NP! Since Sununu was elected Governor and is for NP, it is more important then ever to let your voice be heard and to stop it, NOW!
Beth Kenney	Franconia, NH	2016-11-18	These towers are not worth ruining our town . We are all looking at reduced property values and the power isn't even for our own use. This project is nothing but a hardship for the residents of Franconia and Easton.
Robyn Lynn	Hudson, NH	2016-11-18	I dont agree with the pipeline...
Dave Dumais	Sanbornton, NH	2016-11-18	I'm against Northern Pass unless it is buried all the way.
Lois Scribner	Canterbury, NH	2016-11-18	I care about the landscape here in NH and those whose livelihood depends on it.
Rebecca Desjardins	Manchester, NH	2016-11-18	Please leave the beauty of NH alone!
Karen Buchanan-Parker	Canterbury, NH	2016-11-18	Solar power does not require ANY towers, and will not spoil the view.
Deborah Hatter	Andover, NH	2016-11-18	I care about NH
Cynthia Yandow	Pioneer, CA	2016-11-18	born and raised in NH, I am ouraged at what you are doing to the beautiful state, your greedy motives are clear, you are taking advantage of folks, stop it
Angela Bain	Campton, NH	2016-11-18	I don't want this to happen! They're horrendous looking and they do not benefit our town in any way!
Ann Hudnall	Manchester, NH	2016-11-18	Once these mountains are fine, there's no getting them back. Please don't do this.
W Lannon	Deerfield, NH	2016-11-18	I live in Deerfield, born and raised in Rockingham County. Northern Pass will terminate in Deerfield and I don't want the project to ruin the rural character of the town. The towers are much larger than the current right of way can accommodate and the height will dominate the landscape. Most of the jobs it is supposed to create are temporary.
Karen Sue Haynes	Seattle, WA	2016-11-18	It will ruin the areas natural beauty and does almost nothing to improve the local economy. This is taking advantage of rural communities.
edith barlow	plymouth, NH	2016-11-18	why should we destroy the beauty of NH for other countrys and states, its bad enough we have those dumb windmills in plymouth:(
Brendan Philbrick	Milford, NH	2016-11-18	I love the great outdoors of New Hampshire.
Celia Englander	New Castle, NH	2016-11-18	Ruin our views, our state. We are pawns if we do this.
sarita khan	Montgomery Center,, VT	2016-11-18	I want to protect the area. There are other options.
Ben Pierce	Danvers, MA	2016-11-18	Keep NH Beautiful
Linda La France	Littleton, NH	2016-11-18	This will destroy our scenery and cause magnetic energy to interfere in our lives.
Kelly Hughes	Henniker, NH	2016-11-18	We have maybe 150 years of natural gas left (this I learned when I worked for NSTAR now eversource) and who knows when the oil will go. Why destroy the environment for commodity that is in its final decades?
Denise Quillin	Littleton, NH	2016-11-18	Full burial or not at all
Megan Bakas	Manchester, NH	2016-11-18	We've done enough damage. Leave our landscape alone!
Nathan Hanson	Hollis, NH	2016-11-18	In defense of land I use and love.
Donqld SYPHERSNo	Colebrook, NH	2016-11-18	No need for an "Ontario" view
Kiri Veillette	Woodsville, NH	2016-11-18	I don't want to see the northern pass happen due to the concern of animal habitats and the land. Please don't !

Rick Hamel	Sunapee, NH	2016-11-18	Because big money have terrorized enough people into selling their property and their legacies.
michael scarponi	dover, NH	2016-11-18	I want to keep our state beautiful.
Heather Davis	Portsmouth, NH	2016-11-18	Keep NH wildlife and forest as a priority for this state.
James Gill	Greenland, NH	2016-11-18	Northern pass is no good.
Audrey Eisenhauer	Thornton, NH	2016-11-18	I want to protect the environment, scenic value and communities of New Hampshire by denying Northern Pass the permission to ruin our landscapes and scenic roads. Tourism is central to the economies of many of the communities along the proposed route. People are drawn to our forests and mountains to enjoy the views, hike, and visit iconic New England small towns. Northern Pass will drastically change the landscape and have far-reaching impacts on our tourism-based economy. This project will dramatically alter precious landscapes, jeopardize recreational tourism, and disrupt waterways. The Northern Pass does not belong either above ground or on our scenic New Hampshire roads and forests.
Lois Foss	Gilmanton, NH	2016-11-18	PLEASE do not ruin the landscape in NH - NOT NEEDED.
Andy Kittross	Candia, NH	2016-11-18	This project is ugly and unnecessary.
Bradford Fitzgerald	Hampstead, NH	2016-11-18	This will be devastating to our states forests. There will be a massive scar cut through the state, heavily disrupting the local ecosystem, tearing down vast swaths of forest, and irreparably damaging the local tourism industry our northern towns are dependent on. New Hampshire is regarded as a beautiful and scenic state. To approve the Northern Pass would be a shameful action.
Mary Hankins	Manchester, NH	2016-11-18	We like our land the way it is: UNTOUCHED!!!!!
Marion Conwell	Lancaster, NH	2016-11-18	NH does not need this.
Dick French	Newmarket, NH	2016-11-19	this is bad for our NH environment
Sherri Greenleaf	Waterboro, ME	2016-11-19	We need our earth to survive. We have been killing her for to long. She needs to heal and we need to help her, not harm her.
Carol Thompson	Bath, NH	2016-11-19	I am against the Northern Pass..we do not need it and it will damage a huge amount of environment.
nancy jachim	Newport, NH	2016-11-19	I want nature preserved. People come to NH for the nature. Electrical lines are not nature. Support local, clean energy.
sandra L Houle	Manchester, NH	2016-11-19	STAY OUT OF NEW HAMPSHIRE!!!
Barbara Kahn	Swanzey, NH	2016-11-19	I value the beauty of our state. I find peace and solace in viewing, and being surrounded by, the unsullied forests, mountains, lakes and flowing water. I would like to preserve what habitat is left for our wildlife. In the times to come, we will be in dire need of beauty in our lives. No to the Northern Pass.
Damian Raymond	Madbury, NH	2016-11-19	This CANNOT be allowed to ruin our beautiful New Hampshire scenery, and what's more, it is home to many species of beautiful creatures. And I don't know about you, but I'd MUCH rather keep this beauty intact rather than ruin it with such trivial, unneeded and unnecessary obstructions of humankind. This needs to be stopped.
Julie Critchett	Newmarket, NH	2016-11-19	I love the Great North Woods. We can't let this happen.
Paul Hayward	Littleton, NH	2016-11-19	Tourism accounts for a tremendous amount of NH's income, and our natural beauty must not be compromised.

Peggy Small-Porter	Newmarket, NH	2016-11-19	Honor the citizen's who live in our forested and natural spaces. Don't scar the landscape with such an eyesore. Bury the lines. People, environment, conservation for future generations over profit. Plain and simple!!
Lindsey Carlson	Attleboro, MA	2016-11-19	Environment first
Robert Noyes	Colebrook, NH	2016-11-19	Don't need to ruin our landscape for private energy profits.
Kenny Gaudet	New Hampton, NH	2016-11-19	It should be buried!
Kimberly Kostiew	Hampstead, NH	2016-11-19	As a taxpayer and a resident of New Hampshire, I do not want the Northern Pass Power lines in my state!!
Erin Mcgee	Brownfield, ME	2016-11-19	We need to stop destroying the planet we live for our children.
Caroline Lack	Jefferson, NH	2016-11-19	I love my state. They are burying the lines in the rich section where people have bought second homes for vacations, but destrying the beauty in the areas where we have our first homes because we are not rich enough to matter to them
Jeff Fongeallaz	Plymouth, MA	2016-11-19	I want to see more green solutions
Bousquet JoAnne	Sanbornton, NH	2016-11-19	Being born and raised in this beautiful small State, I prefer not to tear it up, as we've done to our earth, anymore than it already is, thank you. Let's REDUCE USE!
Lisa Girouard	Merrimack, NH	2016-11-19	No Northern Pass!
Nathalie Watson	Milford, NH	2016-11-19	I believe we have other, more environmentally-friendly sources of energy.
Justin Wyman	Canaan, NH	2016-11-19	Ever source is an evil corporation destroying our natural wonder for profit. Take a ride through coos county and you will see what I mean. There is absolutely no long term benefit to the citizens of New Hampshire in this project. Only the loss of some of the most beautiful wilderness anywhere. PLEASE put New Hampshire first.
Judy Barry	Nashua, NH	2016-11-19	To save New Hampshire!
Michaela Leonard	Newmarket, NH	2016-11-19	My state is beautiful and I would like to keep it that way. Thank you very muchZ
Irene Oldakowski	Bethlehem, NH	2016-11-19	I'm a Senior Citizen in Bethlehem. I was blocked from commenting on Northern Pass's FB page. I was asking questions about property value the impact on tourism. The many summer homes and Ski Clubs we have in the area. I also wanted to know about the environmental impact for N.H. and Canada where I have heard the Native American population there say it intrudes on their Treaty Rights and hunting grounds. Northern Pass is manipulating the discuss on this project which in my opinion makes them a dishonest company.
Donna Reidy	Concord, NH	2016-11-19	Deny Northern Pass. Just Say NO.
Donna Reidy	Concord, NH	2016-11-19	Deny Northern Pass. Just Say NO.
kathleen codyrachel	Wolfeboro, NH	2016-11-19	Because their are many other ways less intrusive to our landscape- and more energy efficient - why are power lines even being built and used in the 21st century?
Kim White	Manchester, NH	2016-11-19	If The Northern Pass Is Not Going To Benefit The New Hampshire. Ruin Natural Landscapes And Scenic Roads. It Will Definitely Damage Everything That Makes New Hampshire A Great Place To Visit. It Will Also Decrease Tourism. That Is Why People From Other States Visit New Hampshire Because Of It's Beauty. The Wildlife Habitats Will Not Have Anywhere To Go If They Destroy The Forests.

