Dear sirs/madams:

Before you decide on the wind farm projects you need to listen to the people it effects the most. Not the foreign companies looking to make money. Not the out of state consumers looking for cheap electricity. Not the lobbyists in Concord who are being paid to "pump" the project. Listen to the people living in the areas of these projects. We do NOT want these wind mills. Please listen to us.

Sincerely,

Stuart Miesfeldt
