

Before the New Hampshire Site Evaluation Committee

Docket No. 2015-06

Joint Application of Northern Pass Transmission LLC (“NPT”) and Public Service Company of New Hampshire d/b/a Eversource Energy (“Eversource”) for a Certificate of Site and Facility for the Construction of a New 1,090 MW Electric Transmission Line

Motion to Intervene

I, Bruce D. Ahern, 503 Daniel Webster Highway Plymouth, NH respectfully request to intervene in the captioned docket.

Memorandum in Support of Motion

I own a property in fee located along Route 3, Plymouth, Grafton County, New Hampshire. A right of way easement was acquired from my predecessors in title on the property for the purpose of a roadway.

NPT and PSNH do not have a right to a Certificate of Site and Facility in, under or about the road way easement described above because the easement did not grant such rights to PSNH or NPT to be used for private electric transmission infrastructure. Such rights are mine.

I, therefore, request that I be granted the right to intervene in this docket.

Respectfully submitted,

Bruce D. Ahern  
503 Daniel Webster Highway  
Plymouth, NH 03264  
(603) 536-1657
