Jeff,
Please see below for confirmation from NHFGD that they've acknowledged the updated bat identification and have no further questions at this time.

Best,
Alex

Hi Sandi,

I'm hoping to confirm that you received my email with the updated identification to *Myotis leibii* for the bat fatality at Turbine 9 at Antrim. Again, my apologies as I should have expected our senior bat biologists might have wanted additional calcar photos given the importance of this feature for *M. leibii* versus *M. lucifugus*.

Please let me know if you need any additional information or have any other comments.

Best,
Alex
