Enclosure

be requested up to June 4, 2010. If experience is any guide, in this case it would be reasonable to expect intervenors to appear for the next two and half months.

5. Ruling on the Applicant's Motion is premature where none of the other parties are in the case. The Motion should be tabled until such time as the deadline for intervention has passed followed by a reasonable time to respond to the Motion.

6. The Motion should be denied because it seeks prospective relief with respect to documents that have not yet been filed. Each such document must be assessed on its own merits and character before a decision can be made to determine whether it is confidential.

Wherefore, the Attorney General prays that the Committee deny the Applicant's Motion, or, alternatively post-pone consideration of it until the deadline for intervention has passed and intervening parties have an opportunity consistent with the rules to review it and, if desired, object, and grant such other and further relief as may be just.

Respectfully submitted,

MICHAEL A. DELANEY
