Subject: Intervenor Status Solicitation re: Groton Wind Project

Thomas S. Burack, Chairman
Department of Environmental Services
29 Hazen Dr.
P.O. Box 95
Concord, NH 03302-0095

Dear Commissioner Burack:

I would like to apply for intervenor status with regard to the proposed Groton Wind Farm. I am a concerned citizen of Rumney who lives on Rte. 25 less than a mile from the 5 turbines proposed for Fletcher Mountain. The proximity of these towers greatly threatens my health and even my life.

Yours truly,

Kathleen Park
