NH Site Evaluation Committee
P.O. Box 95 29 Hazen Drive
Concord, NH 03302-0095

Sirs or Madams:

We are in Total opposition to the Construction & Implementation of the 24 Unit Groton, NH Wind Generator Farm now being proposed.

We are also in Total opposition to the Placement of the Poles & Distribution Wires to be placed on or about our Quincy Road or the Stinson Lake Road (Main Street) here in Rumney.

Kindly Reconsider the Replacement of these Wind Generators to an Area that will not impact Residents with Noise, Views, Health or other Environmental Considerations.

It certainly appears that if this Project is allowed to proceed, there will be Negative Consequences in the near & distant Future.

To proceed as planned, Groton will get all the Tax Breaks, & Rumney, in Perpetuity, will receive all the Negative Views & Eye Sores, forever changing these Mountain Views, and add Unsightly Distribution Power Poles & Wires.

Respectfully,

Richard B. & Mary A. Barnes