Susan Ansorg	Center Harbor, NH	2016-11-19	We don't need it and we won't benefit from it. Meanwhile we will destroy the landscape so some corporate energy whore gets richer. Disgraceful really
Charlotte Swanson	Plymouth, NH	2016-11-19	I wish to keep NH beautiful and not ruin it like what was done with windmills overlooking Plymouth UGLY)
Ann Florio	Reedsville, PA	2016-11-19	These towers would be a desecration to the beautiful scenery NH is known for and the destination for millions of tourists. If you want the pass, bury the lines!! Personally, I don't believe we need it, and I don't want it.
Nick Brown	Grafton, NH	2016-11-19	Because making lines going through are land
MURIEL HULSE	lebanon, NH	2016-11-19	These ugly powerlines will destroy the natural beauty of northern NH, which is vital to NH's tourism and economy. They will be close to our property in west stewartstown NH near Diamond Pond.
Maxine Vallee	Goffstown, NH	2016-11-20	I want the forest and wildlife to stay as there are
Stephen Nelson	Campton, NH	2016-11-20	I think the project as it is currently proposed will have a negative effect on the environment, the economy and provides no significant benefit to the region or the state as a whole
Christine Gutkowski	Antrim, NH	2016-11-20	This will be destructive to our land - that can't be fixed
Karissa Yao	Manchester, NH	2016-11-20	I disagree with the northern pass project
Marla Katz	Henersonville, NC	2016-11-20	No, no, no!!!
Corinne Pullen	Canterbury, NH	2016-11-20	We have a ROW going through our farm property.
Deanna Wheeler	Groveton, NH	2016-11-20	Northern pass will not help us, it will just destroy what we already have.
Eric Brown	Warren, NH	2016-11-20	It is ugly,N.H. should devote itself to other sourses of power.
Carla Bonney	Madbury, NH	2016-11-20	There are other options that do not involve altering landscape...and if it IS so necessary, why is I-93 not an option? That road is constantly under construction already...
Nina Garfield	Bethlehem, NH	2016-11-20	I love this state
Randy Grasso	Fremont, NH	2016-11-20	We do not want our land destroyed from another country!
Catherine Kilday	Concord, NH	2016-11-20	It's not fair to New Hampshire!!
Patti Barnes	Northfield, MA	2016-11-20	I'm from N.H. + continue to horse back ride there.
Lucy Golden	Franconia, NH	2016-11-20	Northern Pass is not good for NH!
Parker Croak	Plaistow, NH	2016-11-20	I enjoy our great state when it is at its rawest and untouched. Live free or die, hike by.
Debbie Ryan	Shelburne, NH	2016-11-20	There needs to be a better way to do this ... power is needed but so are our pristine wild areas they are equally important.
Michael Govostes	Nashua, NH	2016-11-20	Because we don't need it We need to protect the environment our Wildlife And the beauty of our state.
Eric Dubois	Chester, NH	2016-11-20	I'm signing because we do not need to make more destruction to our forces across the world and here at home
Lydia Warner	Laconia, NH	2016-11-20	I am signing because Northern Pass is not for N.H. it would destroy so much it is not worth the paper its written on when you consider the irreparable damage it would do! Be smart & say NO to northern pass!!!
Debra Ballou	Dover, NH	2016-11-20	I do not want my New Hampshire landscapes, scenic roads, wetlands, pristine forests, streams, and rivers ruined by construction, huge power line towers, and wires. Tourists come here for scenic experiences they can't have elsewhere. Blasting in these areas will disturb peoples activities including sleep as well as destroying wildlife habitats.

Peggy Trivilino	Nashua, NH	2016-11-20	I'm signing because this project is very harmful to NH's environment, and--more importantly--completely unnnecessary.
Carolyn Shulman	Bristol, NH	2016-11-20	Northern Pass is of no benefit to the state and will seriously damage the landscape and tourism.
Mary Lou Philbin-Clarke	Loudon, NH	2016-11-20	It is just wrong in a state where Beauty is a currency at the least!!
Leanne Owen	Manchester, NH	2016-11-20	We must protect our environment and beautiful state of New Hampshire. We are not interested in you destroying the environment to make a fat buck. People and the planet before profit!
Sally Baldwin	Shelburne, NH	2016-11-20	Please bury the line. We and all who live and visit here don't want to see it!
Diana Damato	Keene, NH	2016-11-20	The natural world needs our protection before it is destroyed! Please don't allow corporations to ruin all the beauty and peaceful surroundings that nurture us and restore our souls!
Jack McEnany	Franconia, NH	2016-11-21	Even burying all 180 miles of the line will disrupt habitats, create interminable traffic problems, and deliver not one whit of benefit to New Hampshire. Don't make CT's bad planning NH's problem.
Karen Payne	Effingham, NH	2016-11-21	The "Pass" Technology is outdated and large scale hydro is NOT sustainable.
Deborah Caplin	Framingham, MA	2016-11-21	We have to stop taking away precious land and resources from our wildlife!
Lisa Robinson	Gilmanton, NH	2016-11-21	Because of corporate greed at our expense
Jon Levesque	Rochester, NH	2016-11-21	I am an intervener..... they want to go down the center of the road on bear rock rd in Stewartstown.....aka... the middle of nowhere.....we didn't buy there for that.....we don't want it
Jennifer King	Littleton, NH	2016-11-21	I do not want the beauty of my state marred by these huge ugly pieces of metal
Chris Roberge	Lebanon, NH	2016-11-21	I'm tired of the environment being profited on when it's not being benefitted.

Paul Adams	Bridgewater, NH	2016-11-22	The beauty of nature is what New Hampshire is all about. There are other ways to get your product to market.
Michael Johnson	Weare, NH	2016-11-22	Tourism is NH's largest revenue producer. Norther Pass will undermine the economic viability of the state.
Larry Twitchell	St Petersburg, FL	2016-11-22	Northern Pass is a land grab by bankers and utilities to further their private gain at public expense. If approved, and I hope it won't, ALL of the lines must be buried.
Antoinette Angelone	Methuen, MA	2016-11-22	I love the beautiful NH landscape. I take drives up north al the time to clear my head. Please do not destroy this beautiful landscape.
Kristin Ayers	Merrimack, NH	2016-11-22	There is no need for this going through our state and ruining the beauty for other states to have power. We need to conserve and find other solutions.
william Sparklin	Colebrook, NH	2016-11-22	I have been saying NO to northern pass way to long the people of NH do not want this destroying our state!
Leeanne Oneil	Thornton, NH	2016-11-22	I want to protect the integrity and beauty of our NH landscape
Lorin Mulligan	Concord, NH	2016-11-22	This will have a negative impact on our economy and forever change our landscape.
Melanie Chouinard	Milford, NH	2016-11-22	Our ecosystem is fragile enough without this money grubbing scheme (which at most will only have temporary construction jobs for NH as a benefit and then will benefit us no more). Our forests, wetlands and even our scrub-lands are what make NH great and no price can or should be put on that.
Darlene Roy	Alexandria, NH	2016-11-22	Please stop Northern Pass. Live free or die....
David Dodge	Concord, NH	2016-11-22	I want to keep NH beautiful. Bury the Entire line or DON'T do it.
Pam Wallace	Derry, NH	2016-11-22	We need to preserve the water and habitats in NH. This cannot be continued. Save us all!!!
Eileen Keim	Concord, NH	2016-11-22	This will damage NH without providing us any benefits.
Nancy Judd	Keene, NH	2016-11-22	I love our beautiful state and want to keep it that way.
Keven Elliott	Nashua, NH	2016-11-22	It's not worth the environmental risk it poses. If the Pipeline burst it would get in our ground water kill our animals we don't need this we need Solar Get ON BOARD NEW HAMPSHIRE!!!!!
Jan Cohen	Keene, NH	2016-11-22	There has to be a better way than erecting these hideous towers and displacing whatever wildlife lives in their path.
Vivian Winterhoff	Teddington, United Kingdom	2016-11-22	This option to provide energy is inefficient and damaging to the local ecosystems. There are more efficient, less intrusive and more harmonious ways of gaining and distributing energy. The resources that would otherwise go into clearing land and building towers should be invested in communities to find their own energy solutions in partnership with any large corporations that also need this energy.
Daniel Day	Durham, NH	2016-11-22	The current plan calls for burying the Northern Pass in the White Mountain Region, but not in the Great North Woods Region. Although not as famous, the Great North Woods are also an important tourist attraction in our state, especially for Canadians. The Great North Woods Region is unlike any other region in the state. It's the heart and soul of New Hampshire's rural character, and home to some of our country's most beautiful unspoiled scenery. Please do not destroy this fragile treasure!
Duffy Daugherty	Colebrook, NH	2016-11-22	I don't want my property values ruined.

Wm. & Jen Labadie	Sullivan, NH	2016-11-22	It's time to invest in conservation - of resources. Reduce usage, move toward less harmful sources like solar & wind...
William Cleveland	Tamworth, NH	2016-11-22	I don't want NP to pass thru NH and ruin my back yard, to supply MA and CT with power not all that clean. The flooded valley will produce green house gasses for the next millennia and more and that message needs to get out, and this is a good example. Hearsay has it now NP will send a little power New Hampshire's way. Well ain't that nice.... NO to Northern Pass
Gary Andrew	Concord, NH	2016-11-22	Not any benefit to Nh.spoiling nature.last resort bury in roads
Marie King	Hampton, NH	2016-11-23	I don't want to look at gigantic power lines coming across the mountains. We should be finding ways to reduce electric usage not make it easier for people to use more.
Sylvie Stewart	Nashua, NH	2016-11-23	If this infrastructure is built, more natural gas will be pumped through to provide energy needs and the door to fracking and offshore drilling will stay wide open. We must create renewable energy infrastructure instead. Now. It's not about money, it's about reducing our carbon footprint, energy conservation and preserving biodiversity. It's also about clean water to drink and clean air to breathe.
krysti battistelli	seabrook, NH	2016-11-23	Slow growth
Lindsey Sadowski	Falls Church, VA	2016-11-23	We have land on Harvey Swell Dr. in Colebrook. This land has been in my family for generations. All through childhood its been a magical place, untouched by civilization. Its a place we escape to, to appreciate the beauty of nature. The Northern Pass will ruin this beauty. It will ruin property value in an already struggling town. Please don't take this from us. Don't ruin what we love. This isn't just some little town, it is a place we hold dear.
Heather Horton	Lee, NH	2016-11-23	I want to preserve New Hampshire's land, wildlife habitats, and small towns. I think this would be very destructive to the land, roadways, and our economy.
Christopher Winterhoff	London, United Kingdom	2016-11-23	My family is from New Hampshire and I often come back to visit and love the nature
Grace Schust	Andover, NH	2016-11-23	Northern Pass should bury its lines or move to another state which doesn't prize its scenic beauty.

Nicole Moynihan	Tewksbury, MA	2016-11-25	I'm signing this because I care about the earth we live on and we, as a people, need to start working together to make it a better, happier, and healthier home for not just us but the animals. These people seem to forget that humans are not the only living beings on this earth..
Bill Hall	Litchfield, NH	2016-11-25	The pipeline does nothing to help NH. Environmental impact will be detrimental to our economy.
Mark Watson	Alton, NH	2016-11-26	The beauty of the North Country must be preserved for our descendants.
Sarah Gail Wright	Austin, TX	2016-11-26	Once the decision to dig is made, it can never return to what NH looked like before. Keep it sacred and a treasure.
Whitney Ducharme	Jaffrey, NH	2016-11-26	I want to keep my home natural and beautiful.
Dave Dishaw	North Andover, MA	2016-11-26	I'm a climate justice and environmental activist that wants to refrain from defacing our beautiful earth and pursue local renewable resources and demand management to fulfill our energy needs.

