**Re: Clean Power Development Project**

Dear Mr. Laflamme:

Please be advised that this office represents the New Hampshire Site Evaluation Committee with regard to the recent petition filed by you. I am returning to you a photocopy of that petition. RSA 162-H requires that a petition be signed by 100 or more registered voters. The Site Evaluation Committee has no basis upon which to determine whether the signatories on your petition are, in fact, registered voters. Therefore, you should take this petition to your town clerk and obtain a certification from the town clerk that each of the signatories, or at least 100 of them, are indeed registered voters in the Town of Berlin. Once you have done that, please forward the original certification to the Site Evaluation Committee at the following address: New Hampshire Department of Environmental Services, 29 Hazen Drive, PO Box 95, Concord, New Hampshire 03302-0095.

A copy of this has also been provided to Clean Power Development, Inc. Should you have any questions regarding this process, please feel free to contact me.

Very truly yours,

Michael J. Iacopino

MJI/tm

Enclosure.
