DES Site #201105046, Project #26408

Revised Soil Management Work Plan, prepared by ESS Group, Inc.,
dated June 9, 2011

Dear Mr. Frecker:

The New Hampshire Department of Environmental Services (Department) has reviewed the document entitled "Revised Soil Management Work Plan" for the Berlin BioPower project located off Hutchins Street in Berlin and identified as parcel 129-54.001 (soil management plan). The Department approves the soil management plan with the following comments.

1. PCB analyses of all solid media samples shall be completed using the SOXLET extraction method.
2. The Department requests that you keep us informed of the work schedule so that Department personnel might periodically observe the work and site conditions as staff availability permits. Department staff availability shall not impact or impede the progression of work activities associated with this project.
3. Please note the contact information for me on page 5 of the soil management plan is incorrect. The Department offices are located at:

29 Hazen Drive, P.O. Box 95
Concord, NH 03302-0095

4. Please note that I will not be available from June 24, 2011 through Jul 11, 2011. Please contact one of the following individuals if you require Department comment or guidance during this period.
