Hi Pam,

I writing in support for the Antrim Wind project.

I teach in the same school that Karen Brand is the school nurse.

She has asked me to email you in support of this project.

I teach 8th grade science and we always have a strong focus on alternative energy.

This would be a great move for the state of NH to help lead the way in wind power.

It would help with jobs and then provide wonderful clean energy.

Good Luck as you move forward with this.

Best,

Al Magnusson
