Good Afternoon,

I am writing to voice support for the Antrim Wind Energy (AWE) project in hopes that it will be approved on Dec 12th.

As a property owner in Antrim, located at 66 Pierce Lake Road, my understanding is some parts of the project may be visible from my home. While I do not necessarily look forward to this, this fact does not dissuade my support of this effort for a multitude of economic and environmental reasons. I believe this is a project that should be approved based on the merits and the extensive review that has occurred.

I hope you will vote in favor of finally moving the AWE project forward on the 12th.

Best Regards,

Sam Young
