*Dear Sir:*

*Please allow us to introduce ourselves. We are Art & Rose Leclerc. We live at the mouth of Phillips Brook Valley. We are writing this letter to you express our feelings about the proposed Wind Power Project designated for our backyard. We are totally and excitedly in favor of this endeavor. We have met and spoke with several officials of the Noble Co. and we where totally impressed by the cordial and professional manner in which they presented themselves. Given today's environment we feel anything that reduce our dependence on foreign oil or energy is a total gain to all.*

*Sincerely,*

*Arthur Leclerc
