

**STATE OF NEW HAMPSHIRE SITE EVALUATION COMMITTEE**

**Docket No. 2022-01**

**Petition for Declaratory Ruling  
Regarding Avangrid Renewables, LLC and Lempster Wind, LLC**

**NOTICE OF PUBLIC MEETING TO BE HELD ON Thursday, January 12<sup>th</sup> at  
2:30 PM**

On February 16, 2022, the Town of Lempster (“Town”) filed a petition for a declaratory ruling regarding the applicability of the Certificate of Site and Facility (“2007 Certificate”) issued to the Lempster Wind, LLC facility. The Site Evaluation Committee Chair convened a three-member subcommittee to consider the petition. The subcommittee consists of Public Utilities Commission Commissioner Carleton B. Simpson as Presiding Officer, Public Member Lisa Noe, and Department of Transportation designee Michael Servetas.

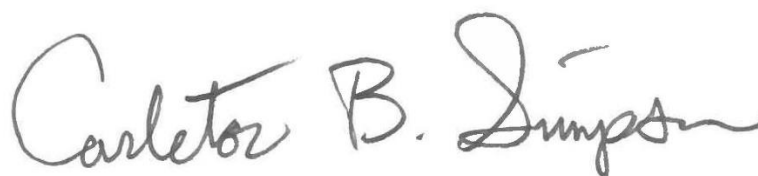

On October 11, 2022, the subcommittee met to consider the petition and issue a declaratory ruling as to “whether the 2007 Certificate requires the installation of locked gates at their current locations on Bean Mountain Road.” During this public meeting, the subcommittee determined the 2007 Certificate does not require the installation of locked gates at their current locations on Bean Mountain Road, but the gates as currently installed are consistent with the 2007 Certificate. A written order capturing this ruling issued on December 1, 2022.

On December 28, 2022, the Town filed a “Motion for Rehearing and/or Clarification.” The intervenors in this proceeding filed an objection on January 3, 2023. As a result, the Subcommittee will meet to consider and act on the motion.

Accordingly, PLEASE TAKE NOTICE that the Site Evaluation Subcommittee appointed for SEC Docket No. 2022-01 pertaining to the Petition for Declaratory Ruling Regarding Avangrid Renewables, LLC and Lempster Wind, LLC (Petition) will hold a public meeting on **Thursday January 12, 2023**, beginning at **2:30 PM** to consider the Motion for Rehearing and/or Clarification. The meeting will be held in-person at the **21 Fruit Street, Suite 10, Concord, NH in Hearing Room A.**
