Concord, New Hampshire 03301

Re: Application of Granite Reliable Power, LLC  
Docket No. 2008-04

Dear Chairman Burack:

Granite Reliable Power, LLC, New Hampshire Fish and Game Department and the Appalachian Mountain Club reached an agreement in principle yesterday on the elements of an acceptable high elevation mitigation plan. Public Counsel has also agreed not to contest the adequacy of the mitigation plan. The parties anticipate that the final terms will be worked out without delay.

In connection with this, Granite Reliable Power, LLC ("GRP") has agreed to an extension of the time for the filing of the parties' objections to GRP's two pending motions relative to RSA 212-A, until the details of the mitigation plan are finalized and the two pending motions are withdrawn.

Thank you for your attention to this matter.

Very truly yours,

Evan J. Mulholland,  
Counsel for N.H. Fish & Game Department  
Assistant Attorney General  
Environmental Protection Bureau  
(603) 271-3679
