Attorney David Wiesner
Site Evaluation Committee
% Public Utilities Commission
21 S. Fruit St., Suite 10
Concord, NH 03301

Dear Attorney Wiesner,

I would like to make a correction with regards to the letter of the Easton Select Board. They attributed a quote regarding the Legislature giving the SEC the authority to be the statewide planning and zoning board and master planner to Commissioner Scott. It was Commissioner Burack who made the statement, not Commissioner Scott.

I would like this correction to be posted on the Rulemaking website.

Thank you,
Dorothy McPhaul