Suzanne Corby	Manchester, NH	2016-11-27	This project will ruin the pristine beauty of the north country. Tourism is the bread and butter of the north country. At the very least, all lines should be buried and property owners well compensated for inconvenience during construction of underground lines.
Marie Bolster	Candia, NH	2016-11-27	I do not believe that this will resolve electric needs or lower cost for us however I do believe it will land up causing serious illness and destruction to the land, animals and people. The Power Companies will be making the money at the cost of the environment and peoples health.
Bonnie MacGillivray	Bristol, NH	2016-11-28	I want to protect NH! Water, landscape, animals, from damage.

William Holleran	Braintree, MA	2016-11-29	Don't ruin this beautiful place in the name of greed
Erin Morvsn	Uxbridge, MA	2016-11-29	This natural beauty needs to be left alone. The animals living within need to be left alone. Humans just keep on destroying the ecosystems! Leave it be!
66 Brownell St Greg	Attleboro, MA	2016-11-30	The people of northern new hampshire lack the adequate resources to legitimately fight big business and come up with a solution that actually benefits everyone
Jason Togno	Stewartstown, NH	2016-11-30	No transmission lines, the environmental effects will be detrimental, to the pristine north country. This why we live here. For the peace,nature and beauty, LEAVE US ALONE.
Weslie Mackenzie	Nelson Village, NH	2016-11-30	This would be a travesty for our beautiful state.
Marie Goewert	Clovis, CA	2016-11-30	I'm from a NH/Mass border town. Pipelines leak and cause problems..especially water problems.
Barbara Spike	Plymouth, NH	2016-12-01	This project is WRONG for the cities and towns the Canadian company is proposing. New Hampshire would lose valuable resources, such as habitats. It is also governed by Canadian law, not U.S. law.
Maura Chappelle	Lancaster, NH	2016-12-01	i do NOT want the transmission lines cutting through new hampshire .... this is corporate greed and political cowardice .... the fact that it will ruin the aesthetics of our beautiful mountains and towns is enough to not want it, add to that the reality that NO profit would come to nh at all
Linda Cortez	Henniker, NH	2016-12-03	I am opposed to a project that will destroy the beautiful scenery and wildlife that I love

Robert Mekeel	Lancaster, NH	2016-12-11	The greed of a few is no justification for saddling nearly all of NH with this dinosaur. The idea of stringing wires on 100 foot towers over ground for over 100 miles, much of which is undeveloped forest, is 19th century technology. If this project is really necessary find a way to bury it.
William & Lisy Meyers	North Haverhill, NH	2016-12-11	Hydro-Quebed is using NH as a conduit to get their electric power to southern New England. They make billions. We lose our wilderness & wildlife.

keith kral	New York, NY	2016-12-12	I have visited and hiked this area many time. Who in their right mind would put a power line through this?
Cynthia Simon	Gorham, ME	2016-12-12	Northern Pass must pay the needed money to build this transmission line along route I 93.
Anna Hendrickson	Meriden, CT	2016-12-12	I love the New Hampshire mountains and it is my favorite vacation spot.
Michael Parkin	Bethlehem, NH	2016-12-12	PLEASE save my land value! BURY Northern Pass.
Brian Granville	Groveton, NH	2016-12-12	You can't go back once the lines are in. It would be terrible for the area's real resource. Nature and those that come to the region for that reason.
vincent partos	Summit, NJ	2016-12-12	As a tourist - keep the area intact.
Julie Semprebon	Pittsburg, NH	2016-12-12	I'm signing because the proposed route should never even be considered. If the 15 story tall power lines are to be built they should run in conjunction with established interstate highways.
Fred Kenison	Concord, NH	2016-12-13	I question the legality of using existing powerline Rights-of-way for this. They were negotiated for much smaller power ratings on much smaller infrastructure. At the very least, some mitigation would be logical, much as projects to expand highways typically include soundwalls.
Ann Marie Gooch	Colebrook, NH	2016-12-13	It will SCAR route 145
Graham Hankey	Amherst, NH	2016-12-14	There is a compromise position (burial of transmission lines along highways) that Northern Pass is ignoring. We don't owe them the cheapest alternative--rather, we need the alternative that bests works for everyone in NH.
Shannon Robinson	Haverhill, MA	2016-12-14	We have caused enough destruction to the planet. There are alternative means for energy.....not an alternative planet to go to when this one is destroyed.
Kristen Nau	Havertown, PA	2016-12-14	I am adamantly opposed to this "project". New Hampshire's greatest asset is our landscape and out scenery.
Nicole Tursi	Strafford, NH	2016-12-14	Stay out of our state's biggest resource.
John osmers	West Tisbury, MA	2016-12-14	Nature is more important
Bryce Boyer	Danvers MA, MA	2016-12-14	I'm sick of corporations and greed destroying this beautiful earth of ours. New Hampshire is one that hits close to home for me and I will not stand for this. Renewable energy should be the investment of these corporations... Not destroying sacred forests and building towers through them. Now more than ever we need these trees with all of the earth's pollution. I am sickened by the instigators of the northern pass... Sickened.

Kyle Pierce	Berkley, MA	2016-12-14	White mountains are life.

Cynthia Rollins	Twin Mountain, NH	2016-12-14	So many reasons...beauty, wilderness to be maintained, fairness, etc.
Judith Sargent	Marshfield, VT	2016-12-14	I have always lived in New England and it is important to keep it clean and free of the destruction and pollution that would be caused by these high voltage lines. Southern New England needs to cut back its power usesage and also increase very local sources of electrical generation.
Susan Meeker-Lowry	Fryeburg, ME	2016-12-14	I live here!
Susan Pomasko	Alstead, NH	2016-12-14	Use I93 or don't build it

Kara Santacroce	Boston, MA	2016-12-15	I believe in protecting our environment and coming up with better ways for energy. My husband and so have been looking at property in New Hampshire for its natural beauty. Don't ruin a good thing over power lines.
Emily Mascari	Hudson, NH	2016-12-15	I'm signing because I see this as a sustainability challenge. We should be back casting, not trying to build a better mouse trap.
Jason Turcotte	Nashua, NH	2016-12-15	Private companies (especially foreign ones) should never be allowed to take land through eminent domain.
Lindsey Wilson	Keene, NH	2016-12-15	As a proud native of the great, beautiful state of New Hampshire, I am deeply upset that the state's natural beauty that can never be replaced could be destroyed, erased, and turned into an ugly pathway for electricity lines and poles. These areas are a natural habitat for moose, bears, deer... say no!
Charles Meyer	BEDFORD, NH	2016-12-15	To be built in New Hampshire, it should be buried on interstates, like I-93, where it won't impact local property values, endanger our wells and waterways, or threaten the scenic vistas that are quintessentially New Hampshire! I-93 IS AN OPTION, so please STOP NORTHERN PASS!
Nicholas Schilling	Londonderry, NH	2016-12-15	I was born and raised in New Hampshire, and would hate to see the beautiful North destroyed by de-forestation and power lines.

Michele Deziel	Arlington, MA	2016-12-15	I enjoy the serene landscape so much I bought property there at above address. Tall towers would ruin the appeal, drop real estate prices even more than the depressed prices they are now and devastate tourism. Quebec Hydri is known for profits by raping the environment and can well afford to bury the lines. The energy is needed and so is s preserved environment. Bury the lines.

Katherine Yakubowski	Greenville, ME	2016-12-15	Keep New Hampshire beautiful! Do not change the landscape but keep it historical and wild.
Brian Higgins	Cheshire, CT	2016-12-15	MOUNTAINS
mia corinha	Nahant, MA	2016-12-15	High tension wires should be buried for many reasons. This is a stupid plan with no regard for wildlife and the scenery that we treasure.
Douglas Wright	Easthampton, MA	2016-12-15	I was born in and lived most of my life in NH. I was married on top of the Bonds in the White Mountains. Northern NH is the most special place in the world to me. This project will erode much of what makes this area unique and powerful. Please do not let this happen.
James Hauschild	Concord, NH	2016-12-15	It's wrong for the natural beauty of the state. Bury it 100%
Colin Cummings	Plainfield, CT	2016-12-15	No Northern Pass.
Theresa Carter	Cary, NC	2016-12-15	We must protect the environment and keep our landscapes.

Donna Preve	Hopkinton, NH	2016-12-16	Our landscape will be ruined forever. NH is too small a state to be expected to absorb such a project without permanent damage to our State
Tina Dodge	Whitefield, NH	2016-12-16	I don't support the Northern Pass
Sandra Bergquist	Lancaster, NH	2016-12-16	We've been giving reasons why this "project" should not go ahead. First of all, it ruins our economy, secondly, we don't need the electricity in NH and recently MA stated it didn't want this, either RI has now erected alternate source of electricity off shore - wind ... I could go on and on. Please do NOT make NH a doormat for a Canadian company to walk over, making billions of dollars in profits as we lose our economy. They claim that putting it underground isn't feasible for them (IE, they wouldn't make quite the same profit - what greed). NO, NO, and NO. Thank you.
Susan LeClair	Canterbury, NH	2016-12-16	To protect our environment.
Judie Aronson	San Jose, CA	2016-12-16	We cannot continue to destroy the beautiful areas of America and deny the opportunity for future generations to enjoy America undisrurbed.
megan currier	Chicago, IL	2016-12-16	The Northern Pass would have a significant negative impact on the landscape, negatively impacting the tourism and revenue generated from tourism in the area.
Mandy Johnson	Green Bay, WI	2016-12-16	I care
Arielle Freedman	hampton, NH	2016-12-16	We don't need pipelines anymore. These are just to make money for big oil and ruin our earth. We have the technology for natural resources using wind, the ocean, and the sun. NO MORE PIPELINES!!!!
Melinda Dietrich	Cincinnati, OH	2016-12-17	I hike the White Mountain region of the proposal and believe it will degrade the eco environment and wilderness habitat.
Maryanne Adams	Concord, NH	2016-12-17	We must preserve new Hampshire's landscape and beauty. You would never do this to the grand Canyon, let's not destroy the very essence of what makes new Hampshire beautiful.
Christopher Ring	York, ME	2016-12-18	I know how valuable the NH landscape is to everyone in our region. When I leave the coast of Maine I got to the mountains of NH to experience their beauty.
Carolyn Miller	Boxford, MA	2016-12-18	I grew up in NH, my family still lives there and I vacation there frequently. Please put the lines in areas that would be less disruptive to NH's natural resources.
Adrian Tanner	Petty Harbour, Canada	2016-12-19	Do not ruin this pristine landscape that millions of people in the NE US and in Eastern Canada visit, love and cherish.
Dillon Guay	Hooksett, NH	2016-12-20	I love the earth
Victoria Griffin	Standish, ME	2016-12-21	Stop the destruction!!! It's not needed
Deborah Lefaivre	Lyndonville, VT	2016-12-21	Because it is ridiculous to destroy NH's natural resources & beauty for the sake of a dying technology. Monetary resources would be better spent supporting new & greener technology. There are better methods & they/you bloody well know it.
kelly leblanc	Woburn, MA	2016-12-21	My fiance and I hike regularly and don't want to see the beauty in NH ruined by this

