RE: Application of Antrim Wind Energy, LLC
Site Evaluation Committee Docket# 2012-001

Dear SEC Chairman:

The New Hampshire Fish and Game Department (NHFGD) have received the completed application and the final draft of the Avian and Bat Protection Plan (dated June 15th, 2012) for the Antrim Wind Energy, LLC project. In accordance with the approved procedural schedule for this project, preliminary reports by State agencies are expected by July 4th, 2012; however, the Department has not completed its review, as of this date.

The Departments' staff will continue to work on reviewing these two documents and will provide comments in the near future. The Department fully understands the importance of the timeframes outlined in the procedural schedule and we do not anticipate that this delayed information will affect the SEC process in any way. If you have any questions or comments, please do not hesitate to contact the Departments' Environmental Review Coordinator, Carol Henderson via email at carol.henderson@wildlife.nh.gov or by phone at 603-271-3511.

Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "G. Normandeau".

Glenn Normandeau
Executive Director
