We would like to register our objection to the approval of wind towers in Antrim, NH. One of the reasons my husband and I moved to southern New Hampshire was the quintessential New England essence of the area. The rural, unspoiled charm of this community appealed to us and we both strongly object to wind towers scarring the woodland landscape. We are both hikers and kayakers and have been enjoying Wilton Pond and its surrounding areas. To have wind towers and access roads spoiling the natural beauty of our area is unacceptable. We believe that wind towers would be out of place in Antrim and in addition, would be disrupting to wildlife.
