Dear Ms. Monroe.

It is fine if Bob Edwards and Donna Hanson come to the visitation . I also wanted to let you know that I have invited Lisa Linowes, Wind Action Group who plans to be here for the visitation. She was the moderator of the stakeholder process that drafted the noise and shadow flicker rules ultimately adopted by the SEC. The rules are based on input from the public including input from at least two wind developers and 4 acousticians with knowledge and experience with turbine noise. She will be here to answer any questions about the protocol and to better understand the process that Mr. Tocci intends to implement.

My driveway can be a bit of a challenge. I will plow again today and suggest that you park in the upper area of the long drive. It is best navigated with all wheel drive or 4 wheel drive. If needed you can park at the end of the long drive and walk in. (Wear boots!!) See you at 1 PM.

Thank You,
