Re: *Site Evaluation Committee Docket No. 2008-04, Application of Granite Reliable Power, LLC for a Certificate of Site and Facility to Construct and Operate the Granite Reliable Power Windpark – Publication of Display Advertisements regarding Public Hearing*

Dear Chairman Getz:

In response to a request from Counsel to the Sub-Committee, the Applicant in the above-captioned matter published display advertisements in three local papers for Coos County with regard to the public hearing in Groveton on October 2, 2008. Those display ads were published as follows: the Coos County Democrat on September 17, 2008; the Berlin Daily Sun on September 18, 2008; and the Colebrook Chronicle on September 19, 2008. Copies of the display ads are enclosed.

As detailed in prior correspondence to the Sub-Committee, the Applicant also published and posted the Order and Notice of Public Information Hearing, Site Inspection Visit and Pre-Hearing Conference issued by the Sub-Committee Chairman on August 27, 2008.

Sincerely,

Douglas L. Patch

GRANITE RELIABLE POWER WINDPARK
PUBLIC INFORMATION HEARING
GROVETON HIGH SCHOOL
OCTOBER 2, 2008 AT 7:00 PM

The New Hampshire Site Evaluation Committee and the U.S. Army Corps of Engineers will jointly conduct a public information hearing regarding the 99 MW renewable energy facility proposed to be located in the Town of Dummer and in the unincorporated places known as Dixville, Erving's Location, Millsfield and Odell. Granite Reliable Power, LLC seeks authority to construct thirty-three wind turbines and associated transmission lines and other facilities, which for the most part would be located on two private tracts of land identified as the Phillips Brook Tract and the Bayroot Parcel and include portions of Dixville Peak, Mt. Kelsey and Owl-head Mountain.

The purpose of the public hearing is to provide information to the public about the proposed facility and to permit the public to ask Granite Reliable Power questions about the proposed wind park. The Site Evaluation Committee and the Corps of Engineers will also receive public comment about the proposed facility.

Further information about the proposed facility can be found at www.nhsec.state.nh.us under Current Projects.
