Re: Coos County Windpark Project, Coos County, NH

Dear Ms. Luhman:

In accordance with Section 106 of the National Historic Preservation Act (16 U.S. C. 470), and with federal Advisory Council on Historic Preservation regulations, *Protection of Historic Properties* (36 CFR Part 800), the New Hampshire Division of Historical Resources/State Historic Preservation Office (NHDHR) has reviewed information related to the undertaking listed above, including Effect Tables for properties eligible for listing in the National Register of Historic Places within the defined viewshed for the Coos County Windpark Project. The NHDHR concurs with the following determinations based on a field visit conducted on February 25, 2009 as well as visual simulations provided by the consultant:

Inventory Number	Address	Effect Finding
COL0026	1594 New Hampshire Route 26, Colebrook	No Adverse Effect
COL0027	1761 New Hampshire Route 26, Colebrook	No Adverse Effect
COL0028	Panorama Golf Course, Colebrook	No Adverse Effect
DIX0002	3 Valley Road, Dixville Notch	No Adverse Effect
DIX0003	2 Valley Road, Dixville Notch	No Adverse Effect
MLS0001	1372 Millsfield Pond Road, Millsfield	No Adverse Effect
MLS0002	87 Pond Outlet Road, Millsfield	No Adverse Effect
ODL0001	Philips Pond Property, Odell	No Adverse Effect

With respect to archaeological resources, NHDHR staff has determined that no additional identification or evaluative studies are necessary. However, if any other historical or archaeological resources are discovered or affected as a result of project planning or implementation, the Division of Historical Resources is to be consulted on the need for appropriate evaluative studies, determinations of National Register eligibility, and mitigative measures (redesign, relocation, resource protection, data recovery, or other appropriate treatments as required by federal law and regulations). This fulfills the duties for "Section 106" historic preservation review with the NHDHR, unless any additional impacts are identified or cultural resource concerns are raised by the public.

Sincerely,

Elizabeth H. Muzzey  
Director/State Historic Preservation Officer
