Subject: Intervenor Status Solicitation re: Groton Wind Project

Dear Commissioner Burack, Pursuant to New Hampshire Site Evaluation Committee Rules Site 202.11 I hereby request permission to intervene pro se in the application pending for Groton Wind Project. Reasons for my request include substantial interest demonstrability which will be affected by proceeding outcome, inadequacy to protect such interest by other parties, no alternative means available to protect such interests, desire that the interest of justice be served and hope that no impairment of orderly and prompt proceedings conduct be misconstrued by such intervention. Hopefully this request to intervene with full standing to participate in all phases and activities of the Groton Wind Project Proposal proceeding will be afforded to all members of our Rumney household, including Sarah M. Mazur, Christine G. DeClercq-Mazur, Theodore G. Mazur and Lawrence A. Mazur, as well as any council engaged to participate on behalf of our intervenor status. Prepared to work diligently, responsibly and respectfully in the interest of justice, I remain cordially, Lawrence A. Mazur, MD
