Pamela Monroe,

I am writing you to voice my opposition to the proposed commercial wind farm on Tuttle Mountain ridge here in Antrim. I have lived in this town for over 36 years and see no good outcome for the residents here. The site under consideration is probably less than 1 mile from my home. This project is basically the same project that has been voted down twice by the SEC and by the residents of Antrim. Please consider the voices of those who live here and have previously voice their opposition to this project.

Thank you,

William A. Newbold