Quinn Abrams	Exeter, NH	2016-12-22	The Northern Pass will destroy vast sums of beautiful New Hampshire forest!! New Hampshire's forest should be left alone, and it is smarter to employ residents by means of clean-energy sources that do not destroy our natural world... Clean energy is supposed to help the environment by being clean, and MOST OF ALL --> PRESERVE THE ENVIRONMENT. THE NORTHERN PASS LITERALLY DESTROYS THE ENVIRONMENT!!! There should be no argument for the Northern Pass, since it is not ethical to help create "renewable energy" by destroying the environment to do so... PRESERVING THE ENVIRONMENT AND THE NORTHERN PASS ARE OXYMORONS. New Hampshire can find jobs and clean/renewable energy from other sources (solar/wind). Save NH beauty and do the right thing... This is why I am signing this petition.
Richard Flynn	Sudbury, MA	2016-12-22	This project is unnecessary. There are other options that are less damaging and more efficient.
Jill Bowman	Rockland, ME	2016-12-22	Keep our Wilderness; NO NORTHERN PASS!!!
Kathleen Berry	Hudson, MA	2016-12-23	I care about our environment and am a frequent visitor to this beautiful area. Bury in the streets!
James Seagroves-Decourcy	Nashua, NH	2016-12-24	It's useless let have clean energy to save the world but destroy 1200 mile of tree's. The logic isn't there
Keith Corey	South Dennis, MA	2016-12-27	I have been visiting the whites for 73 years. seeing high tension lines ruining the landscape borders on our missing our "old man"
James Fillman	Woxall, PA	2016-12-28	It's time to stop destroying America's beautiful landscape.
Jessica Kulynych	Simsbury, CT	2016-12-28	I am a property owner on Page Hill Rd in Lancaster.
Tejasinha Sivalingam	Ashland, NH	2017-01-02	Ashland NH property owner, NO NORTHERN PASS!
David Kindstedt	Cranston, RI	2017-01-04	It will ruin the beauty of the landscape and only provide temporary jobs. We already have enough energy and we pay more for what we get so they all of these unnecessary projects like this one and windmills can get passed.
Kevin Duggan	North Dartmouth, MA	2017-01-07	I'm tired of nature being raped of its landscape and closed off to public access because of greedy energy companies
Ronnee Pedersen	Suwanee, GA	2017-01-08	I grew up in New England and still spend vacations in the White Mountains of New Hampshire. I have seen how these high tension wires destroy the habitat, beauty and timelessness in other parts of the country. NH is different and special. Keep it that way for future generations!
kendra bissonnette	Pittsfield, NH	2017-01-08	I say NO to the Northern Pass. This is unaccaptable and we won't have the Northern Pass in our backyards.
janice dube	north haverhill, NH	2017-01-09	Our politicians are selling us out to big business. We have no industry left beside tourism in the northern part of the State & that tourism depends greatly on the beauty and scenic vistas we have. If Northern Pass is allowed to rape the State by our elected officials we will lose this scenic beauty forever. Backroom deals are being made. People are being bought off or belittled into approving this. Meetings are dubbed "work sessions" to quell peoples' right to speak and be heard.
Thaddeus Whithed	Dalton, NH	2017-01-09	A lot of voters voted for Sununu, even though they are against NP. Their fault yes, but his win should not indicate to anyone that NH wants this. Keep up the good fight.

Korey Guest	Enfield, NH	2017-01-09	I consider myself a Republican however I can even fathom how anyone could support destroying some of the most amazing forest land in NE for a such a short term benefit. I will not allow this , I will do everything in my physical being to prevent this catastrophe from happening .
Don Dauphinais	Moultonborough, NH	2017-01-10	I live along the proposed route. Bad for NH period.
Dorothy Cross	Whitefield, NH	2017-01-10	I am signing because I do not to loose our beautiful scenic views .
Myrrhanda Watson	Thetford Center, VT	2017-01-10	This should not be allowed to happen in our beautiful state. Do what's right not what suits your wallet and own agenda politicians!
Karen Peabody	Lancaster, NH	2017-01-10	This will pass through our land obstructing the gorgeous view of the Kilkenny mountains. These views are why we live in NH.
Yvette Toledo	Epsom, NH	2017-01-10	Common sense
Kari Stephens	Peterborough, NH	2017-01-10	I want to keep NH beautiful and prosperous for the Next Generation coming up. This will displace or destroy many animals, their habitats and the delicate ecosystems, which make up our Great State of New Hampshire. Don't sell our state's limited/easily altered Natural Resources, for short term profit for a select few.
Maureen Gaites	Thornton, NH	2017-01-10	IT IS NO BENEFIT TO MY STATE
happy gilmore	Bowdoinham, ME	2017-01-11	im signing because I need to
Terry Lufkin	Whitefield, NH	2017-01-11	Keep NH Beautiful and Serene.
Kathleen Berry	Hudson, MA	2017-01-13	Let's keep New Hampshire beautiful - power lines should be put in or next to streets and highways.
Valerie Lemay	Sebastian, FL	2017-01-15	As a NH born & bred resident who lived in all small towns, many of which will be impacted .. I SAY NO !!! These are some of your oldest towns, many homes could be titled as "historic", oldest trees, 1,000's of forestry & wildlife will be destroyed. STOP THIS PASS!!
Brandon Beach	Tunbridge, VT	2017-01-15	I love nature
Michael Marchand	Loudon, NH	2017-01-17	I am totally opposed to Hydro Quebec and Eversource and their proposed plan. And if the towns most affected by this have voted against this, then this plan should be totally scrapped.
Jen Lukeman	Easton, MA	2017-01-18	I enjoy New Hampshire beauty without the invasion of human beings and big business! No northern pass!
vanessa Robbins	Nashua, NH	2017-01-18	I love my view.
C Geddis	Townsend, MA	2017-01-18	I'm tired of corporations and bureaucrats destroying American and Americans. All over a little bit of money. GREED!!
Alisa Brisson	Hanover, NH	2017-01-18	We won't stand for ruining our natural beauty and we don't need this energy or the crappy temporary jobs.
Pauline Corzilius	North Haverhill, NH	2017-01-19	The Northern Pass does NOT benefit NH. It will make a handful of rich people richer, and that's all
Maura Annette Chappelle	Lancaster, NH	2017-01-19	no, no, no, a thousand times, no .... we don't want or need northern pass we get no benefit from it, only blight
Taylor Sanford	Sunapee, NH	2017-01-19	I'm signing because I am tired of seeing the destruction of New Hampshire's beautiful forests. Leave them alone!

Barbara Buckley	Littleton, NH	2017-01-19	This is going through areas that need preservation and through land occupied by folks who won't see a dime or any benefit from this project. No permanent jobs or cheap electricity, just scarred wilderness and potential illness from emissions. Another big, wealthy corporation wanting to maximize profits regardless of the environmental, human, or economic costs to the little guy.
Marcia Thomas	Woodstock, NH	2017-01-19	I drive through here and would hate to see the wildlife disappear and have nowhere to live- it is what makes our state so wonderful and wild. This area should be preserved for its animals!

elisabeth berndt	Boston, MA	2017-01-19	outrageous! new hampshire will receive minimal benefit for such a scarring wound on it's beautiful landscape!
Tricia Balint	Gilford, NH	2017-01-19	I oppose the towers!!!
Theodore Kunz	Campton, NH	2017-01-19	Bury the lines. This ability has been available for decades. Don't want to see the worship of maximum profit cause permanent and viewable damage.
Robert Cargill Cargill	Whitefield, NH	2017-01-19	These power lines will go through my neighborhood, please no.
Lisa Gemmer	Carroll, NH	2017-01-19	The White Mts. are a national treasure. Putting towers through would be a travesty and NOT beneficial to the state that would bear the brunt of the construction.
Michael Russo	Nottingham, NH	2017-01-19	Burying the lines is a reasonable compromise...
Joyce Bruce	Rumney, NH	2017-01-19	I do not want to see our beautiful white mountains ruined..once we start allowing major changes that affect the scenery, there is no going back. It will never be the same!
Sharron Boissy	New York, NY	2017-01-20	I grew up in New Hampshire and want to protect our great jand
Lorenaeve Johnson	Jefferson, NH	2017-01-20	I think we should develop energy conserving clean technologies with a real focus on solar power and wind power. I don't believe we should be pouring money and creating environmental hazards with old electrical (hydor or not) modes of energy.
Keith Bronson	Groveton, NH	2017-01-20	I live along the route and do not want those towers in front of my house
Carol Sullivan	Appleton, WI	2017-01-21	We are destroying our natural environment in so many ways, including Northern Pass so big corporations can make more money.
Michael Meeks	Cornish, NH	2017-01-22	Don't destroy the NH landscape and natural heritage. We like it the way it is!
Susan McLeish	Rindge, NH	2017-01-23	There is no reason the option of buried lines along I-93 should not be considered further. Keep our northern neighborhoods out of this. Our state should be preserving its natural beauty that drives our great tourism year round.
Jen Eaton	Hooksett, NH	2017-01-23	please protect NH's beautiful wildlife and scenery!!
Haishaleen Ramos	Springfield, MA	2017-01-24	No tree deserves to be cut down. And I don't want the beauty of mother nature to go to waste over a stupid plan. Leave mother nature a lone! Matthew Laubach	Bedford, NH, NH	2017-01-26	I'm signing this petition because I care about the environment in NH!
Lisa Doherty	Epsom, NH	2017-01-26	There is dwindling demand for this service with the increase in solar power. The expense far exceeds the return on investment. We must balance commerce with honoring nature. There is a concern an electrical fire could begin underground and not be detected until our White Mountains are destroyed. The greed on this project far exceeds the need.
Dan Molloy	Manchester, NH	2017-01-27	They should bury the line. Yes, that will cost more, that is ok, they will still be wildly profitable.
Sonya Brazell	Concord, NH	2017-01-30	I value the beauty of New Hampshire.
Fran Fulwiler	Portland, OR	2017-01-31	The beauty of New Hampshire's natural environment and cultural sites must not be wrecked by this high voltage transmission line. STOP NORTHERN PASS!
Brian Cash	South Burlington, VT	2017-01-31	This is not necessary
HARRY KNAPP	Riverside, CA	2017-01-31	I agree with goal of this petition.
Virginia Bennett	Honolulu, HI	2017-01-31	A) Why should New Englanders have to buy electrical power from Canada?? B) Why are electrical companies not "moving with the times" and switching to more environmentally friendly sources of electrical power? States, which derive a great deal of their income from tourism must do everything they can to protect the scenic value of their territories.
Brenda Ouellette	Charlestown, NH	2017-01-31	This is just bad for NH, we do not need nor want this in our beautiful state. Bad, bad for the environment that we need to protect. This state depends on tourism to survive this would ruin the landscape.
wayne barnes	sanbornton, NH	2017-01-31	We love our state the way it is stay the hell out
James M Nealon nealon	Manchester, NH	2017-02-01	If you love the state of NH it's the right thing to do. This project if approved will reflect a lifetime of regret.

