To Whom It May Concern:

Pursuant to RSA 541-A:32 we are interested in intervening Docket No.2012-01, application of Antim Wind ,LLC. The western edge of AW,LLC leased property directly abuts our property, with proposed turbines unacceptably close to our home. The AW,LLC project is not a permitted use under current Antrim Zoning regulations, the Rural Conservation District specifically prohibits this type of industrial development.

Our family has lived and paid taxes on this property for 28 years, we plan to retire here. We feel we have a definite legal right to intervene.

Sincerely,

Brenda Schaefer
