Legend

Legend table with columns for 'Exist.' and 'Prop.' showing various symbols and their corresponding descriptions for property lines, easements, curbs, and utilities.

Abbreviations

Abbreviations table with columns for 'General' and 'Utility' listing codes and their meanings for materials like concrete, asphalt, and various pipe types.

Notes:

- Notes section containing 14 numbered items detailing construction requirements, utility handling, and site preparation instructions.

Layout and Materials (cont.)

- Notes 5-7 detailing site grading requirements, traffic signage, and restoration of disturbed areas.

Demolition

- Notes 8-10 detailing demolition procedures, including removal of existing structures and utilities.

Existing Conditions Information

- Notes 11-12 providing information on base plan surveys and topographic data.

Wetland Mapping Notes

- Notes 13-15 detailing wetland delineation methods, soil conditions, and classification codes.

Wetland Classification Codes

Table of Wetland Classification Codes with columns for CODE and CODE DESCRIPTION, listing various wetland types like PALUSTRINE and RIVERINE.

State Approvals

- Notes 16-18 detailing state approvals from the New Hampshire Site Evaluation Committee and Wetlands Bureau.

Site Work Specifications

- Note 19 detailing site work specifications for the Groton Wind Farm project.

- Notes regarding crane pad construction, including requirements for existing trees, road sections, and wetlands within limited disturbance areas.

Crane Pad - Typical Section RD-01

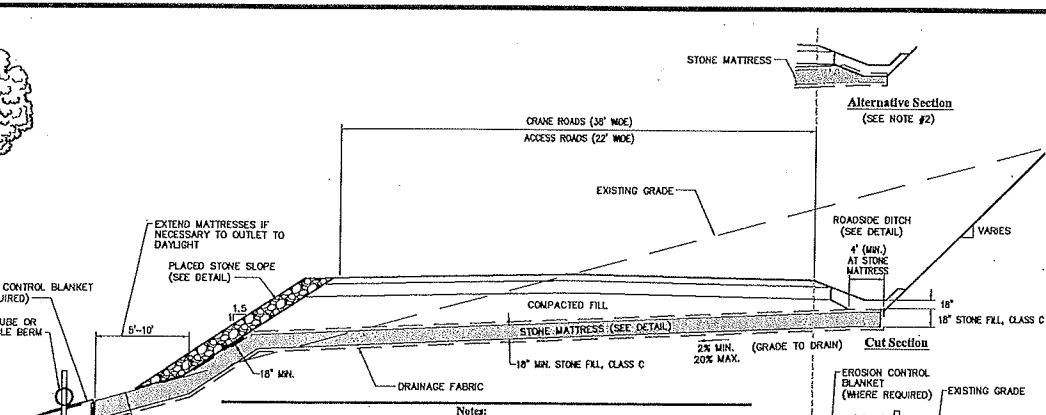

- Notes for placed stone slope cut section, covering foundation requirements, loam placement, seed mix, and loam omission.

Placed Stone Slope - Cut Section RD-04

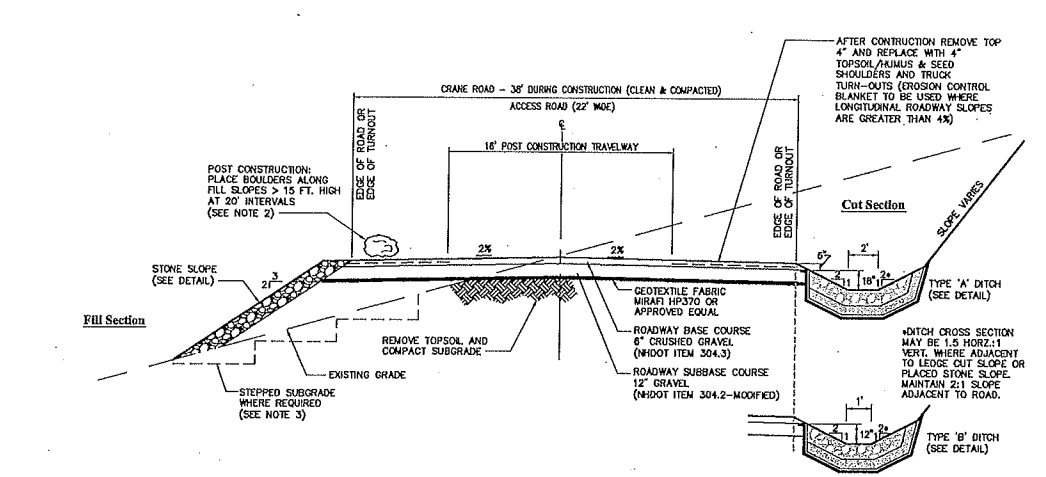

- Notes for placed stone slope fill section, detailing foundation, loam placement, seed mix, and loam omission.

