**Re: Granite Reliable Power, LLC
Docket No. 2008-04**

Dear Ms. Murray:

I would like to be added to the Service List for the proceedings in the above-referenced application.

I am an abutter to the proposed windpark (see enclosed letter from Horizons Engineering dated July 10, 2008), and I am making the request to be added to the Service List in my individual capacity.

I am an alternate member of the Planning Board for the Unincorporated Places in Coos County, and I also have acted as legal counsel to the Coos County Commissioners with respect to the taxation of the proposed windpark; however, I am not making this request in those capacities. I would prefer not to file a Motion to Intervene, but merely to be added to the Service List, so that I can be kept directly informed as to the status of the proceedings.

Please include my address on the Service List as follows:

**Jonathan S. Frizzell
P.O. Box 137
Colebrook, NH 03576-0137**

If anything further is needed in order for this request to be processed, please advise. Thank you for your assistance.

Sincerely,
