**Subject:** Antrim Wind Project

Hi Pam,

My name is Apryl Perry and I am a resident of Antrim. I just wanted to send a quick and brief mail, as I am sure you have many to read, just to let you know that I fully support this project. It has been a long process and I am excited for it to be able to move forward.

Currently I hold a Bachelor of Science Degree in Environmental Science and work in a Biogeochemistry Trace Gas Lab at UNH in Durham, NH. I fully understand our need to diversify our energy sources. Not just strictly for the environment, but also for our own energy independence as a nation. The benefits this project would provide to my town are an added bonus.

I am sure this has been a long and trying process for all involved. Thank you for taking the time to read this!

Regards

Apryl Perry
