Dear Ms. Morrison-

Thank you for taking the time out of your day yesterday to meet with me, Greg Tocci and Brad Dunkin from Cavanaugh Tocci Associates, and Ethan Mollasalehi, from Antrim Wind Energy. As we discussed yesterday, I have requested that Antrim Wind Energy resume forecasting beginning Monday, July 6. When the forecasted conditions arise, I will let you know a day in advance that testing may occur the following evening. On the morning of the projected day of testing, I will confirm with you that Mr. Tocci and his associates will mobilize and will arrive at your property prior to 6:00 p.m. to set-up the equipment and conduct the monitoring.

If the forecasted conditions arise during the period of 7/6-7/10, Mr. Tocci will provide you with the notification(s), as I will be on vacation.

In the meantime, please send me an e-mail noting any instances when the noise from the wind turbines is bothersome. If you have any questions about this process, do not hesitate to contact me.

Sincerely,

Pam
