

**STATE OF NEW HAMPSHIRE
SITE EVALUATION COMMITTEE**

Docket No. 2022-01

TOWN OF LEMPSTER

Petition for Declaratory Ruling

March 31, 2022

ORDER ON PETITIONS TO INTERVENE

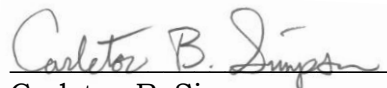

This order grants two pending petitions for intervention filed in this proceeding on March 8, 2022, and March 14, 2022.

Petitions to Intervene

Pursuant to the Order Appointing a Subcommittee in this docket, petitions to intervene in this matter were due no later than March 14, 2022. Petitions to intervene were filed by: (1) Avangrid Renewables, LLC and Lempster Wind, LLC on March 8, 2022; and (2) Kevin and Debra Onnela on March 14, 2022. The Town of Lempster, the petitioner in this matter, assented to each petition. No objections were filed and the ten-day objection deadline for both petitions has passed. For the following reasons, both petitions are granted.

Under Site 202.11(b), the presiding officer may grant an undisputed motion to intervene, provided that the petition satisfies the requirements of Site 202.11(b)(1)–(3). For substantially the reasons provided by the petitioners in their respective motions, I find that the requirements of Site 202.11(b)(1)–(3) are satisfied. The motions to intervene are, therefore, **GRANTED**.

So ordered, this thirty-first day of March, 2022.

Carleton B. Simpson
Presiding Officer
Commissioner, Public Utilities Commission
