Dear Ms. Monroe:

I am a homeowner on Franklin Pierce Lake in Antrim, and I am writing to give my strong endorsement to the Antrim Wind Energy Project. Alternative sources of energy are essential for the health of our planet, and I am persuaded by the Town of Antrim's *Post Hearing Memorandum in Support of Issuance of a Certificate Subject to Conditions* that this Wind Energy Project will also be good for the town of Antrim. I hope it will be approved.

Sincerely,
Leslie Zebrowitz
