

New Hampshire Site Evaluation Committee,

February 5, 2013

I am in favor of the Antrim Wind LLC. Project in Antrim being approved. I am a former Selectman, a resident of Antrim most of my life, I know nearly all Antrim residents and have over the past 4 years asked each resident of Antrim I was able to speak with, their opinion of this project. An overwhelming majority are in favor of this project.

You don't need another list of all the reasons for or against this project. I would like you to know that the vast majority of Antrim residents support this project. I would like to take this opportunity to thank you for your time spent on this, and I hope to see this project approved.

Thank you,
Gordon Webber