Holly Maroney	Canaan, VT	2017-02-02	This is our home. ϕ
Keyla Rodriguez	Lawrence, MA	2017-02-02	I love the Mountains, and nature in all it's glory. Big corporations, and capitalism will not destroy these beautiful lands!
Martha VanderWolk	Canaan, VT	2017-02-02	I own a tourist-based business in the North Country. It will also destroy my own personal view.
Merry Shernock	West Berlin, VT	2017-02-02	I have been there and seen the Northern Forest. I would like my grandchildren to see it too. People can learn to live with less electric power; but it is impossible to get natural treasures back once they are gone; e.g., old growth forests.
Kathy Mawn	Milton, MA	2017-02-02	My family has owned land on a beautiful Lake in NH since 1908.....we do not want the Northern Pass ton pass and ruin our lands.
Mari Beaulieu	Hudson, NH	2017-02-03	I want to preserve

amy dauphinais	Danielson, CT	2017-02-10	I don't want my hometown mountains destroyed by northern pass. We choose to live here for the beauty, the serenity and Northern pass will impact the beauty, the ecosystems and the quality of life on the White Mountains.
Eric Waleryszak	Kittery, ME	2017-02-11	We do not need this in N.H.. This would be a disaster for scenic New Hampshire. Positively No.
Leslie Metzger	Hayden, ID	2017-02-11	I am from N.H. Don't spoil this small State's tourist appeal.
N A	Duxbury, MA	2017-02-11	I own 66 acres of ancestral land in Deerfield NH and it is pristine and scenic. The terminus of Northern Pass will go right through our land, so I am very much opposed. None of the power being brought from Quebec will benefit NH residents!
Donna Mckee	Lederach, PA	2017-02-11	This is NOT the way to go! It is a bad idea in so many ways. It will do far more harm than good for New Hampshire, ito people, tourism, natural areas and wildlife.

Janice Bufford	Anniston, AL	2017-02-11	Is this project proposed in the name of progress? I live in Alabama, the heart of Dixie, and love living in Alabama. However, I love travelling and have never visited New Hampshire. If the Northern Pass goes through, there would be a greater chance I would shy away from touring New Hampshire and I would have to believe the same would be true of a multitude of others. Go figure--- what would be more appealing to would-be tourists: power lines or the natural picturesque landscape? It wouldn't take a rocket scientist to decide the correct answer! Please scrap the Northern Pass project or put it where there is already a major highway! At this time, the petition is working toward 5,000 signatures. I think it should get 50,000 or 100,000. Please don't take away our access to viewing this great handiwork of our Creator!

Dana Albee	Brookline, NH	2017-02-22	I believe in protecting our forests
Mitchell Lamarche	Hudson, NH	2017-02-23	I am signing here because I love and care for the environment and New Hampshire. I have lived in only 2 other states for less than a year each and always moved back to New Hampshire. New Hampshire is a gorgeous and has a lot of colonial culture that should stay how it is. Keep New Hampshire's beauty in pristine shape!
Timothy Emperor	Groveton, NH	2017-02-23	Given the shear numbers of citizens, property owners, and actual residents against the project it is simply irresponsible to even consider the project at this point. Any NH State committee MUST stop and realize the PEOPLE have already spoken. To allow this will easily be won in Supreme court either State of Federal, how much more money shall we waste. Last to think 3000 jobs that Les Ottens stated will come, is even possible do the simple math. I guess we are thought of as stupid folk, not quite yet we are determined it shall never see footongs.
Alice McDonald	Dresden, ME	2017-02-27	I love New Hampshire. I don't ever want this to happen to any states. Love the earth, and the animals too. Screw the power lines, no one needs them that badly.

Matthew Bahr	Thornton, NH	2017-02-27	Growing up in the white mountains, and living the last several years in Wyoming, I have grown to truly appreciate the natural beauty of our country. If you want to stimulate the economy by letting these lines cross through our amazing state, BURY THEM.
Joseph Lewis	North Haven, CT	2017-02-27	I'm signing because I love new hampshires landscapes and beauty. I go to new hampshire almost every summer, I dont want this to happen to this beautiful state.
James Dammann	Hillsboro, NH	2017-02-28	Little to no $ savings to NH and will hurt the State 's tourism and tax base irreparably.
Stephanie Richard	Lebanon, ME	2017-02-28	I don't want our forests destroyed!
david ackley	Barrington, RI	2017-02-28	Southern New England doesn't need to destroy northern New England for cheaper electricity.
Teresa Critzer	Severn, MD	2017-02-28	I was born in Manchester NH and have family in Northwood, Dover, and Rochester. I believe this project is a blight upon the stunning scenic beauty of NH and will negatively impact forests, wildlife habitats, tourism, and property values. It will also increase health risks caused by exposure to high tension power lines. I am not convinced this will benefit NH residents in terms of reduced electric rates; instead, it will caused irreparable damage to the landscape of my beautiful home state. Governor Sununu, please do not allow this controversial project to destroy the pristine environment of the Granite State!
Ryan Wood	Manchester, NH	2017-03-01	New Hampshire needs more ROOFTOP SOLAR and other truely green power, not to increase the profits and monopoly of Eversource at the cost of our wildlife and scenery!
Terry McLeod	Woodsville, NH	2017-03-04	This has been going on way too long. From the beginning the people of NH and beyond have stated that NP will be a bad thing for NH. People come from all over to see out beautiful trees and mountains. The tourism industry will be hurt because the tourists aren't going to travel to look at huge towers. NP will not benefit NH as the jobs will be temporary and the electric will be going to the south. The people in the north will have to look at those ugly towers and get absolutely no benefits from it. Our children and grand children will not enjoy the beauty of our mountains and forests as we have. We've been asking for years for someone to please listen to us as we shout as one voice that we don't want NP ruining our state. Please hear us and stop them before it's too late.

Christian Ardita	Arvada, CO	2017-03-04	I grew up in Northern New Hampshire and would like to visit with my family without seeing power lines through pristine wilderness. Talk about killing the tourism in NH...
John Kapp Monaghan	piermont, NH	2017-03-04	NIMBY, find alternative energy. Spend the money on solar panels. Replace high use fixtures and curb back demand.
Matthew Johnson	Springwater, NY	2017-03-05	This project will not improve the local economies and is a detriment to the environment and wildlife habitats. There is already a balance between the local economy and their wild places, the northern pass, should not come to pass!
Spencer Grayson	Concord, NH	2017-03-06	I live in NH because I love the way it is, some things are meant to be left the way they were found.

Deb Bassett	Littleton, NH	2017-03-06	The Northern Pass will do much more to damage NH than to benefit it. New Hampshire will be forever scarred. There are other ways to provide power to southern New England without sacrificing New Hampshire's beautiful vistas, the environment, and property values.
Mick MacReynolds	Keene, NH	2017-03-07	Please don't let PSNH cram another environmental disaster down our throats. They already did with Seabrook. This transmission line will hurt the NH economy and forever blight our natural beauty—and the tourism industry that comes to see it.
Doug Naylor	Salem, NH	2017-03-07	I like untouched natural landscapes!
daniela digiovanni	Bedford, NH	2017-03-07	Daniela DiGiovanni
Paula L. Gilman	Gilmanton, NH	2017-03-07	We do NOT need this in our state~!!~! When the Society for the Protection of NH Forests objects to this - it is for a very good reason~! No pass in NH~!!
Andrea Badger	Lyndeborough, NH	2017-03-07	This is bad for NH
Tom Casper	Amherst, NH	2017-03-07	Towers should not replace trees
Rich Collins	Greenland, NH	2017-03-07	Underground makes perfect sense. This is of no benefit to anyone except the power company and to the detriment of tourism and *millions* of visitors spending money in NH
trudy yukl	windham, NH	2017-03-07	Protect our environment! No Northern Pass.
philippa evans	littleton, NH	2017-03-07	I respect our beautiful environment and the Northern Pass does not benefit anyone in New Hampshire.
Nancy Sweetser	Wolfeboro, NH	2017-03-07	I care about the natural beauty of New Hampshire and don't want unsightly towers running through our mountains, disrupting the lives of animals and people. These towers are unnecessary and only line the pockets of a few greedy, unscrupulous corporations.
Jane Eldridge	Wentworth, NH	2017-03-07	This mess of high voltage transmission lines stand to ruin the scenic area I live in and where I have a camp. NH is beautiful from the north to the south let's keep it this way for our future for our children and there children. No Northern Pass
Theresa Hudson	Plymouth, NH	2017-03-07	Theresa A Hudson
James Davis	Newmarket, NH	2017-03-07	Destroying our great northern woods for the benefit of a few is not the NH way.
Kathleen Manfre	Peterborough, NH	2017-03-07	Please do not let this happen to New Hampshire's beautiful wilderness. Absolute devastation for no good reason!!!!!!!
Kelly Cornell	Newport, NH	2017-03-07	It will ruin our scenic state and we still will not see our electric costs go down. They always say they will but reality is quite different.
Christian Robinson	Concord, NH	2017-03-07	I'm signing because I absolutely love NH for the mountains. It is a majestic experience to be at the top of Washington and see nothing but mountains and wildlife. You can't destroy the forest because you think it's going to provide more power for New England but does absolutely nothing for NH besides leave a permanent scar in our forests.
AMY Passwater	Strafford, NH	2017-03-07	I'm signing this because I grew up in Indiana, a red state that didn't give two shits about the environment. Power lines everywhere. Landscapes ruined. I now live in NH and don't want our landscapes to be ruined.
Cindy Worley	Gorham, NH	2017-03-07	I do not want to see our forests destroyed by man, and to see our wildlife forced away from what belongs to them, more than us. Nhs beauty needs to stay intact we allow this what next? Clear cutting?
Carlo Calle	Groveton, NH	2017-03-07	No Northern Pass !!!

