Subject: windfarm proposal in Groton,NH

To Whom It May Concern,
My husband and I recently moved to Rumney, NH. We were informed about the wind farm proposal. I moved here in March of this year, and instantly fell in love with NH. Please consider the following attachment and tell me where in my poem can I include 24, 256ft towers of blades? Please consider the impact of changing the mountain views of this beautiful lakes region!

Sincerely,
David and Paula Turner
Rumney, NH
