RE: Groton Wind LLC (SEC #2010-01)

Dear Mr. Iacopino:

The Department is unable to complete its final report for this project because Departmental staff have not had a chance to review the Spring and Summer 2010 Acoustic Bat Survey, which was posted on the SEC site on October 12, 2010. Due to a misunderstanding, staff members from the Wildlife Division did not receive a copy of the final report for their review until today, October 25th, 2010. This review should be part of this project's record considering the Department's input was requested by the applicant at the beginning of the project. The Department intends to review the report as soon as possible prior to the SEC hearing.

If you have any questions or concerns about this information, please do not hesitate to contact Carol Henderson at 271-3511 or by email at: carol.henderson@wildlife.nh.gov. Thank you.

Sincerely,

A handwritten signature in black ink, appearing to read "Glenn Normandeau". The signature is fluid and cursive, with a long horizontal stroke at the end.

Glenn Normandeau
Executive Director
