**RE: Replacement Transcript - SEC 2015-08 TGP (dated 01-05-16)**

**Ms. Monroe:**

It has come to my attention that the Transcript of the meeting of the SEC Subcommittee in SEC 2015-08 held on January 5, 2016 had incorrect appearances noted on the first page (cover page) of the transcript. Also, there was an omission of a footer also on the transcript as filed. Therefore, after consultation with you, I am resubmitting the transcript of the January 5, 2016 meeting with the correct appearances and addition of the footer. Please note that there are no other changes, substantive or otherwise, to this replacement transcript other than as noted above, that being the appearances listed at the bottom of the first page (cover page), and the addition of the footer, which usually appears at the bottom of each page of the transcript.

I apologize for any inconvenience that this may have caused. Thank you.

Sincerely,

Steven E. Patnaude, LCR