Anthony Belair	Kirksville, MO	2017-03-07	I'm signing because I love my home state!
Cathy Vincevic	Danbury, NH	2017-03-07	keep our lands beautiful and free
Holly Forbes	Greenland, NH	2017-03-07	It will ruin my beautiful property in northern New Hampshire along with countless other home and land owners throughout the state.
Dee Denehy	Gilsum, NH	2017-03-07	This proposal is not designed for our future.
Dan Schmidt	Concord, NH	2017-03-07	This project benefits the whole of NH in no way and only seeks to serve the morally corrupt individuals trying to push it on us.
Jeffrey Barsanti	Hollis, NH	2017-03-07	NH doesn't need the power. NH exports power and has plants that barely run.
Kathleen Costello	Londonderry, NH	2017-03-07	Northern Pass is unecessary and hurtful to our beautiful state and it's wildlife.
linda talotta	Hillsboro, NH	2017-03-07	I live in these beautiful forests and it needs to be preserved for future generations, our wildlife, our sanity !
Christopher Brooks	Bethlehem, NH	2017-03-07	No, no, a thousand times NO to Northern Pass!
Barbara E. Scott	Sunapee, NH	2017-03-07	I don't believe that allowing the construction of this power line is at all in line with what Granite Staters want for and love about this state. O also can not wrap my head around what the builder is telling us about how it is going to benefit people of NH. Please say no to the Northern Pass electric line.
Rolanda Duchesne	Berlin, NH	2017-03-07	I want to preserve the beauty of our northern region for our future generations...protect t h em from corporate greed!!!
Betsey Phillips	FRANCONIA, NH	2017-03-07	Bad for tourism, bad for real estate, bad for wildlife,
Patricia Hill	Littleton, NH	2017-03-07	I don't want NORTHERN PASS in NEW HAMPSHIRE.
Liisa Palance	Milford, NH	2017-03-07	No Northern Pass IN My State. Not ever

Leslie G. Landrum	Springdale, AR	2017-03-07	I don't want Northern Pass to destroy scenic landscapes and endanger wildlife.
William Connors	Londonderry, NH	2017-03-07	To save the beauty of new Hampshire for generations to come.
Jean Lewandowski	Laporte, MN	2017-03-07	I'm now a New Hampshire resident, and I want to see this state continue to be know for its beauty, its recreational opportunities, and its dedication to preserving the natural resources that we, our children, and our grandchildren need for a healthy life.
Norma Neary	Marlborough, NH	2017-03-07	We don't need all this Garbage i our beautiful state. Tere towers will ruin our Scenery and therfore Tourism, meaning loss of millions of dollars in income for this state.
Laura Monica	Bow, NH	2017-03-07	This project will severally - and irreversibly-damage the landscape in the North Country. It will be unsightly and it will be a permanent and ugly scar on the landscape. Tourists flock to our state all summer and winter long. They don't come to see the plight and damage that a major transmission line will do to our phenomenally scenic landscape in New Hampshire. If this has to be built at all, which is clearly up for debate, then they should bury the entire transmission line from Canada all the way to Southern New Hampshire.

Daniel Kennedy	Keene, NH	2017-03-07	I cherish the landscape of New Hampshire. As someone who grew up in Littleton I know the correlation between the natural beauty of the White Mountains and its tourist industry. Sacrificing long term beauty for temporary jobs is short sighted. We can find alternate responsible solutions to southern New England's energy crisis.
Brandon Mathis	Merrimack, NH	2017-03-07	I'm signing this to protect New Hampshire's wild places from this project that brings nothing to the state of New Hampshire.
Colleen Truland	Lisbon, NH	2017-03-07	I don't want out landscape ruined!
Constance Lacasse	Mason, NH	2017-03-07	I don't want to have the same ugly wires going thru our landscape and look like Canada. We've worked too long to keep our country free of those wires, why stop now?
Roland Lakin	Hooksett, NH	2017-03-07	We, The People, the one's who voted for you and pay your salary have said No To Northern Pass, That SHOULD be enough. If NOT,then maybe at mid term elections YOU will understand!! NO TO NORTHERN PASS, PERIOD!!
Stephanie Oleson	Thornton, NH	2017-03-07	This project does not create more than a handful of actual nh jobs as most construction crews will need to be brought in from out of state and there are only a few year round jobs created upon completion. NH is also a large tourist based industry, not only will construction in a lot of the areas create traffic hazards, in remote locations it will impact hiking, wildlife patterns and foliage viewing in some of our states towns who have struggled for years to become the tourist meccas they now are. It's a delicate balance. Losing the tourists in any amount has dire consequences, as nh fish and game found after a bad snow season decreased registrations so badly last year.. tourists are this states life blood. Most of the electrical rate decreases will not effect nh residents with the average savings of $40 year, rather more ma CT and RI where the power is being diverted to. Nh already exports more electricity than we use. Granite is also one of the most unstable rock formations, constantly shifting. These lines are very sensitive to movement. If a line were to break, accessing some of these areas could be all but impossible to reach in winter or wet Springs. That could cause serious implications.. new Zealand had this happen after an earthquake, as they run all underground lines, and it took 2 months to locate the break. But they don't have to contend with the weather or access conditions we do here.. above ground or below ground, this project does nothing but ensure the millions of city people can turn on their lights and electric heaters.. if ma turned down the offshore windmills to power this, why are we? If NY refused to allow them to contact through there, a shorter direct route, then why are we? And the CT based parent company only bought out the MA then PSNH line rights after this project was originally brought forth and a lot of opposition shown. Doing so forced what they wanted to do because they now owned the lines...
jennifer elder	Edgewater, MD	2017-03-07	We love NH for its unspoiled beauty. Please take the long-term view.
Marilyn Tyler	Wolfeboro, NH	2017-03-07	I believe the Northern Pass is wrong for NH!
Jess Casey	Fremont, NH	2017-03-07	Hiking in Northern New Hampshire is one of my favorite things to do comma I think these electrical wires will severely disrupt the landscape and interfere with vital tourism, both from out of state patrons and people like myself, who drive north so I don't have to look at that kind of stuff
Laurie Greene	Tampa, FL	2017-03-07	My husband and I live there four months of the year and would hate to see such a beautiful place defiled.
ALice Reilly	Lancaster, NH	2017-03-07	We don't need it up here. It doesn't benefit us.

kathy keefe	wentworth, NH	2017-03-08	say to northern pass, take it down the river
Karen Towne	Barrington, NH	2017-03-08	I value the land conserved in NH. It has irreplaceable value. Water is a vanquishing resource and needs to be protected! There are other forms of energy to use such as solar.
isaac bernstein	Chichester, NH	2017-03-08	New hampshire backcountry is where I practiced how to become an avid outdoorsman, to see the land be destroyed by modern man brings shame upon us as humans who originate from this great land.
Wayne Garland	Plymouth, NH	2017-03-08	I see this as a senseless measure to control NH electric customers by an oversized corporate misleader. Their claims are false, inaccurate and overreaching. With the political over reach by the Province of Québec to control our states sovereignty by controlling our utility resources.
Debby Rancourt	Clarksville, NH	2017-03-08	The line will ruin our state!! We don't get the electricity. ..
Claire Armstrong	Glen, NH	2017-03-08	Please reconsider allowing for the Northern Pass. My husband and I moved to NH just to avoid this type of irreversible harm to our environment. I take great pride when telling people I'm from NH because of their role in protecting our environment. Please don't allow for this!!!
Stephanie Osborne	Campton, NH	2017-03-08	I am signing because I love the glory of the New Hampshire mountains. We moved here because of it. I see no benefit in warping or destroying what is the essence of this state for the commercial gain for people who do not live here.
martha tellier	nashua, NH	2017-03-08	its the right thing to do
Meghann Wayss	Rochester, NH	2017-03-08	Please allow the beauty of NH to continue to shine!

William Rhatigan	Waban, MA	2017-03-08	Powerlines sure weren't god's gift to man
Katherine Stroup	Lee, NH	2017-03-08	Site Committee, please do your job and go through the fully intended process. The people of NH who depend on our environment and scenic beauty for livelihoods for generations to come are worth that much. How about this-- I believe the site committee should command the state to erect 4 large towers in the middle of Towne Square in Waterville Valley, and study the effect of that view on their tourist business. For the next 10 years. Then see what the next few governors think about these towers in NH. NH's scenery (NO TOWERS) is our entire tourist industry, from the Seacoast to the Canadian border. NH does NOT benefit from Northern Pass. While at it, NH House members should investigate the fear-mongering by Eversource.

elizabeth Hunt-nickerson	Sanbornville, NH	2017-03-08	New Hampshire does not need this. We need to be supporting renewable alternative energy sources in our independent state!
Diane Kordas	Chester, NH	2017-03-08	Northern pass will provide the least benefit to NH yet has the biggest negative impact on NH. For clean energy and more jobs- go solar and wind!!!
Luana Wilson-Reynolds	Woodsville, NH	2017-03-08	I don't believe in this project....Love the beauty here, hence why I live here. Can't stand the thought of this changing our land.
Gwen D'Amico	Nashua, NH	2017-03-08	Trees not towers!!!
Michelle Hawes	Pittsburg, NH	2017-03-08	I don't want to see a swath cut through our Beautiful Area and have any high voltage transmission lines placed. NO TO NORTHERN PASS!
Tricia Lane	Salem, NH	2017-03-08	We should be investing in solar and hydro infrastructure of or own...not running an extension cord through pristine natural forests and private land.
christyanna manoloulis	Hancock, NH	2017-03-08	Keep NH wilderness looking beautiful, power lines are an eye sore and will make NH look ugly! Also is this safe for humans and wildlife?
Lyn O'Callaghan	New Hampton, NH	2017-03-08	Northern Pass brings nothing of value to New Hampshire, which it is only using as a conduit. Northern Pass makes false or exaggerated claims about quality jobs, tax revenue. Please reject this project.

Lyn Zalk	Greenlawn, NY	2017-03-08	Our open spaces must not be totally over run with wires and pipelines and de-naturalized!
Deborah Hinman	Acworth, NH	2017-03-08	I love my state and the environment and wildlife habitat and healthy families. This project has NO PLACE in our state!
Phillip Malone	Hancock, NH	2017-03-08	I want to see more local business and less destruction to our landscape.
Matt Randall	Somersworth, NH	2017-03-08	There is no need for this, even with projections of population increase, the focus should be on sustainable efforts, not proliferation of greed.
Susan Parmenter	Sunapee, NH	2017-03-08	This is a bad idea for our state! Bad for the environment, bad economically and untruthfully presented as such AND bad for the people who's property, homes and land is in the way.
Jeanne Desrosiers	Greenville, NH	2017-03-08	Big money destroys our planet. All for greed.
richard stuart	Laconia, NH	2017-03-08	I love nh as it is!
Rose Blough	Rollinsford, NH	2017-03-08	I'm signing for my children and their children's children.
samuel elder	Pasadena, MD	2017-03-08	For over 100 years Massachusetts has been vandalizing the natural beauty of their state! Can we trust Massachusetts not to lay waste to New Hampshire as well?
Wavell Fogleman	Campton, NH	2017-03-08	No real good reason to wreck NH habitat so Conn. and RI can have cheap Quebec power! Put the line somewhere where lines already exist.
Jayne King	Hampstead, NH	2017-03-08	I am totally against the Northern Pass. It will ruin our beautiful state. And for what? So Eversource and Hydro Quebec can make a boatload of money! No thanks. Go away.
Gail Fitzpatrick	Andover, NH	2017-03-08	Enough already..!!! There are SO many other options. Destroy our NH, and send the power out of state. NO!!

