Dear Chairman Burack:

I am writing in regards to the Petition for Jurisdiction by the Antrim Board of Selectmen to the State of New Hampshire's Site Evaluation Committee. As a twenty seven year resident of Antrim I have always trusted the town of Antrim's government to make the right decisions for the betterment of the town and the people who reside in it. I have full confidence that the current town Planning Board and Zoning Board have the capability to prepare and present proper ordinances and regulations without the intervention of the SEC. I am requesting that at this time the SEC rule against the petition for Jurisdiction from Antrim Wind Energy LLC, allowing the town of Antrim to maintain control of the decisions set forth by their own Planning and Zoning Boards and in a more timely fashion. Thank you for taking the time to consider my request.

Regards,

Brenda Schaefer
