RE: Eversource Energy No. 2015-05

Dear Mr. Iacopino:

I'm writing in response to your request of August 11, 2015 concerning the Department of Transportation's review of Eversource Energy's application (No. 2015-05).

First I would like you to know that we could find no indication from our staff that we ever received a hardcopy of the application from Eversource. Being a large organization we checked with various sections and no one could find, or had knowledge of, ever receiving the application. We have had conversations in the past with Eversource's consultant concerning our requirements for permitting

We did however review the application on-line through the SEC website. We found the information in the application to be sufficient for us to review for our permitting needs.

Sincerely,

William Cass, PE
Assistant Commissioner