Karen Smith	Cornish, NH	2017-03-08	I treasure our environment and want to protect it for future generations. The destruction will be permanent, while the benefits will be neglible. Jobs will be temporary and we'll be left with an eyesore that will hurt our wildlife, environment and appeal to tourists. Stop Northern Pass. We can come up with something better.
neal parks	Groveton, NH	2017-03-08	It is no good for my town , county , state & country.
Jane LaPointe	Peterborough, NH	2017-03-08	This is a short-sighted solution that will irretrievably harm the wellbeing of NH
Jo Strohbehn	Hanover, NH	2017-03-08	Much of the appeal of NH is its natural beauty. To put up ugly towers that are so large to hold wires that are going to bring cheap electricity to southern NE is NOT worth it.
Peter Baker	Sanbornville, NH	2017-03-08	I belive that something this lucrative to the investors should be done with minimal impact to to the environment, residents and the natural balance to the reigon.
martha zoerheide	Cornish, NH	2017-03-08	I love NH

Patrice Gerard	Portsmouth, NH	2017-03-09	Our environment ismore valuable than corporate profits
Wendy Whiton	Bethlehem, NH	2017-03-09	I love the White Mountains and don't want to make the beauty of this area to help cities save a few dollars...
Madalyn Chase	Brookline, NH	2017-03-09	The residents will lose a lot. Why take the beauty away. It will damage more and destroy.
Mary Lannon	hillsboro, NH	2017-03-09	I love nature and NH pure and simple.
Donna Eaton	Seabrook, NH	2017-03-09	I dont want to see NH ruined we are a beautiful state lets keep us that way DO NOT allow this to go through
Diana LAnkler	Stratham, NH	2017-03-09	Nature is everything!
Shannon Main	nelson, NH	2017-03-09	I'm signing because I love nature and do not want to see it spoiled by power lines. There are other less destructive means of supplying power to the region. I personally think windmills are beautiful. And I'd like to see further research on windstalks, something that can add beauty as well as generate power.
Tina Villnave	Danville, NH	2017-03-09	I'm opposed to the destruction of some of New Hampshire's most beautiful natural areas. Damage that would be done and not really benefit New Hampshire over the long haul. Tourism which is a big industry in our state would be impacted irreparably.
Carol Ross	Rindge, NH	2017-03-09	Destroying our earth for profit needs to stop.
Randal Armstrong	Barrington, NH	2017-03-09	No to Northern Pass! Keep NH beautiful and support renewable energy sources.
Janet Douglass	Concord, NH	2017-03-09	NO NO NO NO you don't
Britney Reardon	Suncook, NH	2017-03-09	My husband and I just purchased a brand new home in beautiful Allenstown, NH, only to learn that the NP Project is planning to come through only a few hundred yards away. We moved here for the scenery and way of life, both of which are threatened by the NP. It would destroy our view, our neighborhood, and our property value.

Rebecca Webbe	Nashua, NH	2017-03-09	I moved to my for the natural beauty and for the hiking.
Lindamae winkley Blair	Wakefield, NH	2017-03-09	I love my mountains and my state and this would not benefit the people in my area.
Christine St. George	Brookline, NH	2017-03-09	This project is not needed in New England. It is just a money maker for the rich who don't care about anyone but themselves.
Leslie Gray	Greenfield, NH	2017-03-09	I live in NH and highly value our land and environment.
Lia Rothstein	Hanover, NH	2017-03-09	This project will cause irrevocable harm to the environment and is not needed for NH's energy future.
Nicole Buttermore	Laconia, NH	2017-03-09	I am siting because it is criminal to let these corporations destroy our lands for profit. Be prepared to face resistance. We will not go quietly. No more!
theresa swanick	Effingham, NH	2017-03-09	Tourism is the enduring resource vital to the north country of NH and is not outweighed by private company development with its temporary jobs and lasting negative impact.
Angela Jackson	Lowell, MA	2017-03-09	Save our beautiful natural landscape!! Don't ruin the White Mountains and NH!!!!
Sharon Lefebvre	Andover, NH	2017-03-09	The White Mountains of NH are my favorite place on earth. They MUST be protected!
Kathleen Levesque	Nashua, NH	2017-03-09	The trees need to be left alone
Richard Hanson	Concord, NH	2017-03-09	Please bury the northern pass
david roark	Suncook, NH	2017-03-09	it would be a travesty to new hampshire's beauty
Greg Allard	Londonderry, NH	2017-03-09	There is nothing in it for NH. We have the highest rates in country and a 5% decrease is nothing compared to the 50% more that we pay, rather keep the land as it is.
kimberly forni	Laconia, NH	2017-03-09	I live in New Hpshire and do not want our beautiful forests ruined.
Diana Gaudet	Nashua, NH	2017-03-09	It would be detrimental to tourism and the energy is not going to benefit new Hampshire
Debbie Redfield	Keene, NH	2017-03-09	I am against this project . I reject destroying the environment.
Carol Brooks	Concord, NH	2017-03-09	Deny NPass permission to destroy NH environment and communities.
Brooks Bartlett	Bethlehem, NH	2017-03-09	Ever spent anytime in Quebec? They ruined their own province, why would they care about NH
Rachel DeCicco	Thornton, NH	2017-03-09	I have lived in the area that this project is trying to use for 50 years. No one in New Hampshire will benefit in any way from this project and the project will destroy the natural beauty.
MV MacIntosh	Billerica, MA	2017-03-09	The environment must be protected.
Catherine Bushueff	Sunapee, NH	2017-03-09	No to Northern Pass. It is environmentally destructive and will not benefit NH and is wrong direction to go. We need to smarten up when it comes to energy production and adopt European style efficiencies
Katharine Didier	Woodstock, NH	2017-03-09	I do not want to see the Beauty of the NH landscape destroyed. That is why people visit NH. We depend upon tourism.
Donna Tremblay	Manchester, NH	2017-03-09	I care about conservation and protecting our forest from development
Marta Tomlinson	Frederick, MD	2017-03-09	Just stop vandalizing the country in the name of greed! Invest the extra cost and bury the damn lines!

Willett Malone	Naples FL, FL	2017-03-09	Our son, Jon Martin, is a forester in NH owns Martin Forestry Consultants in Bridgewater NH
Andrew Jeffrey	Hollis, NH	2017-03-09	Bury the lines or bury this plan.
John Hughes	Thornton, NH	2017-03-09	Do NOT ruin pristine Northern NH for pure greed and economic gain at the expense of the scenic and beautiful Great Woods-the only economy left in the North Country is tourism-why would ANYONE want to ruin that?
Randy Sawtelle	Chichester, NH	2017-03-09	This is another traversity aginst our small state.. and like Seabrook. Leave our Mountains alone!! once gone forever gone.
Tina Smith-Krause	Plymouth, NH	2017-03-09	I'm signing because I love the natural beauty of NH with all my heart. Too, I think this venture is exploitive.
Beth Page	Plymouth, NH	2017-03-09	I don't believe this agenda is good for the state of New Hampshire.
Jacqueline Hamilton	Concord, NH	2017-03-09	I care about the environment and we need to use solar and wind power not electrical power
Wilma Stackpole	Rochester, NH	2017-03-09	I love NH
Karyl Silva	Plymouth, MA	2017-03-09	Our state is far to beautiful to be sacrificed for this power line which doesn't even have benefit to us
Lisa Toole	S. Berwick, ME	2017-03-09	Land conservation should lead utility and economic development. Be kind to our disappearing natural environments!
Richard G Leone	Concord, NH	2017-03-09	i want it buried

Nancy West	Bow, NH	2017-03-09	Just take a good look at Old Quebec City with their 'hydro power transmission lines' and see if we want ones like them running and ruining our landscape. This is my state, the one I was born in, and I don't want to see it marred by Northern Pass.
Emily Lohmann	Brooklen, NY	2017-03-09	Don't ruin our state!
RaNae Newland	Fairview, UT	2017-03-09	I used to live in New Hampshire and the beautiful country should stay that way!!!
Dan Demers	Weare, NH	2017-03-09	This is an outrageous abuse of power that has absolutely no benefit to the state of NH
Leslie Thomas	Concord, NH	2017-03-09	I want to preserve the natural beauty we have remaining in this beautiful state! Energy lines that will be over our land and in our visual airways to send power made in Canada to another state south of NH is not in the best interest of our children inheriting this land and these views from us.
Carolyn Russell	Warner, NH	2017-03-09	I value the beauty of the NH landscape and want to preserve it for future generations by making smart choices now.
Colleen Steinbeiser	Pembroke, NH	2017-03-09	I've seen all the clearing Eversource is doing in preparation without legal permission to move forward on the northern pass project!!
George Sias	Littleton, NH	2017-03-09	I Don't Want Towers. And To protect Our Beautiful Land.
Lori Davis	Meredith, NH	2017-03-09	I'm signing because , I when my grandchildren, to always have the forest and steams. And I love my beautiful home state of NH.. Praying I ever see a pipe line though it.
Alison Vernon	New London, NH	2017-03-10	Although I am generally not very vocal about most issues, I am opposed to Northern Pass. I love our beautiful, wild NH lands. There must be an alternative to this huge and destructive proposal. Alison Vernon
tom holtey	Wonalancet, NH	2017-03-10	please keep nh wild, natural and free of blight
Christine White	Bristol, NH	2017-03-10	Keep new Hampshire beautiful please
Elizabeth Kelly	Holderness, NH	2017-03-10	I love our scenic state. This project does not benefit NH. I remember how Seabrook was going to beneither NH and that didn't happen.
Jonathan Parker	Manchester, NH	2017-03-10	Ever since I moved to this state I have enjoyed the scenic views it brings to offer. I'm an avid mountain biker, hiker, Hunter and overall outdoor enthusiast. I hate seeing beautiful environments get ruined by these eyesores. The last thing this state needs is a disruption in the harmony that New Hampshire's wilderness brings to its people.
KATHERINE corrigan	gorham, NH	2017-03-10	I want N.H TO STAY BEAUTIFUL.
Ann Walker	Hopkinton, NH	2017-03-10	Save our landscape.
Kathryn Badylak	Plymouth, NH	2017-03-10	I love to hike in the Beautiful White Mountains. Northern Pass will change that view forever.
Brenda Greene	Concord, NH	2017-03-10	Northern Pass is a scam for big corporation wealth! The promise of jobs...false they are bringing workers in from CANADA. The power is going right through our beautiful landscape to serve Connecticut! The power of big money and that is it.
Jeff Auger	Milan, NH	2017-03-10	No one in New Hampshire needs this, it's bad enough with all the wind towers they put up, and now this.. It's destroying the beautiful landscape
Thomas Davies	Hollis, NH	2017-03-10	NH needs to protect the very special characteristics that define it.
Inoma Bushnell	Salem, NH	2017-03-10	I don't want all those trees cut down or to disturb mother nature. Some things are just better left alone.This is one of those things.

