As a homeowner in Pittsburg-NH, I am very concerned
over this Northern Pass Project.

It seems the SEC feels that it can act as a statewide
planning and zoning board, ignoring the rules
and master plans of the towns affected.

This is not acceptable. The towns must have the
power to protect themselves from energy companies -
(esp. foreign ones) Our towns must have the power
to preserve the lands, property rights and future
from the projects that are for profit and not needed
We should have local control and not be overruled
by projects seeking private profits. And this
Northern Pass - is nothing but greed - it's time to

listen to the people
it's time to tell Northern Pass to
(Pack UP and go Home!)

Sincerely

Holly Gray
