Subject: In support of Antrim Wind Project

Dear Pam Monroe,

I am writing in support of the Antrim Wind Project. It is not only a smart move for New Hampshire to consider wind as a renewable resource but this project would also bring new jobs to the area and preserve hundreds of acres of conservation land nearby. I hike, walk and ski conservation land all over the state and it's an important part of our recreational options and adds to the quality of life here in the Granite State.

Thank you,
Allison
