

YOUR TRUSTED BREED

making it happen

**Maine Drilling  
& Blasting**

January 6, 2016

Ms. Pam Monroe  
Administrator  
New Hampshire Site Evaluation Committee  
21 South Fruit Street  
Concord, NH

Dear Ms. Monroe:

I am a third generation resident of New Hampshire. I am writing in support of the Antrim Wind Project being proposed. I want to be clear that Wind projects are not run of the mill jobs. They represent an exciting opportunity to learn new skills and be involved with environmentally promising projects. Wind projects involve many trades and require support which sustains businesses in the construction industry as well as the local economy.

As an employee-owner of Maine Drilling & Blasting and a resident of New Hampshire, I support the Antrim Wind Project. As employee-owners, everyone in our company has benefited from the several years of Wind development work throughout the Northeast that has supported our families during this very difficult and down-turned economy. Many of us have retained our jobs purely because of these projects.

Sincerely,

Aaron Flewelling
