

To the Parties that It May Concern:

We, Jon and Lori Levesque, are writing this letter to participate in a motion to intervene in the application of Northern Pass Transmission, LLC and Public Service Company of New Hampshire d/b/a/ Eversource Energy for a Certificate of Site and Facility.

Our interest in this motion is our ownership of property located at 1459 Bear Rock Rd in Stewartstown, NH. We own 25 acres with 2,270 feet of road frontage and 3 acres across the street with 400 feet of road frontage. The proposed route shows the burial of lines on our land very close to the house, and possibly using residential power line pathways currently on our property. We have several concerns including but not limited to: the potential impact of the value of our property, unknown health risks, and disturbance during the construction and maintenance phases.

Thank you for your consideration. We look forward to hearing from you.

Sincerely,

Jon and Lori Levesque