Sophie Bedard	Nashua, NH	2017-03-10	It won't benefit NH.. and don't ruin the landscape
Gail Emerson	Manchester, NH	2017-03-10	I want to preserve the beauty of my state! And keep us healthy with clean rivers and soil!
C. C. Quimby	Conway, NH	2017-03-10	The fight to prevent the Northern Pass will never stop.
PJ Jones	Tamworth, NH	2017-03-10	I love our "natural beauty"
Trixie Lefebvre	Londonderry, NH	2017-03-10	The North Country must be protected from the blight this project will cause. Our North Country needs tourism and Northern Pass as proposed will turn visitors away.
Dawn Marticio	Campton, NH	2017-03-10	Let's not ruin our BEAUTIFUL landscapes and scenic roads!!
Giovanna Iepore	Canaan, NH	2017-03-10	This is the wrong choice for our state . We get none of the benefits but the aftermath will destroy the beauty of the north country and make pristine lands that attack many tourist do.lors into a wasteland we have seen in other states and countries.. this is a means to make power companies richer and dangle a carrot to say it makes jobs, temporary jobs , while these companies bring in their own crews from outside the state. Leave the natural legacy to our children and grandchildren. Don,t just think about money. In the end you will have created a blight for the lower new England states to benefit from.
Jennifer Ohler	Warner, NH	2017-03-10	By the time this monstrosity is built it will be outdated. We need more locally renewable, decentralized sources.
Barbara Card	Newton, NH	2017-03-10	I have always loved NH don't lessen it
Laurie A. Couture	Exeter, NH	2017-03-10	I am signing because I love New Hampshire's beautiful land and forests. Our forests suffered horrific rape, ravage and destruction by the loggers of the 1800's and early 1930's. In 2017, they are just beginning to recover. We cannot allow more destruction to our wounded, healing forests. SAY NO to Northern Pass and YES to trees and land!
Donna Friedman	Pompano Beach, FL	2017-03-10	My family, my children and grandchildren live in the most beautiful state New Hampshire- Pls don't let this wickedness happen to the wildlife and foliage.
Margaret Dibgke	Sanbornton, NH	2017-03-10	I don't want towers running up our beautiful Granite State roads , highways and chasing the wildlife off. No thank you....
Lisa Ramey	Jaffrey, NH	2017-03-10	Nature needs to be protected for future generations
W Brown	Brookline, NH	2017-03-10	Wendylee Brown
A Beliveau	Fremont, NH	2017-03-10	This will destroy the NH we treasure. The damages to economies, ecologies, species, air, water, terrain, and so much more are unacceptable.
Ruben Warner	Danville, VT	2017-03-10	It's what we all should do! Stop using fossil fuels, and stop killing our Mother Earth... now!!!!
Laurie Sanborn	Gilmanton, NH	2017-03-10	I love NH and don't want to see a high voltage transmission line go through the middle of our beautiful State.
Carrie Hudson	Maitland, FL	2017-03-10	I support this petition
Mary Sawyer	Laconia, NH	2017-03-10	Please please look at homes of many residents who have no voice. To build something that would make money You have never walked into the woods never reach a mountain top to see the views that surpasses any scene. Beyond this earth it's a bit of heaven. You need to go to this area I challenge you to go see the beauty bestow upon nh and maybe you will understand why so many wish for you to go away. Get rich somewhere else
Candace Wharton	Francestown, NH	2017-03-10	For the good of our future generations and the success of our tourism industry, we our state to remain its beautiful self.
Barbara Lucas	Plymouth, NH	2017-03-10	Lower rates - heard that before! Don't believe it. SIGNED IT.

Name	Location	Date	Comment
Dorothy C	Dover, NH	2017-03-10	We do NOT NEED more electric transmission lines especially not at the cost of natural beauty!
Kathleen Turnbull	Suncook, NH	2017-03-10	Don't want this ruining my neighborhood for no good reason. Bury it!
Joseph Capozzi	Exeter, NH	2017-03-10	There is no dire need for this project. New England has enough electrical generating capacity and interconnections to more than fulfill its needs. Secondly there is no long term promise or guarantee of lowered electric rates for NH or New England it is a carrot dangling that the people of NH will never get. The project is a money grab for those proposing it at the expense of NH land and residents.
Kara Scheerhoorn	Nashua, NH	2017-03-10	I believe there are other means of powering our country without sacrificing our children's natural heritage. I want to see NH thrive and survive and maintain its natural beauty and resources. Let's think outside the box and prove that humans are the enduring species, not another excict statistic!
Deborah Dunford	Hampstead, NH	2017-03-10	Deborah Dunford
Nicholas Scola	Plymouth, NH	2017-03-10	I'm a fisheries/wildlife biologist for one and two a big lover of the white mountain national forest and want to conserve its integrity
Harriet StLaurent	Newport, NH	2017-03-10	I believe we should be preserving our natural landscapes for our future generations.
Robert Willard	Dover, NH	2017-03-10	I'm signing because I cherish new hampshires mountain ranges and don't want New Hampshire to loose property value because some corrupt power company wants to soil the landscape for profit. tesla was able to transfer power in 1900 without using any wire at all please explain to me why we can't do this in 2017.
David Merritt	Nashua, NH	2017-03-10	Its imperative that all options are weighed upon before anyone decides what should happen...wish that where true....god help us
mairin loftus	buchanan, NY	2017-03-10	The saving of our beautiful country is so important. And New Hampshire is one of the most beautiful states.
Jackie Stetser	Hillsboro, NH	2017-03-10	I am an AMC member, and I love hiking in the White Mountains. Keep those towers out of our forests!
Stephanie N. Verdile	Gilmanton, NH	2017-03-10	This would permanently ruin NH landscape
Jen Sielicki	Lebanon, NH	2017-03-10	Renewable sources of energy are the future.
Kelly Wieser	Campton, NH	2017-03-10	I'm signing because my family lost our business four years after Northern Pass was proposed to run through our former real estate development/golf course property. We could not sell a single piece of real estate after the NP proposal was made and thus could not make the mortgage and many other payments. Six months after the foreclosure, NP shifted its proposed path away and underground. I have endured a lot of tragic events in my lifetime but those four years, and the two years since, have been, by far, the most excruciatingly painful. My personal battle with NP is nothing, however, in comparison to the suffering the First Nations people of Canada endure every day as a result of the resources destruction big hydro causes, especially for the Pessamit Innu in the case of NP. This project was proposed in such a faulty and outrageously irresponsible manner from day one and does not deserve to receive approval to be built. New Hampshire clearly deserves better!
Erin Standinger	Portsmouth, NH	2017-03-10	I'm signing this because I care about the wild life, trees, and plants within the surrounding areas. Just because it's open land doesn't mean you have to destroy it with power lines.
Diane Blake	Colebrook, NH	2017-03-10	I don't want these towering towers where I live. Their not healthy. No benefits for NH. If Mass and Conn need it let them bury the line right down the Connecticut river.

Deborah O'Neil	New Durham, NH	2017-03-10	NH needs to retain her beautiful landscape and protect the environment. NH should continue promoting renewable energy and efficiency.
Michael Leccese	Weare, NH	2017-03-10	I back up my fellow citizens of New Hampshire
Janie Mounce	Manchester, NH	2017-03-10	I'm signing because I don't want our Mountains to be destroyed. The forests need to be saved!
Jeremiah Brooks	Lyman, NH	2017-03-10	The North Country does not want this. It only benefits southern New England, and Quebec has refused to pay any construction costs in the US.
Rita Hatch	Haverhill, NH	2017-03-10	Lets keep NH beautiful!!!
Jean Dion	Lancaster, NH	2017-03-10	It's time to stop this massacre of N.H. and preserve what is left of our beautiful state. It provides no benefit to our state and is not necessary. We can find other resources that will not destroy wildlife habitats, waterways, etc. It's time to start thinking about preserving what is left and not the almighty dollar.
Christina Marshall	lee, NH	2017-03-10	I care about protecting new hampshire's scenic beauty.
Marie Metoyer	Manchester, NH	2017-03-10	New Hampshire's beautiful environment should not be spoiled.
Susan Cezanne	Keene, NH	2017-03-10	NH needs to protect is natural resources. Tourism has a major impact on our economy. If our natural resources are damaged and/or destroyed we would stand to loose a good part of our economy.
Tanja Owen	Amherst, NH	2017-03-10	Want to protect NH environment
Faith Howarth	Easton, MD	2017-03-10	We are just visitors on this planet. Being good stewards of our world, our resources for our children and beyond is our responsibility. Big companies often have no soul for such. Protest and sustain protests. Hold them responsible for destroying habitat and preserve the natural environment.
Janet McSweeney	Stratham, NH	2017-03-10	I am signing because I believe we must protect the environment. I believe we must protect our way of living with nature.
David Monteith	Milford, ME	2017-03-10	Keep New Hampshire beautiful.
Bonnie Pence-McCormack	Campton, NH	2017-03-10	I think the whole line should be buried, if it goes through at all.
Alice Wardlaw	Moultonborough, NH	2017-03-10	The NATURAL beauty of NH and the White Mountains is what bring people from all over the world to admire our State. Don't ruin it!!
Pat Denny	Exeter, NH	2017-03-10	It is a beautiful part of nature...people all over come to NH to enjoy this...
Joe Dubey Sr	Littleton, NH	2017-03-10	NH can survive without this and save it, if we need it .
Cheryl Dubinsky	Gloucester, MA	2017-03-10	Because I'm from NH and this would totally ruin the beauty of the NH landscape!
Richard Bracke	Astoria, OR	2017-03-10	Nature must be preserved. We are stewards of nature not destroyer for profit. Stop killing us.
Amanda Gilmore	North Conway, NH	2017-03-10	There is NO reason to destroy our natural forests for the sake of supplying Connecticut and New York with power. That's right- New Hampshire will NOT benefit in any way, shape or form from Northern Pass. STOP NOPA!
Jennifer Saffran	Southborough, MA	2017-03-10	Also of Waterville Valley, NH
Alice McGarry	plymouth, NH	2017-03-11	I lived in NH over 30 years and now live in CO. Protect the natural beauty of NH, it is rare and you can't go back. CO did not do that, these eyesores are everywhere here, so sad. Appreciate what you have and don't be fooled, once gone- it's gone.
