24 Hazen Drive
Concord, NH 03302.0095

Dear Sir:

My name is Robert A Leclerc. I am President and CEO of Milan Excavating Inc. established in 1974, doing business in this community for 35 years. I am quite familiar with the area of the proposed Noble Wind Turbine Project having logged there in the early 70's. We went over the height of land towards the Nash Pond area. This area is quite steep and very remote, and I believe extremely suitable for the proposed Wind Harvest Project. Converting Wind to Energy is a no lose situation. We are totally in favor of this endeavor and plan to support it whole heartedly.

Sincerely,

Robert A Leclerc
Pres. Milan Excavating Inc
