Thomas Burack, Chairman  
Site Evaluation Committee  
29 Hazen Drive  
Box 95  
Concord, NH 03302-0095

Dear Chairman Burack:

As Rumney residents since 1978 we are writing to you to state our **disapproval** of the erection of the 24 wind turbines by Iberdrola.

1. More research needs to be done to convince us that wind energy in New England is efficient.
2. We are strongly against any electric rate increase to assist in the finance of this project.
3. We highly disagree that our federal stimulus money be given to Spain for a project that has not been proven effective. If Iberdrola believes this project to be profitable, then they should not need "our" tax dollars.
4. As lovers of all wildlife we, too, want to share our concerns for the eagles, hawks, bats, etc.
5. The view from our property, as seen in the attached photos, **will display all 24 turbines**. Without a doubt the turbines will decrease the value of our property.

We are not against "going green", but this project by Spain is not the best way to go.

We would like to thank you for your time and hope you can understand our concerns.

Sincerely,

A handwritten signature in cursive script that reads "Tom + Rita".

Thomas and Rita Wilkin  
168 Chaisson Road  
Rumney, NH 03266
