

Dear Ms Monroe,

My petition to intervene in the SEC Docket No. 2015-06, dated 2/4/16, mentioned a pending real estate transaction. The closing took place on 2/18/16, and I now own the parcel of land upon which the Applicant proposes to construct towers numbered DC-685 and DC-686.

The Order on Petitions to Intervene issued on 3/18/16 placed me in group 2 b., Non-Abutting Property Owners, Clarksville-Bethlehem. For the sake of clarity, I believe that it is appropriate to move me to group 2 a. ii., in the Abutting Property Owners Clarksville-Dalton (now Bethlehem) (overhead portion of the project).

My primary reason for requesting this change is that owners of property crossed by the right of way have a unique common interest.

Thank you,

David Van Houten.
