Re Antrim Wind Docket 2015-02

I wish to express my strong opposition to the above proposed wind farm in the town of Antrim. My brother and I own a house on Gregg Lake which belonged to my parents. For the last 84 years I have spent part of almost every summer on this lake. My children as well as their children have grown to love every chance to be at "the lake" - four generations (counting my parents) The proposed wind turbines would be visible from our property and in my opinion ugly. Secondly the noise would be constant. Third I am concerned as to the effect it would have on the wild life both on the lake and Willard Pond. I am distressed by the possibility of harm coming to the beauty and tranquility of such lovely lake. Ursula B Périvier
