Good evening,

I'm putting in yet another noise complaint. It is 9:45pm and the windmills are EXTREMELY and INCREDIBLY disruptive to my family trying to sleep, especially after outdoor temps were as high as 93 degrees recorded on our thermometer. We need the breeze from our windows. This is horrible! We (my husband who wakes early for work, and my three young children) are trying to sleep. I wish this recurring disturbance on no one's family.

Mrs. Amanda Buco.
