Re: Docket No. 2009-02

Dear Chairman Burack:

In reference to the document referred to in my testimony that implied 80mw of new or additional biomass energy potential that could be sustained from the exclusive working forest of New Hampshire, I have not yet been able to find or recover from an internet search this circa 2007 document that was referred to.

Respectfully,

A handwritten signature in black ink, appearing to read 'Mel Liston', written over a white background.

Mel Liston, General Manager
