SEC Docket No. 2012-01

Dear Vice Chairman Ignatius,

The Antrim Board of Selectmen would like to reaffirm its support for this project. We feel that the granting of this application from Antrim Wind Energy, LLC will provide important economic benefits to the Town and the region as a result of the construction and operation of a renewable wind energy facility. We believe that these benefits will be realized through tax revenue and job opportunities for area businesses during the construction of the project.

The Board of Selectmen, based on a number of polls and the defeat of a large scale wind ordinance at two elections, believe that the vast majority of residents in Antrim support the project.

Eric Tenney
Chairman, Antrim Selectmen
