

## **ALTERATION OF TERRAIN PROGRAM DECISION**

### **RECOMMEND APPROVAL:**

Recommend to the New Hampshire Energy Facility Site Evaluation Committee (hereinafter "SEC") pursuant to RSA 162-H, approval of the proposal to disturb approximately 296,200 square feet of land to construct a new natural gas compressor station.

### **PROJECT SPECIFIC CONDITIONS:**

1. Water quality degradation shall not occur as a result of the project.
2. Revised plans shall be submitted for an amendment approval prior to any changes in construction details or sequences. The Department must be notified in writing within ten days of a change in ownership.
3. The Department must be notified in writing prior to the start of construction and upon the completion of construction.
4. The revised plans received June 24, 2008 and supporting documentation in the file are a part of this approval.
5. This approval expires on \*\*\***DATE**\*\*\*. No construction activities shall occur on the project after expiration of the approval unless the approval has been extended by the Department.
6. This approval does not relieve the applicant from the obligation to obtain other local, state or federal permits that may be required (e.g. from US EPA, US Army Corps of Engineers, etc.) Projects disturbing over 1 acre require a federal stormwater permit from EPA. Information regarding this permitting process can be obtained through the following e-mail address:  
[www.des.state.nh.us/StormWater/construction.htm](http://www.des.state.nh.us/StormWater/construction.htm).
7. The smallest practical area shall be disturbed during construction, but in no case shall exceed 5 acres at any one time before disturbed areas are stabilized.
