**To:** Monroe, Pamela  
**Subject:** Antrim Wind Project

Ms. Monroe,

As a young professional and resident of New Hampshire, it is of vital importance to me that the Granite State embraces clean energy. Therefore I wholeheartedly support the Antrim Wind Project, SEC Docket 2015-02, as a way to increase our energy independence, conserve our natural resources, and retain our energy dollars within New Hampshire's borders. This is a well-sited project, supported by the town in which it is located. It will create jobs and help stabilize electricity prices, while also offsetting a huge volume of carbon dioxide pollution that would otherwise taint our air. I don't mind seeing wind turbines, just as I don't mind seeing ski lifts and floodlights that dot the state, especially as these turbines provide so many benefits for the state I know and love. I urge you to support the Antrim Wind Project.

Sincerely,

Robert Kelley  
Town Resident of Hampton, NH
