"It went quick," said club Secretary Carole Lemelin. He added it was an entirely wooden structure so that's why it burned quickly.

He said some of the other members were notified about the fire, but once they got there the building was gone.

"It was on the ground," said Lemelin.

The Milan Fire Department responded and found the building totally engulfed by the fire, according to the press release issued Wednesday morning.

The building was both a function hall and garage for the club.

"We lost a lot of stuff," said Lemelin. He added some of the things lost included two motorcycles, a golf cart, a lawnmower, merchandise and a number of other items.

Lemelin said the function building was about 20 years old and the main clubhouse was built in 1978.

The amount of work will be dependent on the buildings affected by the program and the number of occupancies encountered.

This project is funded through a Neighborhood Stabilization Program (NSP) grant from the Community Development Finance Authority under the provisions, and subject to the requirements, of Title I of the Housing and Community Development Act of 1974, as amended and The Housing and Economic Recovery Act of 2008 (HERA), as amended.