Placed Stone Slope - Fill Section RD-07

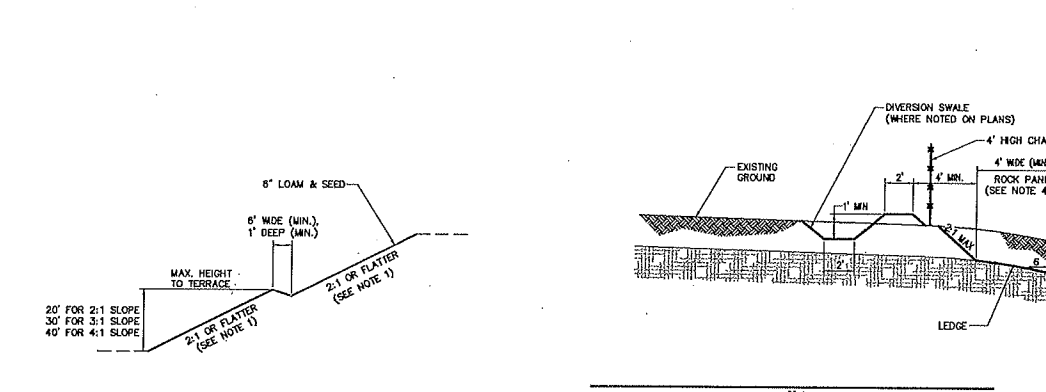

- Notes for typical road section with stone mattress, including mattress placement, bedrock considerations, ditch requirements, and culvert alternatives.

Typical Road Section - w/Stone Mattress RD-02

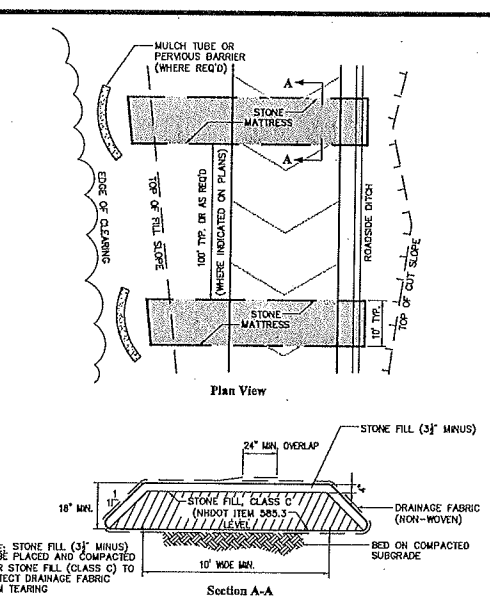

- Notes for typical road section, covering road base/subgrade thickness, boulder placement, and subgrade requirements.

Typical Road Section RD-05

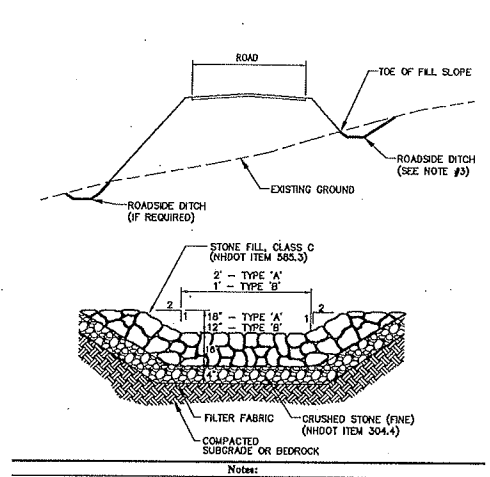

- Notes for vegetated slopes, detailing slope steepness, erosion control blanket requirements, bench grading, and flatter slope alternatives.

Vegetated Slopes (2:1 or Flatter) RD-08

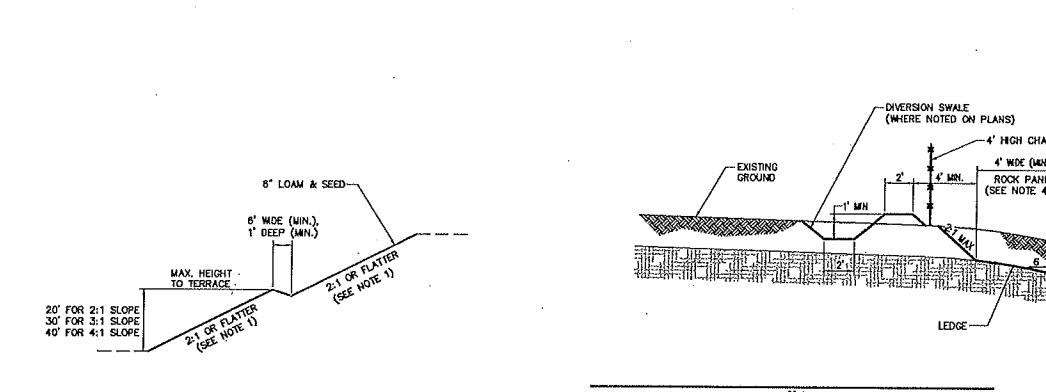

Stone Mattress Detail RD-03

- Notes for roadside ditch, covering ditch types and stone fill specifications.

Roadside Ditch RD-06

- Notes for ledge cut section, detailing loose material removal, rock panel requirements, and chain link fence placement.

Ledge Cut Section RD-09
